The Coordination of Public Sector Organizations Geert Bouckaert,B. Guy Peters,Koen Verhoest,2010-02-24 This book discusses the trajectories of creating specialized autonomous units An analysis of the mechanisms and measures taken for granting autonomy to specialized autonomous units and subsequently to coordinating them back is described The book shows a range of patterns in the dynamics of specialization and coordination over 25 years

The Mitterrand Years Mairi Maclean,2016-07-27 A considered look at the Mitterrand presidency as a whole its place in French history and the trends for the twenty first century emerging under Chirac The fourteen years during which Mitterrand was at the helm ushered in fundamental change in many different domains as France faced up to new challenges in an increasingly uncertain world This study evaluates the impact and legacy of the Mitterrand years in the following key areas the Republic socialism Europe and foreign affairs business and the economy society and culture **Public Sector Reform** Jan-Erik Lane,1997-12-12 Deregulation privatization and marketization have become the bywords for the reforms and debates surrounding the public sector This major book is unique in its comparative analysis of the reform experience in Western and Eastern Europe Australia New Zealand and Canada Leading experts identify a number of key factors to

systematically explain the similarities and differences map common problems and together reflect on the future shape of the public sector exploring significant themes in a lively and accessible way The Political Economy of Regionalism Michael Keating, John Loughlin, 2013-07-04 Examining the effects of economic and political restructuring on regions in Europe and North America the main themes here are international economic restructuring political realignments questions of territorial identity and policy choices and policy conflicts in regional development *The Study of Public Management in Europe and the US* Walter Kickert, 2007-12-05 This book presents an overview of the scientific study of public management gathering together some of the most authoritative experts in this area of study in Europe and the United States writing specifically about their respective countries These essays seek to present the national distinctiveness of the study of public management in the context of specific state administration This book goes further than some previous books concerning public management by highlighting the underlying differences between Europe and the United States and amongst European countries in relation to their particular political administrative circumstances The aim of this book is to establish a dialogue between Anglo American and European approaches to public management to encourage readers to see their own national ideas and practises in contrast to others and foster leaning by asking repeatedly compared to what *Insiders' French* Eleanor Levieux, Michel Levieux, 1999-05-15 Bringing readers up to date with the 1990s the authors present an utterly entertaining and informative guide to the new France 11 line drawings Smart City Renata Paola Dameri, Camille Rosenthal-Sabroux, 2014-06-26 This book presents a comprehensive overview of the various aspects for the development of smart cities from a European perspective It presents both theoretical concepts as well as empirical studies and cases of smart city programs and their capacity to create value for citizens The contributions in this book are a result of an increasing interest for this topic supported by both national governments and international institutions The book offers a large panorama of the most important aspects of smart cities evolution and implementation It compares European best practices and analyzes how smart projects and programs in cities could help to improve the quality of life in the urban space and to promote cultural and economic development *French Sociology* Johan Heilbron, 2015-11-06 French Sociology offers a uniquely comprehensive view of the oldest and still one of the most vibrant national traditions in sociology Johan Heilbron covers the development of sociology in France from its beginnings in the early nineteenth century through the discipline s expansion in the late twentieth century tracing the careers of figures from Auguste Comte to Pierre Bourdieu Presenting fresh interpretations of how renowned thinkers such as mile Durkheim and his collaborators defined the contours and content of the discipline and contributed to intellectual renewals in a wide range of other human sciences Heilbron s sophisticated book is both an innovative sociological study and a major reference work in the history of the social sciences Heilbron recounts the halting process by which sociology evolved from a new and improbable science into a legitimate academic discipline Having entered the academic field at the end of the nineteenth century sociology developed along two

separate tracks one in the Faculty of Letters engendering an enduring dependence on philosophy and the humanities the other in research institutes outside of the university in which sociology evolved within and across more specialized research areas Distinguishing different dynamics and various cycles of change Heilbrun portrays the ways in which individuals and groups maneuvered within this changing structure seizing opportunities as they arose French Sociology vividly depicts the promises and pitfalls of a discipline that up to this day remains one of the most interdisciplinary endeavors among the human sciences in France

Individualism and World Politics Michel Girard, 2016-07-27 Is an individualistic outlook in analysing world politics either possible or useful This book is a collection of essays written by an international team of ten scholars It deals with the status of individuals in world politics and tries to connect macro and micro levels of analysis Five contributions by Michel Girard Michel Nicholson James Rosenau Jacques Herman and Anna Leander explore some of the theoretical and methodological problems related to the individualistic perspective in International Relations Five other contributions by Marcel Merle Susan Strange Dominique David Jean Klein and Jean Pierre Colin examine the role of exceptional or ordinary individuals in different spheres of international politics

Reinventing Territories through Solidarity Didier Chabaud, Philippe Eynaud, Nathalie Raulet-Croset, 2025-07-29 While territories have always faced multiple challenges the addition of ecological transition to economic cultural and social issues complicates matters considerably Transition calls for new perspectives The reinvention of territories through solidarity appears to be a particularly relevant approach as it allows us to draw on the many innovations brought about by players in the social and solidarity economy SSE To illustrate this point the book brings together case studies that bear witness to their astonishing ability to link the economy and local democracy to ensure the sustainability of their activities These case studies illustrate a renewed vision of territorial development based on cooperation between the SSE local authorities entrepreneurs and citizens Subsequently they usher in a new way of thinking about public action in which solidarity players undertake an important role in co constructing with local public players systems capable of meeting the major challenges of our time

Organizational Learning and the Learning Organization Mark Easterby-Smith, Luis Araujo, John Burgoyne, 1999-04-16 The introduction chapter by Mark Easterby Smith and Luis Araujo introduces the reader to the unresolved issues with which the field is still grappling today All in all this is an interesting and useful book for both researcher and manager alike First and perhaps most importantly the book incorporates multiple perspectives on learning the psychological sociological and the philosophical Second the book is neither purely theory driven nor purely empirically driven Theoretical contributions are complemented by empirical studies which help to illustrate the application of the theoretical constructs I suspect that this would be of immense value to the practicing manager Finally the book provides a critical commentary on the state of the field in a nice compact way which should enhance its value to scholars in this area a book which is both useful and interesting

Organisational Studies Most importantly the book incorporates multiple perspectives on learning the psychological sociological and the philosophical

provides a critical commentary on the state of the field in a nice compact way which should enhance its value to scholars
Organization Studies A valuable resource for academics and practitioners in management and corporate strategy as well as
those involved in management training and development European Foundation for Management Development This is a
particularly interesting and useful work because it combines some chapters which deal primarily in concepts or indeed
theories and others which describe the experiences of trying to carry out the practices involved in creating both either
organisational learning and or the learning organisation Industrial and Commercial Training The editors overall assessment
is that there has been insufficient dialogue between the two camps of action research and theorizing As a contribution to
mapping this divided house the text is an apt illustration of these problems The editor s overview is of interest Stephen Gibb
University of Strathclyde MCB University Press The debates surrounding concepts of organizational learning and the
learning organization receive a welcome synthesis in this book International experts explore the links between the two fields
of enquiry which hitherto despite their intersecting concerns have represented separate constituencies literatures and
perspectives The book provides a much needed integrated framework of concepts and theories which draws on current
insights from management cognition theories of knowledge and learning management practice and work psychology
