Key Issues In Womens Work:

Key Issues in Women's Work Catherine Hakim, 2004 Rethinking patriarchy and male dominance **Key Issues in Women's Work: Female Heterogeneity and the Polarisation of Women's Employment** Catherine Hakim, 1996-01-01 Dr Hakim tests the power of patriarchy theory against economic and psychophysiology theories Sex discrimination part time work flexible hours homeworking marriage and career patterns labour mobility labour turnover and the impact of the European Union are all considered Analysis of the grand sweep of history over the last century based on large national surveys is complemented by case studies of people working in occupations undergoing change and their resistance to it Throughout the book comparisons are drawn between Britain the USA and other European countries and also China Japan and other Far Eastern societies The analysis draws on sociology economics psychology labour law history and anthropology to conclude that female heterogeneity is increasing explaining the growing polarisation of women s employment and many contradictory research results Key Issues, Research Needs, Policy Options/recommendations ,1982 **Women and Labour Market Dynamics** Balwant Singh Mehta, Ishwar Chandra Awasthi, 2019-09-10 This book addresses women s changing role in and contributions to the Indian labour market It explores how feminist theories and frameworks have changed over time and gradually been supplanted by new ones The book explores the structural shift in women s employment from farm to non farm jobs in services and industries both theoretically and empirically Further it examines the steady rise of women in high skilled or new economy sectors like information and communication technology electronics and telecom and in low skilled work such as domestic work particularly in urban areas It also scrutinizes how emerging sectors of the economy are experimenting with new forms of employment by changing the temporal part time work flexible hours spatial location of work and contractual temporary contracts dimensions Beyond analysing the above mentioned aspects the book discusses perennial challenges such as patriarchy socio cultural norms and gender based labour market inequalities across occupations as a glass ceiling or sticky floor One of the book s most important contributions is inclusion of detailed labour market statistics for women with long term trends and patterns as well as comparisons with other countries and regions In closing the book highlights women s participation in economic and non economic activities and related quantification issues i e the invisibility of women s work which remains a highly contentious aspect Given its content the book offers a valuable asset for a broad readership including academics NGOs and policymakers The subject of low work participation rates for women has been of concern to economists gender specialists and policy makers for decades This book makes an important contribution in understanding the role of women in development and identifies some new policy directions that could be initiated to facilitate greater employment of women Rohini Nayyar Former Principal Adviser Yojana Aayog Government of India This book is timely and extremely relevant to the academic and policy debates in India Given the puzzle of low and declining female labour force participation it is critical to focus on where women work beyond a supply side

perspective In addition efforts are needed to better measure women's work which is typically underreported In both these dimensions this book makes an important contribution which will be valuable for both academics and policymakers Sher Verick Employment Policy and Analysis Programme EPAP of the International Training Centre ITC International Labour Organization This book critically examines both theoretically and empirically the dynamics of changes in women's participation in and contribution to the fast transforming Indian labour market The aspects covered include the essential issue of how the new forms of employment are impacting temporal spatial and contractual dimensions An excellent and compulsory read for academicians and policy makers involved in gender as well as labour economics Ritu Dewan Former President Indian Association for Women's Studies Former Director Professor Dept of Economics University of Mumbai The book is a required addition to the exiting literature on women's work and employment for its comprehensive and distinctive approach It is a unique blend of macro and micro level perspectives and issues capturing statistics Neetha N Acting Director Professor Centre for Women's Development Studies CWDS New Delhi Young Adult Women, Work, and Family Ian Procter, Maureen Padfield, 1998 This is an interview based study of the work family experiences and aspirations of young adult women All the subjects were single childless and employed coming from a variety of backgrounds and aged between 18 and 27 The follow up interviews track changes in circumstances marital status habitation and attitudes amongst the subjects The resultant analysis reveals how these young women regard their work their relationships and their status as young adults

Connecting People with Jobs: Key Issues for Raising Labour Market Participation in Australia OECD, 2017-03-09 This report on Australia is the third country study published in a series of reports looking into strategies to encourage greater labour market participation of all groups in society with a special focus on the most disadvantaged **Women and Work** Elizabeth Higginbotham, Mary Romero, 1997-06-12 This collection of original research articles explores how race ethnicity and social class have shaped the work lives of women Women and Work explores women's working conditions their wages and salaries their abilities to control their work environments and how they see themselves and their options in the workplace A great deal of importance is given to women of color non citizens and working class women groups that are often neglected in other treatments of this subject The integration of work and family women's vision of their own work and consciousness as employees and women's resistance to exploitative and limiting work are themes also addressed throughout this book Written by an interdisciplinary group of women scholars Women and Work will be of interest to faculty researchers and advanced students in the fields of sociology organization studies psychology gender studies women's history and economics Conceptualising Women's Working Lives Wendy Patton, 2013-04-20 Theoretical work on the career development of women has travelled a journey from critique to creation Early work responded to and criticised a literature that focused on theorising male roles in a workplace that was conceptualised as providing vertical career paths primarily for middle class males More recently theorists are creating new constructions and frameworks to enable a more holistic

understanding of career applicable to both women and men These constructions include broadening the discussion from women s careers to women s working lives This is the fifth book in the Sense Publishers Career Development Series It features the vibrant work of contributors from around the world writing in the field of women s working lives It emphasises the need to explore theoretical connections and understandings in order to facilitate a more holistic and inclusive understanding of women s working lives The writers in the current volume acknowledge the changing roles of women in both public and private spheres Women s roles in paid work are changing both in their nature and type of engagement In addition with an ageing population women s roles in care work are increasingly being extended from child care to aged care This book provides a history of theorising about women s careers in addition to presenting a focus on current empirical and theoretical work which contributes to understandings of women s working lives It s contributions both map the current discourse and challenge future work to extend the boundaries of that discourse

Women in the Factory, 1880-1930 Beatrice

Moring,2024 A rich and detailed picture across Britain and many other European countries of the nature of women s factory work the problems which arose and how women factory inspectors understood and reacted to the problems Based on extensive original archival research both in Britain and in many European countries this book is a comparative study of the large numbers of women who were engaged in industrial work in the western world in the late nineteenth and the early twentieth century that is at a time when the industrial revolution was established and the problems caused by industrial work had become part of political debate and social discourse worldwide It analyses the scope of female factory work what the conditions were in such work and what the motivations were for women to enter such employment It reveals the composition of the female workforce as to age and marital status In addition it considers the first generation of female industrial inspectors outlining the background of these inspectors assessing to what extent were they were capable of taking on the role of protectors of women in manual work and discussing the actions and attitudes of the female inspectors as recorded in inspection reports biographies and contemporary discourse Overall the book presents a rich detailed comparative picture of women s factory work contributing much to the understanding of the history of gender and class
