THE COMPLETE POETICAL WORKS OF JOHN KEATS John Keats, 2023-11-20

The Complete Poetical Works of John Keats is a comprehensive collection that showcases the remarkable range and depth of Keats's poetic genius. Written during the late Romantic period, this anthology includes some of his most celebrated works, such as *Ode to a Nightingale* and *Endymion*, characterized by rich imagery, lush sensuality, and profound emotional resonance. Keats's poetry encapsulates the essence of beauty, transience, and the complexities of existence, reflective of a literary style heavily influenced by the themes of nature, mortality, and the pursuit of idealized forms of art. The volume serves as a testament to his mastery of the sonnet, ode, and narrative verse, placing him firmly within the canon of Romantic literature while simultaneously challenging the conventions of his time.

John Keats, born in 1795, was a significant figure in 19th-century English literature who, despite a brief life curtailed by tuberculosis at the age of 25, produced an oeuvre that profoundly impacted poetry and literary aesthetics. Drawn from the visceral experiences of his own life, such as love, loss, and the

inevitability of death Keats's writing is imbued with a passionate intensity His struggles with societal expectations and the personal tragedies he faced serve as foundational influences on the themes and techniques found within this collection This anthology is highly recommended for both casual readers and scholars of literature as it offers an essential exploration of the themes that define the Romantic movement Keats's works provide a powerful invitation to reflect on the nature of beauty and the human experience making this collection indispensable for anyone seeking to understand the intricacies of life and art through one of its most eloquent voices

Representations of Nature in Romantic and Contemporary Poetry. A Comparison of John Keats and Kathleen Jamie Lisa Gribbohm, 2018-08-31 Seminar paper from the year 2018 in the subject English Language and Literature Studies Literature grade 2.5 Technical University of Braunschweig language English abstract The poetry of earth is never dead Keats 45 that is what John Keats wrote in the first line of his sonnet On the Grasshopper and Cricket Until now one could say that his statement from 1884 is true Poetry still exists and has a significant impact on our present society Contemporary authors as Kathleen Jamie are modern writers who deal with themes about our lives on earth Nature was one of the central topics during the romantic era and is still a persistent theme due to environmental debates as the climate change or the pollution of our planet It is a well known fact that the consciousness of nature during these years had possibly changed but some thoughts and ideas of the romantics might still wield influence on contemporary poetry This fact leads to the central question that motivates this paper namely to what extent the poems in The Tree House by Kathleen Jamie contain similarities to the ideas and thoughts about nature in the romantic era during the 18th century Is Individualism and Subjectivity still as important as it was for the romantics and is the understanding of nature still the same as it was two hundred years ago Does Kathleen Jamie try to escape of the world through imagination or does she face up to the problems of our planet To answer these questions it is necessary to begin by taking a closer look at John Keats and his poetical character Afterwards the romantic ideology with its importance of individualism and subjectivity as well as escapism through imagination will be considered On this occasion reason and intellect in opposite to emotion will be discussed After analysing the poems Ode to a Grecian Urn and Ode to a Nightingale by John Keats in terms of the characteristics considered previously the romantic era will be outpaced and the focus will be on Kathleen Jamie and her contemporary poetry The new nature writing and its ecocritical awareness will be discussed what in the end leads to the main analysis where a few selected poems of the collection The Tree House will be examined and interpreted
