## **Keeping Australia On The Left A Catamaran Odyssey Around Australia:**

Keep Australia On Your Left Eric Stiller, 2014-07-08 *Keep Australia on Your Left* is a story of friendship forged and sustained under demanding circumstances. It is also the personal portrait of Eric Stiller's journey around a continent and into himself. You mad bastards. You mad bloody bastards. The challenge: Paddle a kayak around Australia. As Eric Stiller and Tony Brown would discover, the attempt would be a fascinating, frustrating, maddening and at times hilarious crawl around what many consider the most beautiful but treacherous coastline in the world. Swamped by high waves and rain, hampered by faulty technology, blown off course, baked by a broiling sun or chilled by sub-zero temperatures, battling loneliness and exhaustion and sometimes each other, it would be the most demanding emotional and physical challenge either had ever attempted. In short, it was the adventure of a lifetime. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Fleet the Gods Forgot Walter G. Winslow,2014-08-15 The dramatic tale of the U S Asiatic Fleet in World War II received little attention prior to the publication of this book in 1982 when Winslow chronicled their short and tragic story of heroism and defeat Greatly outnumbered by vastly superior forces and saddled with defective equipment a lack of supplies reinforcements and air cover and towards the end an incompetent and bungled Allied combined command the Asiatic fleet met the Japanese head on Within a matter of three months however the beleaguered ships were totally wiped out Captain Walter Winslow a naval aviator on board the USS Houston flagship of the U S Asiatic Fleet was in a unique position to tell the riveting story As an active participant in all the major battles the fleet engaged in he had an intimate understanding of the calamities that befell it In addition he drew upon his own extensive notes he kept from a POW camp while interviewing other American British Dutch and Australian prisoners from the Allied fleet Winslow also painstakingly tracked down war documents and battle reports from all the ships assigned to the fleet to paint a complete picture filled with graphic details of the fleet's only victory at Balikpapan the disastrous Battle of the Java Sea that broke the back of the combined Asiatic fleet the ghastly spectacle at Sunda Strait where the Houston struggled to survive the suspenseful episode in the submarine Perch trapped in the mud at the bottom of the sea and the daring escape from Corregidor of eighteen crewmembers from the USS Quail who refused to surrender to the Japanese forces

**PT Boat Odyssey** Robert P. Gelzheiser,2019-09-18 During the Pacific War between the United States and Imperial Japanese navies

the author's father Francis Gelzheiser deployed with Motor Torpedo Boat Squadron 16A from New Orleans to Panama to Seattle and to Attu Island in the Aleutians. After their return voyage the PT boats journeyed to New Guinea then battled Japanese kamikazes for the Philippine Island of Mindoro. Like many World War II veterans Gelzheiser only shared his recollections of combat later in life. **The Capable Cruiser** Lin and Larry Pardey, 2010-06-08. Lin and Larry Pardey have now been cruising on board their own boats, racing, delivering and repairing other people's boats for more than 44 years. After west to east and east to west circumnavigations and voyages to more than 75 countries, they have a breadth of knowledge that few other boating authors possess. Most of the voyaging has been done on an earn as you go budget that could be well within the reach of the majority of those whose dream is to set sail. Their motto: Go small, go simple, but go now. The Pardeys' strengths are neatly symbolized by the boats they have built. Each one is romantically traditional with swooping sheerlines and is completely dependent on the wind. And yet each boat carries the best, strongest and most seamanlike gear. Like their vessels, the Pardeys' writings are founded on a marriage of the spirit of romantic adventure and the practical, up-to-date seamanship that keeps them and their boats safe. This revised and expanded third edition of a cruising classic includes 10 completely new chapters with such advice as sixteen ways to encourage your lover/partner to share your dream, strategies for turning sudden engine failure into a minor incident, choosing safety equipment, repairing rigging at sea. All of the original chapters have been updated to ensure that the information will be helpful for everyone who dreams of cruising, whether now or soon. *The Capable Cruiser* is a logical extension of the Pardeys' *The Self-Sufficient Sailor* with more emphasis on seamanship underway, including careful analysis of extreme anchoring situations and solutions for mitigating them. Underlying each and every chapter is the warmth and encouragement that spurred Herb McCormick, former editor of *Cruising World* magazine, to label Lin and Larry Pardey the enablers.

**The New Odyssey** Patrick

Kingsley, 2016-05-03. Europe is facing a wave of migration unmatched since the end of World War II and no one has reported on this crisis in more depth or breadth than the Guardian's migration correspondent Patrick Kingsley. Throughout 2015 Kingsley travelled to 17 countries along the migrant trail, meeting hundreds of refugees making epic odysseys across deserts, seas and mountains to reach the holy grail of Europe. This is Kingsley's unparalleled account of who these voyagers are, it's about why they keep coming and how they do it. It's about the smugglers who help them on their way and the coastguards who rescue them at the other end. The volunteers that feed them, the hoteliers that house them and the border guards trying to keep them out. And the politicians looking the other way. *The New Odyssey* is a work of original, bold reporting written with
