Duhem, 1903 **Uneasy Genius: The Life And Work Of Pierre Duhem** St.L. Jaki, 2012-12-06 A hundred years have now gone by since in the midsummer of 1882 Pierre Duhem a graduate of College Stanislas completed with brilliant success his entrance exams to the Ecole Normale Supérieure and embarked on his career as a theoretical physicist His father a textile salesman hoped that Hierre would pursue a career in business one of the few professional fields where perhaps he would not have succeeded Not that young Duhem lacked sense for the practical He could have easily made a name for himself as an artist had he developed professionally his skill to draw portraits and landscapes His ability to make a point and his readiness to join in a debate could have earned him fame as a lawyer A potential actor was in sight when he entertained friends with mimicry That as a student of physics he entered and stayed first in his class at the Ecole Normale did not thwart his talents for the life sciences No less a biologist than Pasteur tried to obtain Duhem for assistant His command of Greek and Latin would have secured him a career as a classicist He was a Frenchman not to be met too often whose rightful ad miration for and mastery of his native tongue did not prove a barrier to the major modern languages As one who taught himself the complex art of medieval paleo graphy he could easily have mastered the many auxiliary sciences needed by a consummate historian **International Catalogue of Scientific Literature, 1901-1914** ,1906 **International Catalogue of**
