**St. Nicholas** Mary Mapes Dodge,1922 The International Bookbinder ,1922 Mogadishu! Kent DeLong,Steven Tuckey,1994-11-22 Every American should read this book in order to gain a clear insight about military combat and war From the foreword by Ross Perot Recommended for readers who enjoy suspenseful accounts of close combat Publishers Weekly Most Americans remember the two troubling televised images that follwed the operation But there is more about that day that is told in this book and that should be known by Americans The Wall Street Journal Among America s clearest memories of ongoing conflict in Somalia will certainly be the swollen bloodied face of helicopter pilot Michael Durant displayed on the international television news reports after his capture in Mogadishu on October 3 1993 While the failed mission leading to Durant s imprisonment captured the rage and anguish of the world few Americans truly understood how many U S Army Ranger compatriots shared Durant s fortitude and courage there Indeed Durant was only one member of the elite Task Force Ranger Regiment deployed to apprehend Mohammed Farrah Aidid Somailia s most powerful warlord on the fateful October day Here is the little known story of the 15 fierce deadly hours of fighting that followed the Americans tightly calibrated attempt to target Aidid Moment by moment Mogahishu recounts how this mission intended to deflate the heart of Somali resistance became instead a tragic showcase for the heroism and breathtaking self sacrifice of the American servicement and the catalyst of U S withdrawal of

peacekeeping troops Mogadishu reveals while the operation produced on the most decorated military units in American history it cost 18 of America's best trained servicemen their lives Using rare testimony from other military personnel Kent DeLong offers the first complete account of how these Americans died not for glory but for each other far from their loved ones in a God forsaken place called Mogadishu
