Katerinas Song:

Katerina's Windows Katerina Lemmel, Corine Schleif, Volker Schier, 2010-11 Examines 58 letters written by Katerina Lemmel a wealthy Nuremberg widow who in 1516 entered the abbey of Maria Mai in south Germany and rebuilt the monastery using her own resources and the donations she solicited from relatives Provided by publisher Irony, Satire, Parody and the Grotesque in the Music of Shostakovich Esti Sheinberg, 2017-07-05 The music of Shostakovich has been at the centre of interest of both the general public and dedicated scholars throughout the last twenty years Most of the relevant literature however is of a biographical nature The focus of this book is musical irony It offers new methodologies for the semiotic analysis of music and inspects the ironical messages in Shostakovich's music independently of political and biographical bias Its approach to music is interdisciplinary comparing musical devices with the artistic principles and literary analyses of satire irony parody and the grotesque Each one of these is firstly inspected and defined as a separate subject independent of music The results of these inspections are subsequently applied to music firstly music in general and then more specifically to the music of Shostakovich The composer's cultural and historical milieu are taken into account and where relevant inspected and analysed separately before their application to the music **The Little Fox Fairy that Defiant the Fate of Heaven and Earth**, *Epic Revisionism* Kevin M. F. Platt, David Brandenberger, 2006-02-23 Focusing on a number of historical and literary personalities who were regarded with disdain in the aftermath of the 1917 revolution figures such as Peter the Great Ivan the Terrible Alexander Pushkin Leo Tolstoy and Mikhail Lermontov Epic Revisionism tells the fascinating story of these individuals return to canonical status during the darkest days of the Stalin era An inherently interdisciplinary project Epic Revisionism features pieces on literary and cultural history film opera and theater This volume pairs scholarly essays with selections drawn from Stalin era primary sources newspaper articles unpublished archival documents short stories to provide students and specialists with the richest possible understanding of this understudied phenomenon in modern Russian history These scholars shed a great deal of light not only on Stalinist culture but on the politics of cultural production under the Soviet system David L Hoffmann Slavic Review *Defining Russia Musically* Richard Taruskin, 2020-10-06 The world renowned musicologist Richard Taruskin devoted much of his career to helping listeners appreciate Russian and Soviet music in new and sometimes controversial ways Defining Russia Musically represents one of his landmark achievements here Taruskin uses music together with history and politics to illustrate the many ways in which Russian national identity has been constructed both from within Russia and from the Western perspective He contends that it is through music that the powerful myth of Russia's national character can best be understood Russian art music like Russia itself Taruskin writes has always been tinged or tainted with an air of alterity sensed exploited bemoaned revealed in traded on and defended against both from within and from without The author's goal is to explore this assumption of otherness in an all encompassing work that re creates the cultural contexts of the folksong

anthologies of the 1700s the operas symphonies and ballets of the 1800s the modernist masterpieces of the 1900s and the hugely fraught but ambiguous products of the Soviet period Taruskin begins by showing how enlightened aristocrats reactionary romantics and the theorists and victims of totalitarianism have variously fashioned their vision of Russian society in musical terms He then examines how Russia as a whole shaped its identity in contrast to an East during the age of its imperialist expansion and in contrast to two different musical Wests Germany and Italy during the formative years of its national consciousness The final section focuses on four individual composers each characterized both as a self consciously Russian creator and as a European and each placed in perspective within a revealing hermeneutic scheme In the culminating chapters Chaikovsky and the Human Scriabin and the Superhuman Stravinsky and the Subhuman and Shostakovich and the Inhuman Taruskin offers especially thought provoking insights for example on Chaikovsky s status as the last great eighteenth century composer and on Stravinsky s espousal of formalism as a reactionary literally counterrevolutionary move

Profane Challenge and Orthodox Response in Dostoevsky's Crime and Punishment Janet G. Tucker, 2008-01-01 *Profane Challenge and Orthodox Response in Dostoevsky's Crime and Punishment* presents for the first time an examination of this great novel as a work aimed at winning back target readers young contemporary radicals from Utilitarianism nihilism and Utopian Socialism Dostoevsky framed the battle in the context of the Orthodox Church and oral tradition versus the West He relied on knowledge of the Gospels as text received orally forcing readers to react emotionally not rationally and thus undermining the very basis of his opponents arguments Dostoevsky saves Raskolnikov underscoring the inadequacy of rational thought and reminding his readers of a heritage discarded at their peril This volume should be of special interest to secondary and university students as well as to readers interested in literature particularly in Russian literature and Dostoevsky

Russian Folk Lyrics Roberta Reeder, 1993-02-22 Propp's essay in *Russian Folk Lyrics* extends beyond the formalistic analysis of folklore outlined in his classic *The Morphology of the Folktale* In this study newly translated by Roberta Reeder Propp considers the Russian folk lyric in the social and historical context in which it was produced Reeder supplements Propp's theoretical presentation with a comprehensive anthology of examples Some songs were imitated by or appear in the works of Russia's major writers such as Pushkin and Nekrasov Here we find the customs of Russian peasant life expressed through the ritual of song Whether the songs are about love labor or children's games whether they are sad humorous or satiric in tone Russian folk lyrics are rich

in metaphor and symbolic meaning In addition to the editor's notes to the text and songs Reeder supplies a bibliography of Propp's sources as well as an extensive selected bibliography

exploration Irene and Katerina become Earth's ambassadors for an advanced alien race They are given a glimpse of the future where life 1000 years from now could be if Earth does not destroy itself *Katerina* James Frey, 2018-09-11 From the New York Times bestselling author of *A Million Little Pieces* and *Bright Shiny Morning* comes Katerina James Frey's highly anticipated new novel set in 1992 Paris and contemporary Los Angeles A kiss a touch A smile and a beating heart Love and sex and dreams art and drugs and the madness of youth Betrayal and heartbreak regret and pain the melancholy of age Katerina the explosive new novel by America's most controversial writer is a sweeping love story alternating between 1992 Paris and Los Angeles in 2018 At its center are a young writer and a young model on the verge of fame both reckless impulsive addicted and deeply in love Twenty five years later the writer is rich famous and numb and he wants to drive his car into a tree when he receives an anonymous message that draws him back to the life and possibly the love he abandoned years prior Written in the same percussive propulsive dazzling breathtaking style as *A Million Little Pieces* Katerina echoes and complements that most controversial of memoirs and plays with the same issues of fiction and reality that created nearly destroyed and then recreated James Frey in the American imagination **Plays of Expectations** Andrew Wachtel, 2006 Expectation is an integral part of the reading experience As we read a text we begin to classify it and compare it to others with which it seems to share a family resemblance Drama is a particularly rich and rewarding field for studying the complex ways in which such expectations are created Theatre audiences and readers of plays are encouraged in a variety of ways to guess at what might unfold on the stage and on the page and much of the pleasure of the theatrical experience revolves around this guessing game *Plays of Expectations* explores these expectations through the lens of twentieth century Russian drama In the operas and plays considered here dramatists tell stories that for the most part already existed in the cultural repertoire of the contemporary Russian audience In each case the dramatists and their texts invite readers or audiences to compare a new version of a familiar story with previous versions Scholar Andrew Wachtel presents each of these dramatic texts as a nexus of intertextual play a space in which various incarnations of a storyline can interact to create a new synthesis which itself can become a self standing version of the story *Plays of Expectations* illuminates the sometimes coded or subconscious and sometimes open and deliberate conversations modernist Russian dramatists had with their antecedents their rivals their readers and themselves In the course of their creations they quote rearrange dispute deconstruct and otherwise grapple with stories and assertions made by their antecedents and fellow artists Russian audiences were capable of recognizing these references and links thus sharing a similar horizon of expectations that would shape and dictate the reception of the work In a clear and engaging style Wachtel explores this fantastic web of artistic and intellectual interconnectedness a nexus that links generations of dramatists to one another and to their audience bringing each into the work of unfolding a story Andrew Wachtel is dean of the Graduate School Bertha and Max Dressler Professor in the Humanities and director of the Center for International and Comparative Studies at Northwestern University For more
