**War, Peace and Terror in the Middle East** Raphael Israeli, 2014-03-18 A collection of articles about the fateful issues of war and peace in the Middle East especially the evasive brands of war terrorism and incitement Horrific words of incitement followed by atrocious acts of terror have occurred during the past few years These have significantly eroded hope in the peace process that had been initiated by Sadat and Begin a quarter century ago 1977 All efforts to duplicate that feat between Israel and Palestinians have ended in frustration so far and it now seems that a tremendous amount of ground work will have to be done before a new peace venture This volume focuses on these themes and brings to bear both the benefit of the hindsight gained since the articles were published and the insight that the current world crisis occasioned by the terrorism and broadsides against Western culture that al Qai da and its allies have launched

**Muslim Anti-Semitism in Christian Europe** Raphael Israeli, 2017-09-08 Modern Arab and Muslim hostility towards Jews and Israel is rooted not only in the Arab Israeli conflict and traditional Islamic teaching but also in Christian anti Semitic attitudes brought into the Islamic world by Western colonial powers In this volume Raphael Israeli examines how the worsening situation in the Middle East together with large waves of Muslim immigration to Europe North America and Australia has brought about a commingling of two anti Semitic traditions As the author explains the unique interaction of Muslim immigrants in the West with the host societies brought them into contact with local traditional anti Semites of the xenophobic fascist and racist Right along with the avowedly anti Zionist Left to build a formidable wall of hatred against the Jewish state and its people To complicate this picture further the same Muslim immigrants share with them minority status in a Christian majority society Often finding themselves at odds with the majority host society they find themselves subject to criticism and censure on all sides They are engaged simultaneously in battle with both their host society into which they cannot integrate and their Jewish compatriots who are a model of good integration Consequently they feel exposed and lose ground in the struggle for social acceptance Israeli lays out the nature and ideologies of the Muslim immigrant world and shows how in each European country they create their own ethnic sub groups and religious communities often in competition with each other This remarkable and courageous book will be of interest to sociologists Middle East specialists and political scientists

Hayim ben Yosef Vıtal,1601      **Jewish Martyrs in the Pagan and Christian Worlds** Shmuel Shepkaru,2006 This book presents a linear history of Jewish martyrdom from the Hellenistic period to the high Middle Ages Following the chronology of sources the study challenges the general consensus that martyrdom was an original Hellenistic Jewish idea Instead Jews like Philo and Josephus internalized the idealized Roman concept of voluntary death and presented it as an old Jewish practice The centrality of self sacrifice in Christianity further stimulated the development of rabbinic martyrology and the talmudic guidelines for passive martyrdom However when forced to choosed between death and conversion in medieval Christendom Ashkenazic Jews went beyond these guidelines sacrificing themselves and loved ones Through death not only did they attempt to prove their religiosity but also to disprove the religious legitimacy of their Christian persecutors While martyrs and martyrologies intended to show how Judaism differed from Christianity they in fact reveal a common mindset

**Living The Letters** Michael Marmur,2025-04-11 In this work Michael Marmur employs the structure of the Hebrew alphabet to set out elements of an emerging Jewish theology presenting a case for the urgent relevance of Jewish life at a time of deepening rupture and accelerating change He presents core components of a theory and practice of contemporary Judaism The Hebrew alphabet has long beguiled and preoccupied Biblical authors and liturgical poets rationalists and mystics conservatives and radicals It has served as a locus of theological speculation an engine of creativity and a recurrent motif throughout the cycle of life from childhood instruction to graveside recitation For each letter of the Hebrew alphabet Marmur proposes a concept gleaned from theology philosophy ritual politics community and other fields Readers are invited to combine and deploy them in imagining a Judaism of tomorrow This is an open access book *Meditation and the Bible* Aryeh Kaplan,1988-01-15 A highly radical interpretation of the Bible demonstrating the methods of meditation used by the Prophets to attain their unique states of consciousness First English translation from ancient unpublished manuscripts with commentary **Jewish Guide to Practical Medical Decision-Making** Jason Weiner,2021-03-01 Due to the rapid advances in the medical field existing books on Jewish medical ethics are quickly becoming outdated and irrelevant Jewish Guide to Practical Medical Decision Making seeks to remedy that by presenting the most contemporary medical information and rabbinic rulings in an accessible user friendly manner Rabbi Weiner addresses a broad range of medical circumstances such as surrogacy and egg donation assisted suicide and end of life decision making Based on his extensive training and practical familiarity inside a major hospital Rabbi Weiner provides clear and concise guidance to facilitate complex decision making for the most common medical dilemmas that arise in contemporary society [Dissenter in Zion](#) Judah Leon Magnes,1982 For nearly half a century until his death in October 1948 Judah Magnes occupied a singular place in Jewish public life He won fame early as a preacher and communal leader but abandoned these pursuits at the height of his influence for the roles of political dissenter and moral gadfly During World War I he became an outspoken pacifist and supporter of radical causes Settling permanently in Palestine in 1922 he was a founder and the first president of the Hebrew University Increasingly he viewed rapprochement with the Arabs as the practical and moral test of Zionism and the formation of a bi national state of Arabs and Jews became his chief political goal His life interests thus focused on the core issues that

confronted and still confront the Jewish people group survival in democratic America the direction and character of the return to Zion and thereconciliation of universal ideals with Jewish aspirations and needs Dissenter in Zion draws upon a rich corpus of private letters personal journals and diaries to offer a moving account of an eloquent and sensitive person grappling with the great questions of the day and of an activist striving to translate private moral feelings into public deeds through politics and diplomacy We see Magnes disagreeing with Brandeis over the leadership and direction of American Zionism and with Weizmann and Ben Gurion over ways to achieve peaceful relations with the Arabs defending himself against charges by Einstein that he was mismanaging the affairs of the Hebrew University and persistently negotiating with Arab leaders trying to reach a compromise on the eve of the establishment of the State of Israel Dissenter in Zion also contains a biographical essay on Magnes by Arthur Goren assessing his ideas and motives and placing him in the context of his times It shows Magnes s profundity without covering up his weaknesses his lifelong tactic for courting repeated defeat in favor of long term goals that could not come to pass in his lifetime
