Liar An Irene Kelly Mystery:

Liar Jan Burke, 2011-06-07 Rising star Jan Burke whom reviewers have consistently compared to Patricia Cornwell Sue Grafton and Robert Parker surpasses already high expectations in *Liar* her most riveting work to date Intrepid sleuth reporter Irene Kelly barely has time to recover from the shock of learning that her estranged aunt has been killed before being blindsided by an even bigger surprise she s the number one suspect With the LAPD biting fast at her heels Irene searches for her aunt s son Travis a young man who wants nothing to do with Irene or any of the Kelly clan The seeds of contention sown by family members no longer living are now being reaped by the next generation in ways no one would ever have expected As deeply buried family skeletons are unearthed the line between stalker and stalked becomes increasingly blurred with dangerous consequences for Irene She casts her lot with Travis who she believes is the killer s next target but her efforts to protect him place her squarely in harm s way Now Irene must dodge not only the arm of the law but also the reach of a killer who appears to want to settle the score of an age old family grudge Only by sorting out the truth from the lies in a skein of old family secrets involving bigamy and adultery alibis and murder and secrets encrypted in hobo signs will she learn who has begun to kill again and why In *Liar* Jan Burke delivers her trademark skillfully woven tale with complex characters gripping suspense and heart stopping action but this time Irene Kelly must play a deadly game with the highest and most personal stakes ever

Mystery Women, Volume Three (Revised) Colleen Barnett,2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008 *Talking Book Topics* ,2000 Includes audio versions and annual title author index *Feminist Bookstore News* ,1998 **Subject Guide to Books in Print** ,2001 American Book Publishing Record ,1998 **O Range Seed Technical Bulletin** Florida State Library,1998 *Dear Irene*, Jan Burke,2003-01-02 When a strange letter

signed Thanatos the ancient Greek name for death lands on Irene Kelly's desk the intrepid reporter doesn't think much of it she gets crazy mail all the time A less cryptic message is sent when a body turns up the next morning As more letters roll in the death toll mounts and Irene fears that her mysterious pen pal has cast her in his own private Greek tragedy as Cassandra the seer whom others refused to believe It's the killer's dream to challenge Irene to follow his ancient blueprint for murder It's his ultimate desire to make her face the inevitable that she is the next to die **Make Mine a Mystery** Gary Warren Niebuhr, 2003-04-30 Presents a comprehensive guide for mystery and detective fiction compiling over 2 500 titles from more than 200 authors and including plot overviews a history of the genre and a discussion on collection development *Sweet Dreams, Irene* Jan Burke, 2002-09-25 Irene Kelly is a reporter with a fierce integrity Detective Frank Harriman is her lover and friend Now they're both about to be plunged into political hellfire when a ruthless politician rocks a race for district attorney with a stunning allegation his opponent's son is in the clutches of a satanic cult The charge takes a fatal turn when a local woman is brutally murdered and the grisly crime scene bears unholy implications Tracking the clues takes Irene behind the closed doors of an isolated home for troubled youths where obscuring the truth is only part of a stranger's diabolic game To win it Irene will have the devil to pay **What Do I Read Next?** Neil Barron, 2005-10-21 By identifying similarities in various books this annual selection guide helps readers to independently choose titles of interest published in the last year Each entry describes a separate book listing everything readers need to know to make selections Arranged by author within six genre sections detailed entries provide Title Publisher and publication date Series Names and descriptions of characters Time period and geographical setting Review citations Story types Brief plot summary Selected other books by the author Similar books by different authors Author title series character name character description time period geographic setting and genre sub genre indexes are included to facilitate research **Cumulated Index to the Books**, 1999
