Po Bronson,2006-12-26 We all have an imaginary definition of a great family We imagine what it would be like to belong to such a family No fights over the holidays No getting on one another s nerves Respect for individual identity Mutual support without being intrusive So many people believe they are disqualified from having a better family experience primarily because they compare their own family with the mythic ideal and their reality falls short Is that a fair standard to judge against In the pages of Why Do I Love These People Po Bronson takes us on an extraordinary journey It begins on a river in Texas where a mother gets trapped underwater and has to bargain for her own life and that of her kids Then a father and his daughter return to their tiny rice growing village in China hoping to rekindle their love for each other inside the walls of his childhood home Next a son puts forth a riddle asking us to understand what his first experience of God has to do with his Mexican American mother Every step and every family on this journey is real Calling upon his gift for powerful nonfiction narrative and philosophical insight Bronson explores the incredibly complicated feelings that we have for our families Each chapter introduces us to two people a father and his son a daughter and her mother a wife and her husband and we come to know them as intimately as characters in a novel following the story of their relationship as they struggle resiliently through the kinds of hardships all families endure Some of the people manage to save their relationship while others find a better life only after letting the relationship go From their efforts the wisdom in this book emerges We are left feeling emotionally raw but grounded and better prepared to love through both hard times and good time In these twenty mesmerizing stories we discover what is essential and elemental to all families and in doing so slowly abolish the fantasies and fictions we have about those we fight to stay connected to In Why Do I Love These People Bronson shows us that we are united by our yearnings and aspirations Family is not our dividing line but our common ground

The Box Mandy-Suzanne Wong, 2023-09-19 Of course each thing has its own sides to every story In a dark and crooked lane in an unnamed city where it never ceases to snow a small white box falls from a coat pocket It is made of paper strips woven tightly together there is no apparent way to open it without destroying it What compels a passing witness a self-described anthropophobe not inclined to engage with other people to pick up the box and chase after the stranger who dropped it The Box follows an impenetrable rectangular cuboid as it changes hands in a collapsing metropolis causing confluences conflicts rifts and disasters Different narrators each with a distinctive voice give secondhand accounts of decisive moments in the box's life From the anthropophobe to a newly hired curator of a renowned art collection from a couple who own an antiquarian bookshop to a hotel bartender hiding from a terrible past the storytellers repeat rumours and rely on faulty memories grasping at something that continually escapes them Haunting their recollections in one mysterious woman who convinced of the box's good or evil powers pursues it with deadly desperation In this mesmerizing intricately constructed puzzle of a novel Mandy Suzanne Wong challenges our understanding of subject and objects of cause and effect Is it only humans who have agency What is or isn't animate What do we value and what do we discard
