Richard L. Zweigenhaft, G. William Domhoff, 2006-04-07 This book looks systematically at the extent to which Jews women African Americans Latinos Asians and gay men and lesbians have entered the higher circles of power that constituted what sociologist C Wright Mills called the power elite Using a deft combination of academic research and telling anecdotes the book examines the backgrounds and careers of such well known members of the power elite as attorney general Alberto Gonzales secretary of state Condoleezza Rice former secretary of state Colin Powell and former CEO of Hewlett Packard Carly Fiorina to explain why and how the power elite has diversified and the effect this diversification has had on the way power works in the United States Women and Leadership Karin Klenke, 2004-01-01 This book examines women's access to leadership roles and how these roles are perceived in society It represents one of the first scholarly examinations of the burgeoning field of leadership Using real life examples and case studies of prominent women Dr Klenke explores the complex interactions between gender leadership and culture Topics include the changing conceptions of leadership women leaders in history contemporary leadership theories barriers to women's leadership and women leaders worldwide This volume is of primary interest to educators and students involved in women's studies programs as well as in courses in gender and leadership **25 Women Who Ruled** Rebecca Stanborough, 2019 Discover 25 women who shattered the glass ceiling each in their own way In politics government the business world and more these women show us that ambition perseverance and hard work go a long way Katharine Graham's Washington Katharine Graham, 2009-09-23 As a fitting epilogue to a life intimately linked to Washington D C Pulitzer Prize winner Katharine Graham the woman who transformed The Washington Post into a paper of record left behind this lovingly collected anthology of writings about the city she knew and loved a moving tribute to the nation's capital To Russell Banks it is a place where no one is in charge and no one therefore can be held responsible for the mess To John Dos Passos it is essentially a town of lonely people Whatever your impressions of Washington D C you will likely find them challenged here Experience Christmas with the Roosevelts as seen through the eyes of a White House housekeeper Learn why David McCullough is happy to declare I love Washington while The Washington Post's Sally Quinn wonders Why Do They Hate Washington Glimpse David Brinkley's depiction of the capital during World War II then experience Henry Kissinger's thoughts on Peace at Last post Vietnam Written by a who's who of journalists historians First Ladies politicians and more these varied works offer a wonderful overview of Katharine Graham's beloved city **The Women's Book of World Records and Achievements** Lois Decker O'Neill, 1979 An Information House book

**Women's Press Organizations, 1881-1999** Elizabeth V. Burt, 2000-06-30 Little has been published about press organizations and even less about women's press organizations This book is the first to document the history of women's press organizations In addition to rich historical accounts of some of these organizations it also provides a picture of many of the women journalists involved in these press organizations many of whom were leaders both in journalism and in the social movements of their time This book is a description and analysis of forty women's press organizations that have been key to the development of women writers of the press since the first established organization in 1881 Each entry describes the challenges faced by women that brought about the establishment of the organization at that particular time and place some of the women who played key roles in the group's leadership the group's major activities and programs and its contributions to women of the press The main purpose of these organizations was to provide women with a place where they could discuss professional issues and career strategies at a time when they were largely excluded from or marginalized by male dominated media institutions However many also reflected the interests of some of the social and political reform movements associated with the women's movements of the 19th and 20th centuries including the woman suffrage peace and ERA movements Although some of the organizations described here no longer exist new ones have taken on the challenge in a profession where women still do not have equity
