Albaugh,Kathryn M. de Luna,2018-01-10 The great diversity of ethnicities and languages in Africa encourages a vision of Africa as a fragmented continent with language maps only perpetuating this vision by drawing discrete language groups In reality however most people can communicate with most others within and across linguistic boundaries even if not in languages taught or learned in schools Many disciplines have looked carefully at language movement and change on the continent but their lack of interaction has prevented the emergence of a cohesive picture of African languages Tracing Language Movement in Africa gathers eighteen scholars together to offer a truly multidisciplinary representation of language in Africa combining insights from history archaeology religion linguistics political science and philosophy The resulting volume illuminates commonalities and distinctions in these disciplines understanding of language change and movement in Africa The volume is empirical aiming to represent language more accurately on the continent as well as theoretical It identifies the theories that each discipline uses to make sense of language movement in Africa in plain terms and highlights the themes that cut across all disciplines how scholars use data understand boundaries represent change and conceptualize power The volume is organized to reflect differing conceptions of language that arise from its discipline specific contributions that is tendencies to study changes that consolidate language or those that splinter it viewing languages as whole or in part Each contribution includes a short explanation of a discipline s theoretical and methodological approaches to language movement and change to ensure that the chapters are accessible to non specialists followed by an illustrative empirical case study This volume will inspire multidisciplinary conversations around the study of language change in Africa opening new interdisciplinary dialogue and spurring scholars to adapt the questions data and method of other disciplines to the problems that animate their own fields [Kenya National Assembly Official Record \(Hansard\)](#) ,1983-03-15 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya [Kenya National Assembly Official Record \(Hansard\)](#) ,1985-10-08 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya
