Katherine Mansfield A Literary Life:

Katherine Mansfield Angela Smith,2001-01-06 In a letter Katherine Mansfield wrote I hate the sort of license that English people give themselves to spread over and flop and roll about I feel as fastidious as though I write with acid This book explores Mansfield's idiosyncratic aesthetic by focusing on her position as an outsider in Britain a New Zealander a woman writer a Fauvist and eventually a consumptive Her sharp edged fiction is discussed in relation to her involvement with Post Impressionist painting and painters

Katherine Mansfield Claire Tomalin,1987 A portrait of nineteenth century actress Ellen Ternan the woman who was the mistress of Charles Dickens describing her secret relationship with the author

Katherine Mansfield and the Fantastic Delia da Sousa Correa,2019-06-01 This volume investigates an unexpectedly rich vein of literary gothic motifs and tropes found within Mansfield's modernist experimental prose

Katherine Mansfield and the Arts Delia da Sousa Correa,2019-06-01 This volume emphasises the centrality of Katherine Mansfield to the cultural life of her time illuminating how her love of painting and of music inspired her art

Rhythmic Modernism Helen Rydstrand,2019-01-24 Contrary to the common view that cultural modernism is a broadly anti mimetic movement one which turned away from traditional artistic goals of representing the world Rhythmic Modernism argues that rhythm and mimesis are central to modernist aesthetics Through detailed close readings of non fiction and short stories Helen Rydstrand shows that textual rhythms comprised the substance of modernist mimesis Rhythmic Modernism demonstrates how many modernist writers such as D H Lawrence Katherine Mansfield and Virginia Woolf were profoundly invested in mimicking a substratum of existence that was conceived as rhythmic each displaying a fascination with rhythm both as a formal device and as a vital protean concept that helped to make sense of the complex modern world

Maoriland Jane Stafford,Mark Williams,2006 This critical examination of Maoriland literature argues against the former glib dismissals of the period and focuses instead on the era's importance in the birth of a distinct New Zealand style of writing By connecting the literature and other cultural forms of Maoriland to the larger realms of empire and contemporary criticism this study explores the roots of the country's modern feminism progressive social legislation and bicultural relations

The History of British Women's Writing, 1920-1945 M. Joannou,2016-01-03 Featuring sixteen contributions from recognized authorities in their respective fields this superb new mapping of women's writing ranges from feminine middlebrow novels to Virginia Woolf's modernist aesthetics from women's literary journalism to crime fiction and from West End drama to the literature of Scotland Ireland and Wales

Little Magazines & Modernism Adam McKible,2016-12-05 Little magazines made modernism happen These pioneering enterprises were typically founded by individuals or small groups intent on publishing the experimental works or radical opinions of untried unpopular or underrepresented writers Recently little magazines have re emerged as an important critical tool for examining the local and material conditions that shaped modernism This volume reflects the diversity of Anglo American modernism with essays on avant garde literary political regional and African

American little magazines It also presents a diversity of approaches to these magazines discussions of material practices and relations analyses of the relationship between little magazines and popular or elite audiences examinations of correspondences between texts and images feminist modifications of the traditional canon or histories and reflections on the emerging field of periodical studies All emphasize the primacy and materiality of little magazines With a preface by Mark Morrisson an afterword by Robert Scholes and an extensive bibliography of little magazine resources the collection serves both as an introduction to little magazines and a reconsideration of their integral role in the development of modernism

Garden Plots Shelley Saguaro, 2017-05-15 Shelley Saguaro's unique book illustrates the persistent presence of gardens in literature Gardens in fiction do not simply represent a familiar theme Saguaro contends but are bound up with wider aesthetic and ideological issues As with literary forms so too are gardens subject to transformations Encompassing a wide array of twentieth and twenty first century authors including Virginia Woolf Eudora Welty Carol Shields J M Coetzee Toni Morrison Leslie Marmon Silko Jamaica Kincaid Don DeLillo and Philip K Dick this book's preoccupations are signalled in the evocatively titled chapters Botanical Modernisms Natural History and Postmodern Grafting Postcolonial Landscapes How Does Your Cyber Garden Grow and Coevolutionary Histories the Poetics of a Paradox Informed by postcolonial formalist feminist and psychoanalytic theories *Garden Plots* is a must read for all those alive to the space gardens inhabit in the literary landscape

Modernism and the Post-Colonial Peter Childs, 2007-08-09 This book considers the shifts in aesthetic representation over the period 1885-1930 that coincide both with the rise of literary Modernism and imperialism's high point Peter Childs argues that modernist literary writing should be read in terms of its response and relationship to events overseas and that it should be seen as moving towards an emergent post colonialism instead of struggling with a residual colonial past Each of the core chapters focuses on one key writer and discusses a range of others including Conrad Lawrence Kipling Eliot Woolf Joyce Conan Doyle and Haggard

Modernist Voyages Anna Snaith, 2014-02-24 London's literary and cultural scene fostered newly configured forms of feminist anticolonialism during the modernist period Through their writing in and about the imperial metropolis colonial women authors not only remapped the city they also renegotiated the position of women within the empire This book examines the significance of gender to the interwoven nature of empire and modernism As transgressive figures of modernity writers such as Jean Rhys Katherine Mansfield Una Marson and Sarojini Naidu brought their own versions of modernity to the capital revealing the complex ways in which colonial identities traveled to London at the turn of the twentieth century Anna Snaith's original study provides an alternative vantage point on the urban metropolis and its artistic communities for scholars and students of literary modernism gender and postcolonial studies and English literature more broadly

Pockets of Change Jane Stadler, Peta Mitchell, Adam Atkinson, Tricia Hopton, 2011-04-29 The twelve essays collected in *Pockets of Change* locate adaptation within a framework of two overlapping if not simultaneous creative processes on the one hand adaptation is to be understood as an acknowledged

transposition of an existing source that is the process of adapting from on the other hand adaption is also a process of purposeful shifting and evolving of creative practices in response to external factors including but not limited to other creative works in other words the process of adapting to This book explores adaptation then as an active practice of repetition and as a reactive process of development or evolution The essays also extend beyond the production transformation and interpretation of texts to interrogate the values and practices at work in cultural transition and transformation during periods of social and historical change Collectively the papers theorize adaptation by taking on three tasks first to examine the conditions under which the two processes of adaptation operate second to give an account of the space and moment in which the processes unfold the pockets of the title and finally to examine what emerges from pockets of adaptation While adapting from and adapting to are both processes that appear to preclude innovation in the way that they acknowledge and depend on external sources Pockets of Change demonstrates that adaptation is productive It not only references prior texts attitudes practices and media but it also invites us to re visit the past and to re think the present in new ways potentially giving narrative space to muted or occluded voices This book therefore brings together an innovative and varied range of approaches to interpretations and uses of adaptation challenging the assumption that an adaptation is simply either a re make or the act of turning one medium into another Adaptation then names not only the means by which texts are transformed but also the space in which that transformation takes place T The Oxford Critical and Cultural History of Modernist Magazines Peter Brooker, Andrew Thacker, 2009-03-26 The first of three volumes charting the history of the Modernist Magazine in Britain North America and Europe this collection offers the first comprehensive study of the wide and varied range of little magazines which were so instrumental in introducing the new writing and ideas that came to constitute literary and artistic modernism in the UK and Ireland In thirty seven chapters covering over eighty magazines expert contributors investigate the inner dynamics and economic and intellectual conditions that governed the life of these fugitive but vibrant publications We learn of the role of editors and sponsors the relation of the arts to contemporary philosophy and politics the effects of war and economic depression and of the survival in hard times of radical ideas and a belief in innovation The chapters are arranged according to historical themes with accompanying contextual introductions and include studies of the New Age Blast the Egoist and the Criterion New Writing New Verse and Scrutiny as well as of lesser known magazines such as the Evergreen Coterie the Bermondsey Book the Mask Welsh Review the Modern Scot and the Bell To return to the pages of these magazines returns us a world where the material constraints of costs and anxieties over censorship and declining readerships ran alongside the excitement of a new poem or manifesto This collection therefore confirms the value of magazine culture to the field of modernist studies it provides a rich and hitherto under examined resource which both brings to light the debate and dialogue out of which modernism evolved and helps us recover the vitality and potential of that earlier discussion *British Women Writers and the Short Story, 1850-1930* K. Krueger, 2014-03-30

This book addresses a critically neglected genre used by women writers from Gaskell to Woolf to complicate Victorian and modernist notions of gender and social space Their innovative short stories ask Britons to reconsider where women could live how they could be identified and whether they could be contained Modernism, Magazines, and the British avant-garde Faith Binckes, 2010-05-20 This book is a re examination of the fertile years of early modernism immediately preceding the First World War During this period how where and under whose terms the avant garde in Britain would be constructed and consumed were very much to play for It is the first study to look in detail at two little magazines marginalised from many accounts of this competitive process Rhythm and the Blue Review By thoroughly examining not only the content but the interrelated networks that defined and surrounded these publications Faith Binckes aims to provide a fresh and challenging perspective to the on going reappraisal of modernism Founded in 1911 and edited by John Middleton Murry with assistance from Michael Sadleir and subsequently from Katherine Mansfield Rhythm and The Blue Review featured a series of pivotal moments Rhythm was the arena for a challenge to Roger Fry s vision of Post Impressionism for the introduction of Picasso to a British audience for early short stories and reviews by Lawrence and for Mansfield s discovery of a voice in which to frame her breakthrough writing on New Zealand A further context for many of these experiments was the extended and acrimonious debate Rhythm conducted with A R Orage s New Age in which issues of the proper gender generation and formulation of modernity were debated month by month However reading magazines as vehicles for avant garde development can only provide half the story The book also pays close attention to their dialogic reproductive and periodical nature and explores the strategies at work within the terminology of the new Crucially it argues that they offer compelling material evidence for the consistently mobile and multiple boundaries of the modern and puts forward a compelling case for focusing upon the specificity of magazines as a medium for literary and artistic innovation *Scotland and the British Empire* John M. MacKenzie, T. M. Devine, 2017-02-24 The extraordinary influence of Scots in the British Empire has long been recognized As administrators settlers temporary residents professionals plantation owners and as military personnel they were strikingly prominent in North America the Caribbean Australasia South Africa India and colonies in South East Asia and Africa Throughout these regions they brought to bear distinctive Scottish experience as well as particular educational economic cultural and religious influences Moreover the relationship between Scots and the British Empire had a profound effect upon many aspects of Scottish society This volume of essays written by notable scholars in the field examines the key roles of Scots in central aspects of the Atlantic and imperial economies from the eighteenth to the twentieth centuries in East India Company rule in India migration and the preservation of ethnic identities the environment the army missionary and other religious activities the dispersal of intellectual endeavours and in the production of a distinctive literature rooted in colonial experience Making use of recent innovative research the chapters demonstrate that an understanding of the profoundly interactive relationship between Scotland and the British Empire is vital both for the understanding of the

histories of that country and of many territories of the British Empire All scholars and general readers interested in the dispersal of intellectual ideas key professions Protestantism environmental practices and colonial literature as well as more traditional approaches to politics economics and military recruitment will find it an essential addition to the historical literature

A Companion to the British and Irish Short Story David Malcolm, Cheryl Alexander Malcolm, 2009-01-30 A Companion to the British and Irish Short Story provides a comprehensive treatment of short fiction writing and chronicles its development in Britain and Ireland from 1880 to the present Provides a comprehensive treatment of the short story in Britain and Ireland as it developed over the period 1880 to the present Includes essays on topics and genres as well as on individual texts and authors Comprises chapters on women s writing Irish fiction gay and lesbian writing and short fiction by immigrants to Britain

Intersections of Gender, Class, and Race in the Long Nineteenth Century and Beyond Barbara Leonardi, 2018-12-29 This book explores the intersections of gender with class and race in the construction of national and imperial ideologies and their fluid transformation from the Romantic to the Victorian period and beyond exposing how these cultural constructions are deeply entangled with the family metaphor For example by examining the re signification of the angel in the house and the deviant woman in the context of unstable or contingent masculinities and across discourses of class and nation the volume contributes to a more nuanced understanding of British cultural constructions in the long nineteenth century The central idea is to unearth the historical roots of the family metaphor in the construction of national and imperial ideologies and to uncover the interests served by its specific discursive formation The book explores both male and female stereotypes enabling a more perceptive comparison enriched with a nuanced reflection on the construction and social function of class

Art and Commerce in the British Short Story, 1880-1950 Dean Baldwin, 2015-10-06 The short story was a commercial phenomenon which took off in the late nineteenth century and lasted through to the rise of television and film Baldwin uses a wide variety of sources to show how economic factors helped to dictate how and what a wide variety of authors wrote
