Scott Cain,2019-05-28 Artists have often provided the earliest demonstrations of conscience and ethical examination in response to political events The political shifts that took place in the 1960s were addressed by a revival of folk music as an expression of protest hope and the courage to imagine a better world This work explores the relationship between the cultural and political ideologies of the 1960s and the growing folk music movement with a focus on musicians Phil Ochs Joan Baez Peter Paul and Mary Carolyn Hester and Bob Dylan Reckless Nights Alexis Anne,2019-10-01 Her voice Dear god her voice It did something to me Changed me Broke me My fixation became obsession I will have my revenge I didn t think anything could matter more until I met Matilda Over a few conversations I found more meaning with her than I had with a lifetime of anger Revenge is only a few sweet moves away So close I can taste it The last thing I need is the sultry entrancing distractions of Matilda Martinez but I can t seem to spend a night without her in my arms Can I have revenge and love Or will I have to sacrifice one to have the other Reckless Nights is a spin off of the Reckless Kiss duet It features a separate but connected story and is best read after Reckless Love Abortion and Divorce Law in Ireland Jennifer E. Spreng,2015-03-12 In 1991 the people of Ireland elected Mary Robinson a women s rights crusader who supported legalized birth control and divorce as their president The country seemed poised for massive social and legal change but it became apparent that even though Ireland at the dawn of the 21st century would be very different from the Ireland of the past many fundamentals would remain the same This book examines Irish abortion and divorce law in their historical religious and cultural contexts Its main focus is on the well publicized referenda and court cases of the 1980s and 1990s with special attention given to their roots and potential long term effects on the communitarian Irish culture and opportunities for Irish women The author identifies and discusses three forces that have affected Irish law and mores especially those relating to abortion and divorce economic insecurity a sense of group loyalty and identification particularly within families and churches and Catholic teaching about the common good **The Poetry Circuit** Peter B. Howarth,2024-09-17 Live performance has changed poetry more than anything else in the last hundred years it has given poets new audiences and a new economy and it has generated new styles from Imagism to confessional to contemporary Spoken Word But the creative impact that public reading had right through the twentieth century has not been well understood Mixing close listening to archive performances with intimate histories of modernist venues and promoters The Poetry Circuit tells the story of how poets met their audience again and how the feedback loops between their voices the venues and the occasions turned poems into running dramas between poet and listener A nervous T S Eliot reveals himself to be anything but impersonal while Marianne Moore s accident prone readings become subtle ways of keeping her poems in constant re draft Robert Frost used his poems to spar with his fans and rivals while Langston Hughes wrote Ask Your Mama to expose the prejudice circulating in the room as he spoke it The Poetry Circuit also shows how the post war reading boom made new kinds of poetry involving their audience and setting in the performance such as John Ashbery s anti charismatic Poets Theatre Amiri Baraka s documentary soundtracks of the streets

or the confessional readings of Allen Ginsberg which shame the listeners more than the poet Covering the first seventy years of the poetry reading The Poetry Circuit demonstrates that there never were page and stage poets the reading simply changed what every modern poet could do *Ireland's Most Wanted™* Brian Thomsen,2005-03-31 Irish is more than a nationality it s a state of being What other cultural background allows you to demand a kiss celebrate the wearing of a color toast the wee folk and take pride in one s readiness to fight What other land is celebrated by parades and parties and allows even the non blessed to declare themselves countrymen for one day From sports to poetry and from rock n roll to Wilde and Shaw Ireland s Most Wanted The Top 10 Book of Celtic Pride Fantastic Folklore and Oddities of the Emerald Isle gives you loads of delightful tidbits and trivia from the homeland of saints sinners and the greatest beverage ever brewed Guinness Brian M Thomsen provides an irreverent but fact filled look at Ireland and the Irish leaving no stone Blarney or otherwise unturned in bringing her gifts to you With a bushel full of top ten lists on all things Irish Thomsen takes you on a journey through the greenest of lands and provides tales and anecdotes on everything from Irish pubs Irish castles leprechauns and banshees heroes and kings and the influence of the Irish on culture Whatever their nationality everyone has a wee bit of the Irish in them Ireland s Most Wanted is a true pot of gold *The Bookman* ,1925 **Cataloging beyond the Notes:**

Annotating Bibliographic Records for Music Effectively in RDA Ralph Hartsock,Peter H. Lisius,2022 In Cataloging beyond the Notes Annotating Bibliographic Records for Music Effectively in RDA authors Ralph Hartsock and Peter Lisius present examples illustrating the effective use of notes in the description of music and this is especially important with RDA Since RDA has increased granularity in the description of music whether in score recording video or data formats the expert direction offered in Cataloging beyond the Notes makes it a key reference for music cataloging Bibliographic records are presented using MARC21 An essential resource for practicing music catalogers Cataloging beyond the Notes begins with a comprehensive introduction including instructions on how to use the book and presents examples of the granular data that informs users about specific details In addition the examples are augmented by the authors commentary so that the result is expert guidance in a single highly accessible publication More than that navigation to and from the newer RDA format is facilitated by an appendix keyed to specific RDA details Frequently used and related terms are also covered in a glossary specific to this volume Taken as a whole Cataloging beyond the Notes belongs in every music library and on each cataloger s desk Bob Dylan Spencer Leigh,2020-05-24 Bob Dylan Outlaw Blues by Spencer Leigh is a fresh take on this famous yet elusive personality a one man hall of mirrors who continues to intrigue his followers worldwide It is an in depth account with new information and fascinating opinions both from the author and his interviewees Whether you are a Dylan fan or not you will be gripped by this remarkable tale Most performers create their work for public approval but at the centre of this book is a mercurial man who doesn t trust his own audience If he feels he is getting too much acclaim he tends to veer off in another direction Despite his age Bob Dylan still tours extensively Famously known for not looking happy the author looks at what

motivates him Journalists are very fond of saying Bob Dylan is an enigma says Spencer Leigh but that word is flawed It s as good as saying you don t know I have not called Bob Dylan an enigma at any point in the book as I have tried to find answers Spencer Leigh has spoken to over 300 musicians friends and acquaintances of Bob Dylan in his research for this book

Bright Star of the West Sean Williams,Lillis Ó Laoire,2011-04-14 This book explores the life and performance practices of the Irish sean n s singer Joe Heaney 1919 1984 Born in Connemara Heaney grew up speaking the Irish language on a windswept coastal landscape where he absorbed a rich oral heritage in Irish and in his second language English *Catholic World* ,1929 The Old, Weird America Greil Marcus,2011-04-26 Previously published as Invisible Republic and already considered a classic of modern American cultural criticism this is an updated edition of Greil Marcus s acclaimed book on the secret music made by Bob Dylan and the Band in 1967 which introduced a phrase that has become part of the culture the old weird America Marcus s widely acclaimed book is about the secret music the so called Basement Tapes made by Bob Dylan and the Band while in seclusion in Woodstock New York in 1967 a folksy yet funky furious yet hilarious music that remains as seductive and baffling today as it was more than half a century ago As Mark Sinker observed in The Wire Marcus s contention is that there can be found in American folk a community as deep as electric as perverse and as conflicted as all America and that the songs Dylan recorded out of the public eye in a basement in Woodstock are where that community as a whole gets to speak But the country mapped out in this book as Bruce Shapiro wrote in The Nation is not Woody Guthrie s land for made for you and me It s what Marcus calls the old weird America This odd terrain this strange yet familiar backdrop to our common cultural history which Luc Sante in New York magazine termed the playground of God Satan tricksters Puritans confidence men illuminati braggarts preachers anonymous poets of all stripes is the territory that Marcus has discovered in Dylan s most mysterious music And his analysis of that territory reads like a thriller Ken Tucker Entertainment Weekly and exhibits a mad sparkling brilliance David Remnick The New Yorker throughout This special edition includes a new introduction an updated discography and never before seen photographs of the legendary recording sessions This book is terminal goes deeply into the subconscious and plows through that period of time like a rake Greil Marcus has done it again Bob Dylan
