Kenneth Burke Robert Wess,1996-03-29 Kenneth Burke arguably the most important American literary theorist of the twentieth century helped define the theoretical terrain for contemporary literary and cultural studies His perspectives were literary and linguistic but his influences ranged across history philosophy and the social sciences In this important study first published in 1996 Robert Wess traces the trajectory of Burke s long career and situates his work in relation to postmodernity His study is both an examination of contemporary theories of rhetoric ideology and the subject and an explanation of why Burke failed to complete his *Motives* trilogy Burke s own critique of the isolated unique individual led him to question the possibility of unique individuation a strategy which anticipated important elements of postmodern concepts of subjectivity Robert Wess study is a judicious exposition of Burke s massive oeuvre and a crucial intervention in debates on rhetoric and human agency

Kenneth Burke Robert Wess,1996-04-11 Kenneth Burke s influence ranged across history philosophy and the social sciences This important study examines Burke s influence on contemporary theories of rhetoric and the subject and explains why Burke failed to complete his *Motives* trilogy Burke s own critique of the isolated unique individual led him to question the possibility of unique individuation thereby anticipating important elements of postmodern concepts of subjectivity This book is both a timely and judicious exposition of Burke s long career and a crucial intervention in critical debates surrounding rhetoric history and human agency

**Kenneth Burke and His Circles** Jack Selzer,Robert Wess,2008-07-24 Kenneth Burke and His Circles consists of original papers focusing on the intellectual circles in which Burke participated during his long career Instead of concentrating on Burke himself as most recent scholarship has done this book considers Burke as one participant in a host of important overlapping intellectual movements that took place over the course of the twentieth century

**Kenneth Burke on Myth** Lawrence Coupe,2013-10-18 Kenneth Burke rhetorician philosopher linguist sociologist literary and music critic crank was one of the foremost theorists of literary form He did not fit tidily into any philosophical school nor was he reducible to any simple set of principles or ideas He published widely and is probably best known for two of his classic works *A Rhetoric of Motive* and *Philosophy of Literary Form* His observations on myth however were never systematic and much of his writing on literary theory and other topics

cannot be fully understood without fleshing out his thoughts on myth and mythmaking *A Companion to Rhetoric and Rhetorical Criticism* Walter Jost, Wendy Olmsted, 2008-04-15 *A Companion to Rhetoric* offers the first major survey in two decades of the field of rhetorical studies and of the practice of rhetorical theory and criticism across a range of disciplines Assesses rhetoric's place in the larger intellectual universe Focuses on the practical side of rhetoric looking at specific works problems and figures Provides examples of rhetoric from ancient times to the present day Written by leading scholars from a variety of different fields

**Kenneth Burke's Weed Garden** Kyle Jensen, 2022-06-29 Since its publication in 1950 Kenneth Burke's *A Rhetoric of Motives* has been one of the most influential texts of theory and criticism Critics have discovered in its pages concepts that reveal new dimensions of human motivation And yet despite its obvious genius critics have interpreted *A Rhetoric of Motives* as a collection of provocations rather than a systematic treatment of rhetoric In this book Kyle Jensen argues that the coherence in Burke's thought has yet to be fully appreciated Drawing on unpublished drafts and voluminous correspondence he reconstructs Burke's drafting and revision process for *A Rhetoric of Motives* as well as its recently discovered second volume *The War of Words* Jensen's extensive archival analysis reveals that Burke relied on the concept of myth to draw together the loose ends in his argument For Burke all general theories of rhetoric are formed and structured using mythic images and terms By exploring what Burke added and omitted and by putting his writing process into the context of daily life after the Second World War including Burke's attempts to clear the weeds from his Andover farm Jensen sheds new light on the key problems that Burke encountered and the methods he used to overcome them Kenneth Burke's *Weed Garden* is essential for those who study Burke and the tradition of modern rhetoric that he helped found

**Kenneth Burke** Laurence Coupe, 2013-05-16 *KENNETH BURKE FROM MYTH TO ECOLOGY* is the first full length study of a remarkable thinker's approach to those founding narratives those essential structures of thought which cannot be credited to any one individual but rather belong to the whole community

Identity's Strategy Dana Anderson, 2007 This work is an investigation into the persuasive techniques inherent in presentations of identity Anderson constructs a rhetorical theory for understanding persuasive strategies involved in the expression of personal identity Drawing on Kenneth Burke's *Dialectic of Constitutions* Anderson analyzes conversion narratives to illustrate how the authors of these autobiographical texts describe dramatic changes in their identities as a means of influencing the beliefs and action of their readers The concept of Identity conveys the idea that people possess a certain capacity for self understanding and self definition Communicating this self interpretation is inherently rhetorical Expanding on Burkean concepts of human symbol use Anderson works to parse and critique such inevitable persuasive ends of identity constitution Anderson examines the strategic presentation of identity in four narratives of religious sexual political and mystical conversions Catholic social activist Dorothy Day's *The Long Loneliness* political commentator David Brock's *Blinded by the Right* Deirdre McCloskey's memoir of transgender transformation *Crossing* and the well known Native American text *Black Elk Speaks* Mapping the strategies in each Anderson

points toward a broader understanding of how identity is made and how it is made persuasive Rhetoric and Scripture Thomas H. Olbricht, 2021-03-31 This book offers a unique overview of the development of rhetorical criticism both in North America and internationally through the work of pioneering New Testament scholar Thomas H Olbricht Lauri Thur n has gathered nineteen of Olbricht s essays as a guidebook to rhetorical criticism for students clergy and scholars The range of essays from throughout Olbricht s career illuminate the history of rhetorical criticism and reflect the different motivations of ancient and contemporary rhetorical approaches Essays focus on the history of biblical rhetorical analysis the rhetorical analysis of biblical texts the characteristics of rhetorical analysis and types of biblical rhetorical criticism A foreword by Thur n and a memorial essay by Carl R Holladay contextualize Olbricht s work Anyone interested in the rhetorical study of the New Testament will find this volume inspiring and informative *Kenneth Burke's Permanence and Change* Ann George, 2018-11-27 A guide to and analysis of a seminal books key concepts and methodology Since its publication in 1935 Kenneth Burke s *Permanence and Change* a text that can serve as an introduction to all his theories has become a landmark of rhetorical theory Using new archival sources and contextualizing Burke in the past and present Ann George offers the first sustained exploration of this work and seeks to clarify the challenging book for both amateurs and scholars of rhetoric This companion to *Permanence and Change* explains Burke s theories through analysis of key concepts and methodology demonstrating how for Burke all language and therefore all culture is persuasive by nature Positioning Burke s book as a pioneering volume of New Rhetoric George presents it as an argument against systemic violence positivism and moral relativism *Permanence and Change* has become the focus of much current rhetorical study but George introduces Burke s previously unavailable outlines and notes as well as four drafts of the volume to investigate his work more deeply than ever before Through further illumination of the book s development publication and reception George reveals Burke as a public intellectual and critical educator rather than the eccentric aloof genius earlier scholars imagined him to be George argues that Burke was not ahead of his time but rather deeply engaged with societal issues of the era She redefines Burke s mission as one of civic engagement to convey the ethics and rhetorical practices necessary to build communities interested in democracy and human welfare lessons that George argues are as needed today as they were in the 1930s **The Cambridge History of Literary Criticism: Volume 7, Modernism and the New Criticism** George Alexander Kennedy, 1989 The history of the most hotly debated areas of literary theory including structuralism and deconstruction

**Circles in the Stream** Paul E. Koptak, 2022-04-28 Maybe we should read Genesis 37-50 as the story of Joseph and Judah Both kept their families alive and received major blessings from their father Jacob Like his brother Joseph Judah knew how to use words to lead and persuade primarily by appealing to common experience His speeches model Kenneth Burke s rhetoric of identification inducing cooperation by showing his listeners how they are consubstantial that is where they stand together Preachers hope to do the same making gospel connections between ancient texts and life today *Circles in the Stream* shows

that the connections are there in the Scripture text freeing preachers from the pressure to find contemporary illustrations Adapting Burke s literary rhetorical approach to reading Paul Koptak offers ever widening circles of reading to that end Indexing a passage and looking for identification there lead to the transformative purpose and life issue Intertextual study a combination of both discovers these connections in the wider two testament canon Circles in the Stream offers both a distinct perspective for reading Scripture and practical steps for in depth study Its method can make sermon preparation more efficient and effective More importantly it leads to the life issues that listeners want their preachers to address

The Business of Gamification Mikolaj Dymek, Peter Zackariasson, 2016-09-13 At the turn of the century the term gamification was introduced as a concept to understand the process of using game mechanics in non game contexts The impact of gamification was soon evident to business practices where it had impact both on marketing and more broadly on the organizations themselves As the number of individuals playing video games grows there seem to be an acceptance of game mechanics elsewhere Its effectiveness is highly dependent on both technical possibilities and cultural acceptance two factors present today The aim of The Business of Gamification is to critically analyze the practical and theoretical consequences of gamification Practically

how has gamification been applied in businesses to this point and what are the future scenarios Theoretically what are the contributions of gamification to existing academic knowledge How does this change our understanding of how business are performing and its consequences for organizations consumers and society in general This edited volume contains new and stringent perspectives on how gamification is contextualized in business settings both in theory as well as in practice This book will provide a wealth of research for individuals seriously interested in the industry at the academic level As a result this book will serve as a reference in curricula associated with video game development for years to come

*Burke in the Archives* Dana Anderson, Jessica Enoch, 2013-06-15 *Burke in the Archives* brings together thirteen original essays by leading and emerging Kenneth Burke scholars to explore provocatively the twenty first century usefulness of a figure widely regarded as the twentieth century s most influential rhetorician Edited by Dana Anderson and Jessica Enoch the volume breaks new ground as it complicates extends and ultimately transforms how the field of rhetorical studies understands Burke calling much needed attention to the roles that archival materials can and do play in this process Although other scholars have indeed looked to Burke s archives to advance their work no individual essays books or collections purposefully reflect on the archive s role in transforming rhetorical scholars understandings of Burke By drawing on an impressively varied range of archival materials including unpublished letters newly recovered reviews notes on articles drafts of essays and even comments on student papers from Burke s years of teaching the essays in this volume mount distinct powerful arguments about how archival materials have the potential to reshape and invigorate rhetorical scholarship Including contributors such as Jack Selzer Debra Hawhee and Ann George this collection pursues Burke behind the arguments of his major works to the divergent preoccupations habits of mind breakthroughs and breakdowns of his insight Through the archival arguments and analyses that unify its essays *Burke in the Archives* showcases how historiographic and methodological work can propel Burke scholarship in new directions
