trials of 1957 and was capped in that position against France at Colombes just a few weeks later scoring all of his country's points as the Scots recorded their first win on French soil since 1949. Having joined the army after leaving school, Scotland then attended Cambridge University and it was from there that he was selected for the 1959 British Irish Lions tour to Australia and New Zealand. During this epic four-month tour, he won plaudits far and wide as one of the superstars of the Lions team. Using entries from the diary he kept during this tour, Scotland brings to life one of the great Lions expeditions, taking us right into the heart of the changing rooms, hotels, bars, and in the heat of battle on the field. Scotland played in five Tests for the Lions and won a total of twenty-seven caps for his country before retiring in 1965 with a reputation as one of the finest players ever to play for Scotland, well established. He would continue to play club rugby for several years afterwards while enjoying a successful business career. At eighty-three, he has finally decided to tell his life story. Working with Allan Massie, the doyen of Scottish rugby journalism, he has created a rich and powerful testimony to his life and rugby career, throwing new light on his own achievements as well as providing fresh insight into the great players of his era. It is as fascinating as it is evocative of a time and a game long past and a must-read for rugby fans of all generations.

Fifty-Three Days on Starvation Island John R. Bruning, 2024-05-14. The pivotal true story of the first fifty-three days of the standoff between Imperial Japanese and a handful of Marine aviators defending the Americans dug in at Guadalcanal from the New York Times bestselling author of *Indestructible* and *Race of Aces*. On August 20, 1942, twelve Marine dive bombers and nineteen Marine fighters landed at Guadalcanal. Their mission: defeat the Japanese navy and prevent it from sending more men and supplies to Starvation Island, as Guadalcanal was nicknamed. The Japanese were turning the remote jungle-covered mountain in the south Solomon Islands into an air base from which they could attack the supply lines between the U.S. and Australia. The night after the Marines landed and captured the partially completed airfield, the Imperial Navy launched a surprise night attack on the Allied fleet offshore, resulting in the worst defeat the U.S. Navy suffered in the 20th century, which prompted the abandonment of the Marines on Guadalcanal. The Marines dug in and waited for help as those thirty-one pilots and twelve gunners flew against the Japanese, shooting down eighty-three planes in less than two months while the dive bombers carried out over thirty attacks on the Japanese fleet. *Fifty-Three Days on Starvation Island* follows Major John L. Smith, a magnetic leader who became America's top fighter ace for the time, Captain Marion Carl, the Marine Corps' first ace and one of the few survivors of his squadron at the Battle of Midway. He would be shot down and forced to make his way back to base through twenty-five miles of Japanese-held jungle. And Major Richard Mangrum, the lawyer-turned-dive bomber commander whose inexperienced men wrought havoc on the Japanese Navy. New York Times bestselling author John R. Bruning depicts the desperate effort to stop the Japanese long enough for America to muster reinforcements and turn the tide at Guadalcanal. Not just the story of an incredible stand on a distant jungle island, *Fifty-Three Days on Starvation Island* also explores the consequences of victory to the men who secured it at a time when America had been at war for less than a

year and its public had yet to fully understand what that meant The home front they returned to after their jungle ordeal was a surreal montage of football games nightclubs fine dining with America s elites and inside looks at dysfunctional defense industries more interested in fleecing the government than properly equipping the military Bruning tells the story of how one battle reshaped the Marine Corps and propelled its veterans into the highest positions of power just in time to lead the service into a new war in Southeast Asia
