W FOR BEGINNERS TO MORE ADVANCED

Welcome to **KATHY SMITH'S BODY BASICS**. This exercise program is called **BODY BASICS** because it really gets down to fitness basics. If you're a beginner, you'll love it. If you're more advanced (or want to be) you'll appreciate the benefits of the **LOW IMPACT AEROBICS** used in this program. They're easier on your body while still getting your pulse rate up to lose weight and build a stronger heart.

The program is designed to allow you to identify and concentrate on specific body problem areas, including the different muscle groups. Stomach flattening and thigh firming exemplify this technique.

Besides visual aids such as beat counts and timed heart rate checks, it's recorded in stereo with music specifically written for each section. With your VCR memory counter, you can record the number of each section on the video label for easy future reference to specific workout sections.

BELIEVE IN YOURSELF! STICK WITH IT! THE REWARDS ARE THERE!
