Many of these great songs were previously available only as old time sheet music editions that did not accurately portray the classic recordings that made them famous. Also available: Rolling Stone Sheet Music Classics Volume 2, 1970s/1990s. Similar editions are available, arranged for easy guitar/TAB, wind, and string instruments. Songs vary per instrument.

100 Greatest Cover Versions Robert Webb, 2013-07-15. Which Blondie Top Five was originally a flop for a West Coast power pop band who wrote Alice Cooper's 1973 hit "Hello Hurray" and which folk singer first recorded it? Who launched their career with a tear and a cover of a little-known Prince song? Where was Joe Cocker sitting when he came up with the idea of covering "With a Little Help from my Friends"? Everybody likes a good song and a good story. The *100 Greatest Cover Versions* traces the histories of some of the great songs you may know only as second-hand recordings and explores some unusual and creative takes on a few of pop's well-known tracks. Based on the Independent's popular long-running "Story of the Song" column, this collection features previously unpublished pieces alongside fully expanded, updated stories. Robert Webb details the background to each song: how it was written, who first recorded it, and how it came to be covered, and explains how, in some cases, the cover version has become more popular than the original. Artists range from Patti Smith to the Happy Mondays, David Bowie to Florence the Machine, and Stevie Wonder to Robert Wyatt. The book also includes additional, further listening suggestions and a bonus track. Whether you download/rip from CD or stream your music, the Ultimate Playlist series provides the perfect accompaniment to your personal compilation. The series aims to guide listeners through large and often bewildering back catalogues of the major artists, as well as key genres and styles in popular music. If you love music and you enjoy knowing more about the history behind some of pop's greatest songs, then you will love this book.
