,2004 **Sustainable Futures for Music Cultures** Huib Schippers, Catherine Grant, 2016 The sustainability of music and other intangible expressions of culture has been high on the agenda of scholars governments and NGOs in recent years However there is a striking lack of systematic research into what exactly affects sustainability across music cultures By analyzing case studies of nine highly diverse music cultures against a single framework that identifies key factors in music sustainability Sustainable Futures for Music Cultures offers an understanding of both the challenges and the dynamics of music sustainability in the contemporary global environment and breathes new life into the previously discredited realm of comparative musicology from an emphatically non Eurocentric perspective Situated within the expanding field of applied ethnomusicology this book confirms some commonly held beliefs challenges others and reveals sometimes surprising insights into the dynamics of music cultures By examining comparing and contrasting highly diverse contexts from thriving to in urgent need of safeguarding Sustainable Futures for Music Cultures analyzes sustainability across five carefully defined domains The book identifies pathways to strategies and tools that may empower communities to sustain and revitalize their music heritage on their terms In this way this book contributes to greater scholarly insight new sub disciplinary approaches and pathways to improved practical outcomes for the long term sustainability of music cultures As such it will be an essential resource for ethnomusicologists as well as scholars and activists outside of music with an interest in the preservation of intangible cultural heritage A Learner's Guide to Kaytetye ,2000 Kaytetye is spoken at Barrow Creek Artarre Neutral Junction Ilewarr Stirling Alekarenge Ali Curung and other communities in Central Australia For Kaytetye people their language is much more than a means of communication it links them with their family their country and their Dreamings This learner s guide comes with two audio CDs which give clear practical instruction in the basics of the Kaytetye language

Encyclopedia of Language & Linguistics E. K. Brown, 2006 **Carl Strehlow's 1909 Comparative Heritage Dictionary** Anna Kenny, 2018-08-10 Carl Strehlow s comparative dictionary manuscript is a unique item of Australian cultural heritage it is a large collection of circa 7 600 Aranda 6 800 Loritja Luritja and 1 200 Dieri to German entries compiled at the beginning of the twentieth century at the Hermannsburg Mission in central Australia It is an integral part of Strehlow s ethnographic work on Aboriginal cultures that his German editor Baron Moritz von Leonhardi published as Die Aranda und Loritja St mme in Zentral Australien Strehlow 1907 1920 in Frankfurt Strehlow and his editor had planned to publish a language study that included this comparative dictionary but it remained unpublished until now due to a number of

complicated historical and personal circumstances of the main characters involved with the dictionary Strehlow's linguistic work is historically and anthropologically significant because it probably represents the largest and most comprehensive wordlist of Indigenous languages compiled in Australia during the early stages of contact. It is an important primary source for Luritja and Aranda speakers. Both languages are spoken in homes and taught in schools in central Australia. The reasons for presenting this work as a heritage dictionary that is as an exact transcription of the original form of the handwritten manuscript are to follow the Western Aranda people's wishes and to maintain its historical authenticity which will prove to be of great use to both Indigenous people and scholars interested in language.

Vitality and Change in Warlpiri Songs Georgia Curran, Linda Barwick, Emeritus Professor Nicolas Peterson, Valerie Napaljarri Martin, Simon Japangardi Fisher, 2024-03

Warlpiri songs hold together the ceremonies that structure and bind social relationships and encode detailed information about Warlpiri country cosmology and kinship. Today only a small group of the oldest generations has full knowledge of ceremonial songs and their associated meanings and there is widespread concern about the transmission of these songs to future generations. While musical and cultural change is normal, threats to attrition driven by large scale external forces including sedentarisation and modernisation put strain on the systems of social relationships that have sustained Warlpiri cultures for millennia. Despite these concerns, songs remain key to Warlpiri identity and cultural heritage. Vitality and Change in Warlpiri Songs draws together insights from senior Warlpiri singers and custodians of these song traditions, profiling a number of senior singers and their views of the changes that they have witnessed over their lifetimes. The chapters in this book are written by Warlpiri custodians in collaboration with researchers who have worked in Warlpiri communities over the last five decades. Spanning interdisciplinary perspectives including musicology, linguistics, anthropology, cultural studies, dance, ethnography and gender studies, chapters range from documentation of well known and large scale Warlpiri ceremonies to detailed analysis of smaller scale public rituals and the motivations behind newer innovative forms of ceremonial expression. Vitality and Change in Warlpiri Songs ultimately uncovers the complexity entailed in maintaining the vital components of classical Warlpiri singing practices and the deep desires that Warlpiri people have to maintain this important element of their cultural identity into the future.
