Moulton, 2004-01-01 This landmark volume contains the most complete listing and presentation of the plant specimens collected by the Lewis and Clark expedition All but one of the plants were collected by Meriwether Lewis the expedition s botanist The collection how ever was nearly lost over the years when it was scattered among various botanists who intended to catalog the expedition s scientific discoveries Fortunately for many years the specimens have been in the care of major institutions principally the Academy of Natural Sciences in Philadelphia The 239 extant items are brought together in one book for the first time This indispensable volume will assist researchers and enthusiasts hoping to identify each plant s date and place of collection and other information such as plant habitat and ethnobotanical use [California's Frontier Naturalists](#) Richard G Beidleman, 2006-03-02 This book chronicles the fascinating story of the enthusiastic stalwart and talented naturalists who were drawn to California s spectacular natural bounty over the

decades from 1786 when the La P rouse Expedition arrived at Monterey to the Death Valley expedition in 1890 91 the proclaimed end of the American frontier Richard G Beidleman s engaging and marvelously detailed narrative describes these botanists zoologists geologists paleontologists astronomers and ethnologists as they camped under stars and faced blizzards made discoveries and amassed collections kept journals and lost valuables sketched flowers and landscapes recorded comets and native languages He weaves together the stories of their lives their demanding fieldwork their contributions to science and their exciting adventures against the backdrop of California and world history California s Frontier Naturalists covers all the major expeditions to California as well as individual and institutional explorations introducing naturalists who accompanied boundary surveys joined federal railroad parties traveled with river topographical expeditions accompanied troops involved with the Mexican War and made up California s own geological survey Among these early naturalists are famous names David Douglas Thomas Nuttall John Charles Fremont William Brewer as well as those who are less well known including Paolo Botta Richard Hinds and Sara Lemmon

Early American Naturalists John Moring,2005-03-25 Beginning with the trailblazing expedition of Lewis and Clark Early American Naturalists tells the stories of men and women of the 1800s who crossed the Mississippi River and encountered the new life of the western New World Explorers profiled include John James Audubon Martha Maxwell and John Muir

A Naturalist in Indian Territory S. W. Woodhouse,1996-03-01 In the spring of 1849 young Philadelphia physician S W Woodhouse an avid ornithologist was appointed surgeon naturalist of two expeditions one in 1849 and another in 1850 to survey the Creek Cherokee boundary in Indian Territory A keen observer of frontier life and society Woodhouse wrote down in three journals detailed entries on his travels including information on the flora and fauna as well as his impressions of the places he passed and their people notably early Indian Territory personalities such as the McIntoshes and the Perrymans of the Creek Indians Elijah Hicks of the Cherokees Tallee and Clermont III of the Osages and Oh ha wah kee of the Comanches To aid the modern reader editors John S Tomer and Michael J Brodhead have supplied a detailed introduction and extensive clarifying notes

Uncovering the Truth About Meriwether Lewis Thomas C. Danisi,2012-02-07 The critically acclaimed biography Meriwether Lewis coauthored by Thomas C Danisi was praised for its meticulous research and for shedding new light on the adventurous life and controversial death of the great explorer who became famous through the Lewis and Clark Expedition Now the author with some help from contributors extends his groundbreaking studies of Meriwether Lewis with this compilation of historical essays that offers new findings based on recently discovered documents tackling such intriguing subjects as The court martial of Meriwether Lewis Danisi s discovery of the astonishing never before published transcript of the entire court martial proceedings affords him the distinction of being the first historian to mine the document for the many insights it offers into the then untested twenty one year old officer who eloquently defended himself and won his case Documentation straight from the medical ledgers of Dr Antoine Saugrain the physician who treated Governor Lewis which helps to confirm that Lewis suffered from

malaria prior to his celebrated trek to the Pacific Ocean with the Corps of Discovery and continuing through his service as governor of the Louisiana Territory. Was Lewis's death as reported the result of suicide or was he merely a victim of this episodic and incurable disease? Documentation that proves the true nature of the much discussed Gilbert Russell State ment given at the court martial of General James Wilkinson. Some historians have argued that Wilkinson orchestrated Lewis's murder but Danisi's research sets the record straight. The role of Major James Neelly in Lewis's last days. This subject has gained much prominence through the History Channel according to which Neelly supposedly lied to President Thomas Jefferson about his presence at Meriwether Lewis's burial but Danisi has evidence to the contrary. The author presents an abundance of additional material to fill in previous historical gaps regarding the mysteries and controversies surrounding Lewis's life and death. In doing so he paints a vivid picture of the brilliant rise of an ambitious young man by virtue of courage, talent and political connections and the tragic fall of a conscientious public servant under the weight of chronic illness, bureaucratic pettiness and the political intrigue that was rampant throughout America's Wild West. This superb contribution to Meriwether Lewis research is a must read for students and scholars of American history and anyone with an interest in one of our nation's most important explorers and public servants. *Going to the Sources* Anthony Brundage, 2017-06-26 It's been almost 30 years since the first edition of *Going to the Sources: A Guide to Historical Research and Writing* was first published. Newly revised and updated, the sixth edition of this bestselling guide helps students at all levels meet the challenge of writing their first or their first real research paper. Presenting various schools of thought, this useful tool explores the dynamic nature and professional history of research papers and shows readers how to identify, find and evaluate both primary and secondary sources for their own writing assignments. This new edition addresses the shifting nature of historical study over the last twenty years. *Going to the Sources: A Guide to Historical Research and Writing* includes a new section analyzing attempts by authors of historical works to identify and cultivate the appropriate public for their writings from scholars appealing to a small circle of fellow specialists to popular authors seeking mass readership. A handy style guide for creating footnotes, endnotes, bibliographical entries as well as a list of commonly used abbreviations. Advanced Placement high school and undergraduate college students taking history courses at every level will benefit from the engaging, thoughtful and down to earth advice within this hands-on guide. *Travels, Explorations and Empires, 1770-1835, Part I Vol 1* Tim Fulford, Peter J Kitson, Tim Youngs, 2021-12-16 A collection of work that attempts to reflect the diversity of travel literature from the late 18th and early 19th centuries. This literature often reveals something of the cultural and gender difference of the travellers as well as ideas on colonialism, anthropology and slavery. **Landscapes and Communities on the Pacific Rim: From Asia to the Pacific Northwest** Karen K. Gaul, Jackie Hiltz, 2016-07-08 These essays offer a cross cultural and cross disciplinary study of the ways in which communities of people understand and inhabit their environments. They examine and compare human environmental interactions in communities across the Pacific Northwest, the Pacific Rim and Asia. *An Introduction to the*

U.S. Congress Charles Bancroft Cushman, 2006 What does Congress do How does it do it Why is it such a complicated institution This concise primer offers students and general readers a brief and systematic introduction to Congress and the role it plays in the US political system Drawing on his experience as a former Congressional staff member the author explores the different political natures of the House and Senate examines Congress's interaction with other branches of the Federal government and looks ahead to the domestic and foreign challenges that are likely to drive the Congressional agenda for decades to come The book provides revealing insights into the sometimes contradictory Congressional responsibilities of representation and lawmaking oversight and appropriation and managing and organizing the government It includes a case study on the formation of the Department of Homeland Security that sheds light on Congress's often complicated procedures The book also includes boxed features on Congressional action highlighting such topics as file sharing and student loans that show students how Congress's work affects their lives Chapter ending lists of web resources add to the book's usefulness

Undaunted Courage Stephen E. Ambrose, 2013-04-23 From the New York Times bestselling author of *Band of Brothers* and *D Day* the definitive book on Lewis and Clark's exploration of the Louisiana Purchase the most momentous expedition in American history and one of the great adventure stories of all time In 1803 President Thomas Jefferson selected his personal secretary Captain Meriwether Lewis to lead a voyage up the Missouri River to the Rockies over the mountains down the Columbia River to the Pacific Ocean and back Lewis and his partner Captain William Clark made the first map of the trans Mississippi West provided invaluable scientific data on the flora and fauna of the Louisiana Purchase territory and established the American claim to Oregon Washington and Idaho Ambrose has pieced together previously unknown information about weather terrain and medical knowledge at the time to provide a vivid backdrop for the expedition Lewis is supported by a rich variety of colorful characters first of all Jefferson himself whose interest in exploring and acquiring the American West went back thirty years Next comes Clark a rugged frontiersman whose love for Lewis matched Jefferson's There are numerous Indian chiefs and Sacagawea the Indian girl who accompanied the expedition along with the French Indian hunter Drouillard the great naturalists of Philadelphia the French and Spanish fur traders of St Louis John Quincy Adams and many more leading political scientific and military figures of the turn of the century High adventure high politics suspense drama and diplomacy combine with high romance and personal tragedy to make this outstanding work of scholarship as readable as a novel
