L'habitat Urbain Contemporain Dans Les C:

Le roman urbain contemporain en France Christina Horvath, 2007 *La Banque mondiale et les villes* Annick Osmont, 1995-01-01 **Maisons paysannes en France et leur environnement, XVe-XXe siècles** Jean-René Trochet, 2007 Les maisons paysannes sur l'ensemble du territoire français sont encore nombreuses et habitées. Elles font l'objet d'une étude globale dans ce livre. Trois points de vue caractérisent l'approche de Jean-René Trochet : Une perspective spatiale Dans un grand nombre de régions l'ouvrage fait découvrir ces maisons paysannes dans leur environnement. L'analyse de leur insertion au sein des systèmes agraires qui coexistaient dans l'espace français entre la fin du Moyen Âge et les débuts de la période contemporaine. XIXe-XXe siècles inscrit cette géographie dans une histoire de longue durée. Une perspective historique Par l'étude de cas circonstanciés de maisons paysannes de leur mode de groupement et de leur environnement liés aux modes d'exploitation des sols l'auteur montre comment certains types remontent une période antérieure au XIXe siècle parfois jusqu'au XVe siècle. Une perspective ethnologique L'ouvrage s'intéresse autant aux différentes composantes structurantes qui identifient la maison paysanne qu'à leur fonction : habitation, stabulation, stockage. Si depuis plus d'un siècle les maisons paysannes en France ont fait l'objet de nombreuses études de géographie, d'ethnologie, d'archéologie et d'histoire rurale, ce livre propose une synthèse très attendue dans les milieux de spécialistes mais intéressant aussi un large public de passionnés.

Housing Africa's Urban Poor Philip Amis, Peter Lloyd, 2018-09-03 Originally published in 1990 this book reveals the extent to which petty landlordism is developing not just in the African urban settlements that have sprung up but in government sponsored low cost housing estates. The first part of the book traces African governments' changing responses to urban growth since the 1960s. The second presents case studies of housing markets and landlord-tenant relations north and south of the Sahara. The third examines World Bank involvement and the book ends by considering policy implications.

Neighbourhood and Community in Paris, 1740-1790 David Garrioch, 2002-08-08 A picture of pre-Revolutionary Paris as a structured local community based on neighbourhood ties. **African Seminars** Various Authors, 2021-02-25 Originally published between 1986 and 1989 the 8 volumes in this set reflect the research and debate surrounding many issues for the African economy, society and culture and as such make a vital contribution to effective development both rural and urban. They re-issue key titles from the International African Library and the International African Seminars and address themes of direct relevance to contemporary Africa on topics as diverse as medicine, migration, housing, pastoralism and marriage.

Camillo Sitte et les débuts de l'urbanisme moderne Daniel Wiczorek, 1981 Les Villes dans la France moderne 1740-1840 Bernard Lepetit, 2014-04-01 Dans ses nouveaux contours l'histoire de la France urbaine est née. Il y a une quinzaine d'années seulement Bernard Lepetit y apporte une contribution essentielle. Ici la ville n'est plus simplement un site, un point de rassemblement des hommes ou un observatoire commode de la société : elle est un enjeu de conflits, un lieu d'innovations, un centre organisateur des territoires. Comment le neuf naît-il de l'ancien ? Comment le tissu urbain de la période

Centre d'archéologie moderne et contemporaine, L'Oman contemporain Thibaut Klinger, 2021-12-31 Since 1970 Oman has taken up the challenge of shaping an imagined community and unifying an ancient territory that was torn apart in the past by secession or civil wars Spatial planning has been at the heart of its policy guided by a carefully defined national identity to broadly integrate the physical and human components of the country With the integration into globalization and the emphasis on tourism to diversify the economy too dependent on hydrocarbons the national narrative becomes a brand What are the reciprocal effects of branding and spatial planning Tourism particularly reveals these interactions but also the effects on the governance of the sultanate while heritage plays a complex role anchoring branding in a deep political project The image of tolerance a true brand of Oman in a regional environment of religious divisions is clearly part of the country s territory strongly associating branding and spatial planning Écoloc, Gérer l'économie localement en Afrique : Evaluation et prospective L'économie locale de Ségou OECD, Sahel and West Africa Club, 2002-12-16 **A Manifesto for the Just City** Roberto Rocco, Caroline Newton, Luz Maria Vergara d'Alençon, Anja van der Watt, 2021-03-29 This book addresses the need to re imagine and re conceptualise the Just City in light of recent systemic shocks climate change the pandemic a generalised erosion of democratic standards and more It contains texts by a number of guests and 43 manifestos written by students from 25 universities from all over the world A Manifesto for the Just City comes in the wake of the realisation that socio spatial justice is a crucial dimension for sustainability transitions Growing inequality and the erosion of the public sphere undermine the social and political structures required to fight climate change pandemics and other systemic shocks With this book we have sought to encourage students to formulate their own visions for the Just City and for a just transition This book is result of an Urban Thinkers Campus organised between 9 and 30 November 2020 The Urban Thinkers Campus UTC model is an initiative of UN Habitat s World Urban Campaign conceived in 2014 as an open space for critical exchange between stakeholders and partners It aims to promote debate and action on sustainable and inclusive urbanization upholding the principles and guidelines contained in the New Urban Agenda launched at Habitat III in 2016 in Quito Ecuador
