Horrobin, 2012-12-06 East Africa is rapidly becoming one of the most popular areas in the world among the increasing numbers of travellers who are prepared to venture outside their own continent. But the outstanding attractions of East Africa for most people are its fascinating peoples and the unparalleled abundance of its wild life. This guide is the first of three planned to cover the whole region of East Africa. It deals with Kenya and Northern Tanzania. The other guides will deal with Uganda and the rest of Tanzania. Many books have been written about East Africa. They come into four main categories: the magnificent picture books, the geography books, the stories about animals, and the detailed technical books on such special aspects as game conservation, bird life, prehistory, or butterflies. None of these is suitable as a practical guide for either the local resident or the average intelligent visitor who is interested in everything but is not an enthusiastic specialist in any particular subject.
