**The Souvenir** Louise Steinman, 2008-03-18 A soldier's daughter unravels the secrets of her father's experience in the Pacific Theater in this graceful understated World War II memoir for fans of *The Things They Carried* The New York Times Book Review Louise Steinman's American childhood in the fifties was bound by one unequivocal condition Never mention the war to your father That silence sustained itself until the fateful day Steinman opened an old ammunition box left behind after her parents' death In it she discovered nearly 500 letters her father had written to her mother during his service in the Pacific War and a Japanese flag mysteriously inscribed to Yoshio Shimizu Setting out to determine the identity of Yoshio Shimizu and the origins of the silken flag Steinman discovered the unexpected a hidden side of her father the green soldier who achingly left his pregnant wife to fight for his life in a brutal 165 day campaign that changed him forever Her journey to return the souvenir to its owner not only takes Steinman on a passage to Japan and the Philippines but also returns her to the age of her father's innocence where she learned of the tender and expressive man she'd never known Steinman writes with the same poignant immediacy her father did in his letters Together their stories in *The Souvenir* create an evocative testament to the ways in which war changes one generation and shapes another

*Tourism and Souvenirs* Jenny Cave, Lee Jolliffe, Tom Baum, 2013-07-04 Souvenirs are part of global and local travel and tourism in all corners of the world This book portrays souvenirs as expressions of culture and as triggers of cultural change The volume provides critique and theorisation of souvenirs of places people and experiences in the context of lives lived at the margins of society politics tourism flows and urbanisation Case studies in sustainable tourism illustrate dynamic ways that consumers and suppliers use souvenirs to respond to resist and re-interpret global and local

influences upon cultures across informal hybrid and formal economies      Official Summary of Security Transactions and Holdings Reported to the Securities and Exchange Commission Under the Securities Exchange Act of 1934 and the Public Utility Holding Company Act of 1935 ,1938      Fashion in American Life Hazel Clark,Lauren Downing Peters,2024-09-19 An original contribution to fashion studies Fashion in American Life challenges existing approaches to fashion in America by considering who makes fashion when where and how Avoiding the usual emphasis on the history of fashion which perpetuates the myth of fashion designers and New York as the originators of American fashion this exploration of the everyday allows us to see American fashion as a form of agency self identification creative engagement and politics Moving away from the well trodden accounts of fashion designers and the dominance of New York much of the fashion uncovered has been under represented in previous accounts Through contemporary and historical research authors challenge the nature of both fashion and America by addressing the many complexities of a nation whose people have diverse histories and cultures including stories and experiences that have been forgotten marginalized and left out of the fashion canon Race gender ethnicity and class are employed as critical lenses to shed new light on how fashion might be defined and addressed within America as a country but not as a series of United States with case studies looking at First Nations Latinx and African American dress The intellectual framing of the volume and the methods and case studies included also present tactics that can be applied to other contexts making this book about revisiting fashion more widely not just in America Fashion in American Life makes a unique contribution to the literature of fashion studies fashion history cultural studies and beyond
