Katharine Hepburn The Thirties After:

Katharine Hepburn Andrew Britton, 2003 Of all the major Hollywood stars Katharine Hepburn was the least conventional conforming to none of the stereotypes of female superstardom She was not an exotic outsider in Hollywood like Greta Garbo or Marlene Dietrich nor was she a victim of the studios like Judy Garland or Marilyn Monroe and she was certainly not a creature of the system like Joan Crawford and Lana Turner Instead she always appeared intelligent willful and independent able to develop her own persona within the confines of the studio system Andrew Britton proposes a feminist reading of Hepburn's films arguing that her persona raises problems about class female sexuality and women's oppression that strain to the limits the conventions of a cinema ultimately committed to the reassertion of bourgeois gender roles Hepburn's work is also used to explore more general issues such as the functioning of the star system This is one of the very few analyses of American cinema to focus on a film star rather than a director or a genre and as such is essential reading for anyone interested in the movies First published in the United Kingdom twenty years ago this lavishly illustrated new edition features a foreword by the noted film critic Robin Wood

Britton on Film Andrew Britton, 2009 Renowned film scholar and editor Barry Keith Grant has assembled all of Britton's published essays of film criticism and theory for this volume spanning the late 1970s to the early 1990s The essays are arranged by theme Hollywood cinema Hollywood movies European cinema and film and cultural theory In all twenty eight essays consider such varied films as Hitchcock's *Spellbound* *Jaws* *The Exorcist* and *Mandingo* and topics as diverse as formalism camp psychoanalysis imperialism and feminism Included are such well known and important pieces as *Blissing Out* *The Politics of Reaganite Entertainment* and *Sideshow Hollywood in Vietnam* among the most perceptive discussions of these two periods of Hollywood history yet published In addition Britton's critiques of the ideology of Screen and Wisconsin formalism display his uncommon grasp of theory even when arguing against prevailing critical trends

Sexual Politics and Narrative Film Robin Wood, 1998 An examination of the relationship between narrative style and sexual politics Looking at contemporary films from the USA Europe and Japan the book examines the ways in which films relate to sexual politics and the organization within our culture of gender and sexuality

Great Fashion Designs of the Thirties Tom Tierney, 1984-09-01 In this handsome painstakingly researched book a noted artist and fashion authority re-creates the exquisite haute couture of the thirties Two dolls inspired by such actresses as Gloria Swanson and Joan Crawford can model 32 seductive creations by Schiaparelli Lanvin Vionnet Molyneux Chanel Mainbocher Worth Paquin and others Includes informative captions and an Introduction

[The Oxford Encyclopedia of Women in World History](#) Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of

women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

Women vs Hollywood Helen O'Hara, 2021-02-18 A fascinating polemic Sunday Times A powerful sobering and vital work The Mail on Sunday A page turning read peppered with humour Sight Sound A must read Edgar Wright A call to arms from Empire magazine s geek queen Helen O Hara that explores women s roles both in front of and behind the camera since the birth of Hollywood how those roles are reflected within wider society and what we can do to level the playing field Hollywood was born just over a century ago at a time of huge forward motion for women s rights With no rules in place to stop them there were women who forged ahead in many

areas of filmmaking Yet despite the work of early pioneers like Dorothy Arzner Mabel Normand Mary Pickford and Alice Guy Blach it soon came to embody the same old sexist standards Women found themselves fighting a system that fed on their talent creativity and beauty but refused to pay them the same respect as their male contemporaries until now The tide has finally begun to turn A new generation of women both in front of and behind the camera are making waves in the industry and are now shaping some of the biggest films to hit our screens In *Women vs Hollywood The Fall and Rise of Women in Film* film critic Helen O Hara takes a closer look at the pioneering and talented women of Hollywood and their work in film since Hollywood began And in understanding how women were largely written out of Hollywood s own origin story and how the films we watch are put together we can finally see how to put an end to a picture that is so deeply unequal and discover a multitude of stories out there just waiting to be told Kate William J. Mann,2006-10-03 The first major Katharine Hepburn biography independent of her control reveals the smart complicated and sophisticated woman behind the image Onscreen she played society girls Spencer Tracy s sidekick lionesses in winter But the best character Katharine Hepburn ever created was Katharine Hepburn a Connecticut Yankee outspoken and elegant she wore pants whatever the occasion and bristled at Hollywood glitter So captivating was her image that she never seemed less than authentic But how well did we know her really Was there a woman behind the image who was more human more driven and ultimately more triumphant because of her vulnerability William J Mann a cultural historian and journalist a sympathetic admirer but no mere fan has fashioned an intimate often revisionist and truly unique close up that challenges much of what we think we know about the Great Kate Previous biographies mostly products of friends and fans have recycled the stories she hid behind taking Hollywood myths at face value Mann goes deeper delivering new details from friends and family who have not been previously interviewed and drawing on materials only available since Hepburn s death With affection intelligence and a voluminous knowledge of Hollywood history Mann shows us how a woman originally considered too special and controversial for fame learned the fine arts of movie stardom and transformed herself into an icon as durable and all American as the Statue of Liberty
