Kenya From Colonization To Independence 1888 1970:

Kenya R. Mugo Gatheru, 2005-05-31 This book relates a series of events leading from Kenya's colonization through its emergence as an independent country. Beginning with the advent of Europeans in the late 1800s, it presents Kenya as a land of contrasts in geography as well as people. Home to Arabs, Indians, and Europeans as well as various African tribes, Kenya experienced strife throughout its colonial history. Gatheru discusses the viewpoint of the Kenyan people, enumerating the events and attitudes that led to the eruption of violence. Covered in particular are the economic, political, and social policies Britain established toward its colonials. The role of Kenyan reform leaders such as Harry Thuku and Jomo Kenyatta in the country's struggle for independence is also examined. Although Gatheru is quick to establish that Britain's original intentions were admirable, he reveals how the Mau Mau rebellion, which began in 1952, was the ultimate culmination of sixty years of increasingly destructive British policies. The closing chapters of the book deal with the granting of Kenyan independence in 1963, the aftermath of independence, and the plans of Kenya's newborn government for dealing with the issues of labor, agriculture, and land ownership.

Controversial Chiefs in Colonial Kenya Evanson N. Wamagatta, 2016-04-21 Senior Chief Waruhiu wa Kung'u is one of colonial Kenya's most controversial chiefs. His name has gone down in history as a traitor who was assassinated because he sold his country to the British colonizers. This book is the untold story of the controversial life of Senior Chief Waruhiu, who served the colonial government for thirty years. He believed his white superiors' authority was God-given, and to disobey them was tantamount to disobeying God himself. That was why he was considered loyal, obedient, dependable, responsible, efficient, and a tower of strength. Chief Waruhiu's violent death dealt his reputation a devastating blow, as it provided his critics with a basis to portray him as a traitor who sold out to the colonizers. Although Waruhiu believed that the Africans were not yet ready for self-government and that they could not attain it through violence, that did not make him a traitor. Other chiefs also believed that and yet were not labeled as traitors. However, this did lead to him being considered a very pro-government and pro-European chief who was opposed to the aspirations of his people, and he, as a result, deserved to be killed. Although it is believed that Waruhiu was killed by Mau Mau, there is no evidence to support that claim. The white settler community gained a lot from Waruhiu's murder, as it paved the way for it to get what it had been demanding for a long time: a declaration of a state of emergency and the arrest and detention of African leaders. It is very likely that some leaders of the white settlers, working together with government officials, were probably behind Waruhiu's murder. The police, the prosecution, and the court seemed determined to make the murder charges against the accused suspects stick in spite of glaring discrepancies and contradictions in the evidence against them. Above all, the prosecution failed to prove beyond any reasonable doubts that Waweru and Gathuku killed Waruhiu. Thus, the mystery of who killed Waruhiu and those behind his murder still remains unresolved, and the perpetrators of the murder may never be known.

The Anatomy of Neo-Colonialism in Kenya W. O. Maloba, 2017-08-29 The successor to Kenyatta and Britain. An

Account of Political Transformation 1929 1963 this book completes the first systematic political history of Jomo Kenyatta by examining the mechanisms of installing a neo colonial regime in Kenya and how such regimes were duplicated elsewhere in Africa It analyzes the nature and extent of the collaboration between Kenyatta Britain and Western intelligence services to install and protect his government in Kenya a collaboration which is linked to some of Kenya s most intractable political social and economic problems Drawing heavily on primary sources it examines the legacy of Kenyatta s regime and how this legacy is felt in Kenya today A Requiem for Peacebuilding? Jorg Kustermans, Tom Sauer, Barbara Segaeert, 2020-12-01 This book assesses the claim that peacebuilding is a moribund international practice Its contributors trace the origins of peacebuilding bring back to memory its moments of triumph and reflect on the reports of its decline The story of peacebuilding parallels the broader story of liberalism s rise and fall in world politics including the attempt to remedy an ailing patient by administering a magic medicine the local turn Its contributors further write about what may come after peacebuilding as we still know it They describe more locally rooted attempts at building peace and how they operate in the shadows of and in an ambiguous relationship with governmental and international peacebuilders The book finally suggests that reports of the pending death of peacebuilding are probably premature Peacebuilding is a resilient international practice apt to adjust itself to a changing environment and too important a source of legitimacy for those that wield power

Churchill and Africa C. Brad Faught, 2023-09-30 This timely book fills a lacuna in the extensive literature on Churchill s life and times It covers his long relationship with Africa during the most important period in Anglo African history from nineteenth century imperial rule to independence and the emergence of modern Africa Churchill first went to Africa during the British re conquest of Sudan in 1898 and would spend almost the next sixty years dealing with Africa as soldier journalist government minister and finally prime minister Churchill s story is one of transition from the height of late Victorian British imperialism to the acceptance of African nationalism in the middle years of the twentieth century He helped to shape British colonial policy in Africa from the first decade of the twentieth century through the Second World War and colonial Kenya s Mau Mau crisis of the 1950s Few British leaders were as closely involved with Africa as was Churchill **Historical Dictionary of the British Empire** Kenneth J. Panton, 2015-05-07 For much of the nineteenth and early twentieth centuries Britain was the dominant world power its strength based in large part on its command of an Empire that in the years immediately after World War I encompassed almost one quarter of the earth s land surface and one fifth of its population Writers boasted that the sun never set on British possessions which provided raw materials that processed in British factories could be re exported as manufactured products to expanding colonial markets The commercial and political might was not based on any grand strategic plan of territorial acquisition however The Empire grew piecemeal shaped by the diplomatic economic and military circumstances of the times and its speedy dismemberment in the mid twentieth century was similarly a reaction to the realities of geopolitics in post World War II conditions Today the Empire has gone but it has

left a legacy that remains of great significance in the modern world The Historical Dictionary of the British Empire covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Britain **Kenyatta and Britain** W. Transgressing Boundaries. Elizabeth F. Oldfield, 2013 Fictions written between 1939 and 2005 by indigenous and white post colonial women writers emerging from an African European cultural experience form the focus of this study Their voyages into the European diasporic space in Africa are important for conveying how African women's literature is situated in relation to colonialism Notwithstanding the centrality of African literature in the new postcolonial literatures in English the accomplishments of the indigenous writer Grace Ogot have been eclipsed by the critical attention given to her male counterparts while Elspeth Huxley Barbara Kimenye and Marjorie Oludhe Macgoye who are of Western cultural provenance but adopt an African perspective are not accommodated by the genre of expatriate literature The present study of both indigenous and white post colonial women's narratives that are common to both categories fills this gap Focused on the representation of gender identity culture and the Other the texts selected are set in Kenya and Uganda and a main concern is with the extent to which they are influenced by setting and intercultural influences The African woman's creation of textuality is at once the expression of female individualities and a transgression of boundaries The particular category of fiction for children as written by Kimenye and Macgoye reveals the configuration of a voice and identity for the female Other and writer which enables a subversive renegotiation of identity in the face of patriarchal traditions
