## Ken Bails Out:

*Cross-Examining Socrates* John Beversluis, 2000-01-06 This book is a rereading of Plato's early dialogues from the point of view of the characters with whom Socrates engages in debate. Socrates' interlocutors are generally acknowledged to play important dialectical and dramatic roles but no previous book has focused mainly on them. Existing studies are thoroughly dismissive of the interlocutors and reduce them to the status of mere mouthpieces for views which are hopelessly confused or demonstrably false. This book takes interlocutors seriously and treats them as genuine intellectual opponents whose views are often more defensible than commentators have standardly thought. The author's purpose is not to summarise their positions or the arguments of the dialogues in which they appear much less to produce a series of biographical sketches but to investigate the phenomenology of philosophical disputation as it manifests itself in the early dialogues.

*The Many Lives of Kenneth Myer* Sue Ebury, 2008 When Kenneth Baillieu Myer's father fell dead on the footpath in 1934, Ken's life changed in an instant. As the eldest son of the Jewish immigrant retailing genius Sidney Baevski Myer who went from pedlar to philanthropist millionaire in fifteen years, 13-year-old Ken was immediately acknowledged as head of the family. Despite a conventional education at Geelong Grammar and a year at Princeton University, Ken was an unconventional man. He had hit headlines when he was born and continued to make news throughout his life as the powerful Executive Chairman of Myer in his refusal to be Governor General of Australia, with his separation and divorce from his wife Prue and remarriage to a Japanese woman half his age, Yasuko Hiraoka, as Chairman of the Victorian Arts Centre and the National Library of Australia, and during his disastrous years as Chairman of the ABC, a reward for signing the Myer It's time letter acknowledged by Whitlam as influential in bringing the Labor Party to power in 1972. Ken Myer introduced Australia to the first regional shopping centres with Chadstone, changing the face of the Australian landscape. Parking meters, state-of-the-art information systems at the National Library of Australia, ground-breaking medical research at The Howard Florey Institute, and genetic engineering at CSIRO were all facilitated by him. Visionary and romantic, he was depressive and driven, charming one moment, icy the next. Unpretentious and a passionate conservationist, he was generous both publicly and anonymously, giving away his fortune and in doing so founding modern philanthropy in Australia. Happiest when finally free of the Store, he died with his wife Yasuko in a light plane crash in Alaska in 1992. With unprecedented access to family documents, Sue Ebury paints a vivid portrait of the many aspects of Ken Myer's life and the man himself.

*The Defender Magazine*, 1947 **Life as We Lived It** Patricia Burns, 2015-04-27 They are proof that you don't have to have a lot of money to live a full life but you do need to enjoy life, have a sense of adventure, and occasionally step outside your comfort zone.

*Lost Airmen* Charles E. Stanley, 2022-03-15 Late in 1944, thirteen U.S. B-24 bomber crews bailed from their cabins over the Yugoslavian wilderness. Bloodied and disoriented after a harrowing strike against the Third Reich, the pilots took refuge with the Partisan underground. But the Americans were far from safety. Holed up in a village barely able to feed its citizens, encircled by Nazis,

and left abandoned after a team of British secret agents failed to secure their escape the airmen were left with little choice It was either flee or be killed In *The Lost Airmen* Charles Stanely Jr unveils the shocking true story of his father Charles Stanely and the eighteen brave soldiers he journeyed with for the first time Drawing on over twenty years of research dozens of interviews and previously unpublished letters diaries and memoirs written by the airmen Stanley recounts the deadly journey across the blizzard swept Dinaric Alps during the worst winter of the Twentieth Century and the heroic men who fought impossible odds to keep their brothers in arms alive
