Kazakh Traditions Of China:

Kazakh Traditions of China Awelkhan Hali,Zengxiang Li,Karl W. Luckert,1998 This book provides a window to the life and culture of the Kazakh people who live in China The work summarizes Kazakh political history social organization ethnographical aspects of nomadism linguistics and Chinese national policy To this array of information the book brings humanity and cultural depth revealing how Kazakhs bless and obliquely curse and how they experience life s joys and sorrows together with the fate and the work they share We learn about their wedding customs and their poetry of marriage about their involvement with the religion of Islam and about their enduring habit of occasionally having recourse to the ancient rites of shamans In brief this book presents glimpses of Kazakh culture and life ranging from the joys of being born and married to the sorrows of death

Islam in Traditional China Donald Daniel Leslie,Yang Daye,Ahmed Youssef,2023-05-31 This bibliography lists primary and secondary works on Islam in traditional China concentrating on two main topics Muslims and Islam in China mutual knowledge by Muslims both inside and outside China of China and non Muslim Chinese of Islam and Muslims both inside and outside China The main items are provided with subheadings and short annotations and are evaluated by the authors Donald David Leslie has previously published a comprehensive bibliography on Jews and Judaism in Traditional China in the Monumenta Serica Monograph Series vol 44 1998

Traditional Chinese Folk Customs Zhengming Du,2015-10-05 Traditional Chinese Folk Customs provides the reader with a kaleidoscopic view of social and cultural phenomena in various different areas and ethnic communities in China in both ancient times and the present Although the extent to which such old customs are still prevalent in Chinese society today varies these traditions have had an undeniable impact on the contemporary Chinese way of life Furthermore given the growing consciousness of the importance of protecting traditional cultures a number of folk customs that had once fallen to the verge of extinction are now being recovered while others are still often found in Chinese literary works even if they have fallen out of common usage As such this book offers interesting insights into an often overlooked aspect of Chinese culture Provided by publisher

Dislocating China Dru C. Gladney,2004-04 Until quite recently Western scholars have tended to accept the Chinese representation of non Han groups as marginalized minorities Dru C Gladney challenges this simplistic view arguing instead that the very oppositions of majority and minority primitive and modern are historically constructed and are belied by examination of such disenfranchised groups as Muslims minorities or gendered others Gladney locates China and Chinese culture not in some unchanging essential Chinese ness but in the context of historical and contemporary multicultural complexity He investigates how this complexity plays out among a variety of places and groups examining representations of minorities and majorities in art movies and theme parks the invention of folklore and creation myths the role of pilgrimages in constructing local identities and the impact of globalization and economic reforms on non Han groups such as the Muslim Hui In the end Gladney argues that just as peoples in the West have defined themselves against ethnic others so too have the

Chinese defined themselves against marginalized groups in their own society

The Columbia Anthology of Chinese Folk and Popular Literature Victor H. Mair, Mark Bender, 2011-05-03 In *The Columbia Anthology of Chinese Folk and Popular Literature* two of the world's leading sinologists Victor H. Mair and Mark Bender capture the breadth of China's oral-based literary heritage. This collection presents works drawn from the large body of oral literature of many of China's recognized ethnic groups including the Han, Yi, Miao, Tu, Daur, Tibetan, Uyghur, and Kazak, and the selections include a variety of genres. Chapters cover folk stories, songs, rituals, and drama, as well as epic traditions and professional storytelling, and feature both familiar and little-known texts, from the story of the woman warrior Hua Mulan to the love stories of urban storytellers in the Yangtze delta, the shaman rituals of the Manchu, and a trickster tale of the Daur people from the forests of the northeast. The Cannibal Grandmother of the Yi and other strange creatures and characters unsettle accepted notions of Chinese fable and literary form. Readers are introduced to antiphonal songs of the Zhuang and the Dong who live among the fantastic limestone hills of the Guangxi Zhuang Autonomous Region, work and matchmaking songs of the mountain-dwelling She of Fujian province, and saltwater songs of the Cantonese-speaking boat people of Hong Kong. The editors feature the Mongolian epic poems of Geser Khan and Jangar, the sad tale of the Qeo family girl from the Tu people of Gansu and Qinghai provinces, and local plays known as rice sprouts from Hebei province. These fascinating juxtapositions invite comparisons among cultures, styles, and genres, and expert translations preserve the individual character of each thrillingly imaginative work.

The Nanxun Legacy and China's Development in the Post-Deng Era John Wong, Yongnian Zheng, 2001 In the spring of 1992 Deng Xiaoping made a historical tour of south China, popularly known as the Nanxun southern tour. During the tour, he boldly called for more radical economic reform and further opening up of China. The Nanxun has become a political landmark in the history of the People's Republic of China, much like great events such as the Great Leap Forward, the Cultural Revolution, and the 1989 Tiananmen crackdown. Deng Xiaoping has left his own legacy for the country. The Nanxun belongs to Deng just as the 1911 revolution belongs to Sun Yat-sen and the communist revolution to Mao Zedong. In this collection of articles, leading China scholars and experts analyze how the Nanxun has sparked off dynamic economic growth in China and drastically changed the political and social landscape of the country.

The Other Middle Kingdom Chiara Betta, 2004-10 The history of Muslims in China spans more than fourteen centuries and cannot be exhaustively analyzed in a single work Notwithstanding the inevitable limitations of space *The Other Middle Kingdom* will attempt to present this often overlooked chapter of Chinese history which has been revalued by scholars from various academic disciplines only in recent years

Creating Culture in (Post) Socialist Central Asia Ananda Breed, Eva-Marie Dubuisson, Ali Iğmen, 2020-11-24 This book brings together historical and ethnographic research from Kyrgyzstan Kazakhstan and Xinjiang in order to explore how individuals and communities work to create and maintain forms of culture in contexts of ideological repression and erasure Across Inner Central Asia in both China and the Soviet Union while ethnic culture was on one hand lauded and promoted it was simultaneously folklorized in the face of broader projects of socialist modernity How do local intellectuals cultural organizers

and performers work to negotiate their own forms and understandings of cultural meaning within the institutions and frameworks of a long twentieth century How does scholarly attention to cultural production tradition and performance help to inform our understanding of ethnic nations not as given but as coming into being China and Central Asia in the Post-Soviet Era Muhamad S. Olimat, 2015-08-27 This manuscript examines Sino Middle Eastern relations on a bilateral level It highlights the depth of China's involvement in Central Asia with each country on a five dimensional approach security cooperation energy security trade relations political relations and cultural relations Regarding each of these criteria Central Asia enjoys a strategic significance to China's national security vital interests territorial integrity sovereignty regime survival and economic prosperity China has been an integral part of the political developments on the Central Asian political scene for over the past two millennia Their bilateral ties grew steadily since the independence of Central Asian republics in 1992 culminating into strategic partnership two decades later China and its partners in the region have embarked on the construction of the most ambitious gas pipelines network joint ventures in oil upstreaming and downstreaming mammoth highway and railroad projects trade zones construction projects and above all strategic security coordination in reference to unified and an integrated response to regional security threats Both sides are also engaged in a process of revival of the Silk Road in terms of its cultural diversity and trade relations Sino Central Asian volume of trade reached 50 billion heading steadily toward 100 in the coming five years The Garland Encyclopedia of World Music Robert C. Provine, Yoshihiko Tokumaru, J. Lawrence Witzleben, 2017-11-22 This volume explores not only the close ties that link the cultures and musics of East and Northeast Asia but also the distinctive features that separate them *The Spectre of Tradition and the Aesthetic-Political Movement of Theatre and Performance* Min Tian, 2022-10-25 This book interrogates anew the phenomenon of tradition in a dialogical debate with a host of Western thinkers and critical minds In contrast to the predominantly Western approaches which look at traditions Western and non Western from a predominantly Western modernist perspective this book interrogates from an intercultural perspective the transnational and transcultural consecration translation re-invention and displacement of traditions theatrical and cultural in the aesthetic political movement of twentieth century theatre and performance as exemplified in the case studies of this book It looks at the question of traditions and modernities at the centre of this aesthetic political space as modernities interculturally evoke and are haunted by traditions and as traditions are interculturally refracted reconstituted refunctioned and reinvented It also looks at the applicability of its intercultural perspective on tradition to the historical avant garde in general postmodern postcolonial and postdramatic theatre and performance and to the twentieth century classical intercultural theatre and the twenty first century new interculturalisms in theatre and performance To conclude it looks at the future of tradition in the ecology of our globalized theatrum mundi and considers two important interrelated concepts future tradition and intercultural tradition This book will be of great interest to students and scholars in performance studies *The Modernization of Inner Asia* Cyril E. Black, Louis Dupree, Elizabeth

Endicott-West, Daniel C. Matuszewski, Eden Naby, Arthur N. Waldron, 2016-09-16 Inner Asia in premodern times the little known land of nomads and semi nomads has moved to the world's front page in the 20th century as the complex struggles for the future of Afghanistan Soviet Central Asia Tibet and other territories make clear But because Inner Asia as a whole is divided among several states politically and among area specialists academically broad perspectives on recent events are difficult to find This work treats the region as a single unit providing both an account of the region's past and an analysis of its present and its prospects in a thematic rather than a strictly country by country manner **Bulletin of the Atomic Scientists**, 1993-10 *Kazakhstan* Paul Brummell, 2008 Kazakhstan is vast the ninth largest country in the world yet there is relatively little information available in English about the attractions of this remarkable country With the Kazakh government seeking to promote the development of tourism publication of the Bradt guide is timely Located between Russia and China the state of Kazakhstan possesses an incredible diversity of natural beauty this guide includes arrangements for visiting natural parks and reserves and special features such as singing sand dunes and the Sharyn Canyon Asia's equivalent of the Grand Canyon Key historical and archaeological sites are also given due prominence Kazakhstan having been inhabited since the Stone Age The Social Role of Art and Culture in Central Asia Aliya de Tiesenhausen, 2022-07-25 This collection of multi disciplinary essays offers a fresh perspective on Central Asian art and culture as it gains increased attention on both the local and international stage Influenced by the golden ages of its history from the ancient Scythians through the glory of the Persians and Turks and shaped by the Russian and later Soviet imperial powers the region is revealed as exotic dramatic and universally topical Contributions come from scholars and participants in the Central Asian cultural scene who specialise in different often isolated spheres Their unifying theme is identity and its formation including national ethnic cultural religious and gender identities Art and culture are shown to have active social roles representing analysing questioning and supporting social upheavals and change Culture is seen as an intrinsic part of society while being affected by the specific historical context it does at times affect it in return From major socio economic and political shifts to smaller yet not less potent personal and individual identities this collection demonstrates we are once again experiencing a time in which culture plays a crucial role in opening minds and facilitating change The chapters in this book were originally published as a special issue of Central Asian Survey **Twin Cities across Five Continents** Ekaterina Mikhailova, John Garrard, 2021-11-29 This international collection provides a comprehensive overview of twin cities in different circumstances from the emergent to the recently amalgamated on soft and hard borders with post colonial heritage in post conflict environments and under strain With examples from Europe the Middle East Africa Asia South America North America and the Caribbean the volume sees twin cities as intense thermometers for developments in the wider urban world globally It offers interdisciplinary perspectives that bridge history politics culture economy geography and other fields applying these lenses to examples of twin cities in remote places Providing a comparative approach and drawing on a range of

methodologies the book explores where and how twin cities arise what twin cities can tell us about international borders and the way in which some twin cities bear the spatial marks of their colonial past The chapters explore the impact on twin city relations of contemporary pressures such as mass migration the rise of populism East West tensions international crime surveillance rebordering trends and epidemiological risks triggered by the COVID 19 pandemic With case studies across the continents this volume for the first time extends twin city debates to fictional imaginings of twin cities *Twin Cities across Five Continents* is a valuable resource for researchers in the fields of anthropology history geography urban studies border studies international relations and global development as well as for students in these disciplines
