Making the San Fernando Valley Laura R. Barraclough, 2011-01-01 In the first book length scholarly study of the San Fernando Valley home to one third of the population of Los Angeles Laura R Barraclough combines ambitious historical sweep with an on the ground investigation of contemporary life in this iconic western suburb She is particularly intrigued by the Valley's many rural elements such as dirt roads tack and feed stores horse keeping districts citrus groves and movie ranches Far from natural or undeveloped spaces these rural characteristics are she shows the result of deliberate urban planning decisions that have shaped the Valley over the course of more than a hundred years The Valley's entwined history of urban development and rural preservation has real ramifications today for patterns of racial and class inequality and especially for the evolving meaning of whiteness Immersing herself in meetings of homeowners associations equestrian organizations and redistricting committees Barraclough uncovers the racial biases embedded in rhetoric about open space and western heritage The Valley's urban cowboys enjoy exclusive semirural landscapes alongside the opportunities afforded by one of the world's largest cities Despite this enviable position they have at their disposal powerful articulations of both white victimization and with little contradiction color blind politics

Baumgartner, 1989-01-26 Surrounding all major cities in the United States are numerous smaller communities collectively known as suburbia The most popular place of residence in America the suburbs are peaceful and tranquil environments where civility prevails and disturbances of the peace are uncommon Drawing on research observation and hundreds of in depth interviews conducted during a twelve month study of an affluent New York City suburb M P Baumgartner reveals that the apparent serenity of the suburb is caused by the avoidance of open conflict She contends that although nonviolence nonconfrontation and tolerance produce a superficial social harmony these behaviors arise from disintegrative tendencies in modern culture transience fragmentation weak family

and communal ties isolation and indifference conditions customarily viewed as sources of disorder antagonism and violence A kind of moral minimalism pervades the suburbs a disorganized social order that with the suburbs rapid growth in America promises to be the moral order of the future A valuable contribution to the literature on social control this study of conflict management should attract general readers and scholars alike *A Guide for Erosion & Sediment Control in Urbanizing Areas of Colorado* United States.
