Kevin Denbok, People Like You Deana MacKinnon, 1991 *Green Shoots out of Dry Ground* John P. Bowen, 2013-01-25
All over Canada from coast to coast there is new life in the Christian church In spite of declining numbers every Christian tradition has stories to tell of new ministries fledgling Christian communities and fresh expressions of church springing up sometimes in unlikely places Here seventeen authors with experience in areas such as church revitalization innovative ministry evangelism and church planting reflect on what they are seeing and how the lessons they have learned can guide us into ways of health and vitality They tell us about immigrant churches and indigenous ministries about youth research and environmental concerns about churches in the city and churches in the country about leadership and spirituality Scattered throughout the book are ten exciting stories of new ministries and new churches from different traditions and different parts of the country all seeking to engage their communities with the Gospel Does the church in Canada have a future The answer these authors give is a resounding yes green shoots can grow out of dry ground if we are prepared to rise to the challenge and follow where the Spirit of God leads This book is timely comprehensive challenging and deeply encouraging

Canadian Books in Print, 1993 *Divine Promise and Human Freedom in Contemporary Catholic Thought* Kevin A. McMahon, 2015-07-01 It has always been understood that the central claim of Christianity that Jesus born of Mary is the Son of God is as much a declaration of the mystery of the human as it is the mystery of God just as the claim that in virtue of this identity he is the Christ who restores and more transforms the created order intensifies the mystery of the human even further When the age of revolution was followed by the age of science and the effort to shape the environment by technology was joined by an injunction to shape societies and economies and class conflicts became part of world conflicts the question about the human emerged as a crisis in the meaning of being human Yet the Catholic mind preoccupied like every other with the crisis has conducted its reflection within a tradition of Christian humanism insisting on the mystery and the tragedy and still the dignity of the human This collection of essays by thirteen Catholic scholars of philosophy theology and political thought investigates a range of topics from human sexuality and marriage to moral freedom and responsibility in a pluralistic society while demonstrating that the Gospel passed on in an ecclesial tradition entered into through a sacramental tradition remains the one radical source of confidence in the quest for human truth **Where Is the Evangelical Church?** Tim den Bok, 2017-07-20 This little book is a clarion call to the Evangelical Church of Canada to respond to the plight of the preborn Drawing upon Scripture the testimony of contemporary evangelical leaders and church tradition the author sets forth a case that the mass shedding of innocent blood such as is the case with the legalized practice of abortion in Canada is an emergency that calls for extraordinary action by the Church

Free Will in Philosophical Theology Kevin Timpe, 2013-11-21
Free Will in Philosophical Theology takes the most recent philosophical work on free will and uses it to elucidate and explore theological doctrines involving free will Rather than being a work of natural theology it is a work in what has been called

clarification using philosophy to understand develop systematize and explain theological claims without first raising the justification for holding the theological claims that one is working with Timpe's aim is to show how a particular philosophical account of the nature of free will an account known as source incompatibilism can help us understand a range of theological doctrines

Two Views on the Doctrine of the Trinity Stephen R. Holmes, Paul D. Molnar, Thomas H. McCall, Paul Fiddes, 2014-09-02 Christians have always believed in the triune God but they haven't always understood or used the doctrine of the Trinity consistently In order to form a coherent view of trinitarian theology it's important for Christians to have a working knowledge of the two legitimate models for explaining this doctrine Classical presenting a traditional view of the Trinity represented by the Baptist theologian Stephen R Holmes and the Roman Catholic theologian Paul D Molnar Relational presenting the promise and potential hazards of a relational doctrine represented by the evangelical theologian Thomas H McCall and the Baptist philosopher Paul S Fiddes In this volume of the Counterpoints series leading contributors establish their models and approaches to the doctrine of the Trinity or the relationship between the threeness and oneness of the divine life Each expert highlights the strengths of his view in order to argue how it best reflects the orthodox perspective In order to facilitate a genuine debate and to make sure that the key issues are revealed each contributor addresses the same questions regarding their trinitarian methodology doctrine and its implications

A Church with the Soul of a Nation Phyllis D. Airhart, 2014-01-01 As Canadian as the maple leaf is how one observer summed up the United Church of Canada after its founding in 1925 But was this Canadian made church flawed in its design as critics have charged A Church with the Soul of a Nation explores this question by weaving together the history of the United Church with a provocative analysis of religion and cultural change

The Holy One in Our Midst James R. Gordon, 2016-07-01 The Holy One in Our Midst An Essay on the Flesh of Christ aims to defend the doctrine of the extra Calvinisticum the doctrine that maintains the Son of God was not restricted to the flesh of Christ during the incarnation by arguing that it is logically coherent biblically warranted catholically orthodox and theologically useful It shows that none of the standard objections are devastating to the extra that the doctrine is rooted in the claims of Christian Scripture and not merely a remnant of perfect being philosophical theology and that the doctrine plays an important role in contemporary theological discussion In this way James R Gordon revives an important Catholic doctrine that has fallen out of favor in contemporary theology Secondly this project aims to integrate biblical philosophical and systematic theology by showing that the tools and methods of each distinct discipline can contribute to the goals and aims of the others

God Has Chosen Mark R. Lindsay, 2020-08-11 Throughout the church's history Christians have sought to understand the doctrine of election On this journey through the Bible and church history theologian Mark Lindsay turns to the various articulations of the early church fathers John Calvin's view the subsequent debate between Calvinists and Arminians and Karl Barth's modern reconception of the doctrine

Unbearable Life Arthur Bradley, 2019-10-15 In ancient Rome any citizen who had brought disgrace upon the state could be subject to a judgment

believed to be worse than death *damnatio memoriae* condemnation of memory The Senate would decree that every trace of the citizen's existence be removed from the city as if they had never existed in the first place Once reserved for individuals *damnatio memoriae* in different forms now extends to social classes racial and ethnic groups and even entire peoples In modern times the condemned go by different names enemies of the people the missing the disappeared ghost detainees in black sites but they are subject to the same fate of political erasure Arthur Bradley explores the power to render life un-lived from ancient Rome through the War on Terror He argues that sovereignty is the power to decide what counts as being alive and what does not to make life unbearable unrecognized as having lived or died In readings of Augustine Shakespeare Hobbes Robespierre Schmitt and Benjamin Bradley asks What is the life of this unbearable life How does it change and endure across sovereign time and space from empires to republics from kings to presidents To what extent can it be resisted or lived otherwise A profoundly interdisciplinary and ambitious work *Unbearable Life* rethinks sovereignty biopolitics and political theology to find the radical potential of a life that neither lives or dies **Retrieving Freedom** D. C.

Schindler, 2022-10-15 *Retrieving Freedom* is a provocative big picture book taking a long view of the rise and fall of the classical understanding of freedom In response to the evident shortcomings of the notion of freedom that dominates contemporary discourse *Retrieving Freedom* seeks to return to the sources of the Western tradition to recover a more adequate understanding This book begins by setting forth the ancient Greek conception summarized from the conclusion of D. C. Schindler's previous tour de force of political and moral reasoning *Freedom from Reality* and the ancient Hebrew conception arguing that at the heart of the Christian vision of humanity is a novel synthesis of the apparently opposed views of the Greeks and Jews This synthesis is then taken as a measure that guides an in-depth exploration of landmark figures framing the history of the Christian appropriation of the classical tradition Schindler conducts his investigation through five different historical periods focusing in each case on a polarity a pair of figures who represent the spectrum of views from that time Plotinus and Augustine from late antiquity Dionysius the Areopagite and Maximus the Confessor from the patristic period Anselm and Bernard from the early middle ages Bonaventure and Aquinas from the high middle ages and finally Godfrey of Fontaines and John Duns Scotus from the late middle ages In the end we rediscover dimensions of freedom that have gone missing in contemporary discourse and thereby identify tasks that remain to be accomplished Schindler's masterful study will interest philosophers political theorists and students and scholars of intellectual history especially those who seek an alternative to contemporary philosophical understandings of freedom Crossroads Robert J. A.

Doornenbal, 2012 **The Medieval Christian Philosophers** Richard Cross, 2013-11-19 The High Middle Ages were remarkable for their coherent sense of Christendom of people who belonged to a homogeneous Christian society marked by uniform rituals of birth and death and worship That uniformity which came under increasing strain as national European characteristics became more pronounced achieved perhaps its most perfect intellectual expression in the thought of the

western Christian thinkers who are sometimes called scholastic theologians These philosophers produced during roughly the period 1050 1350 CE a cohesive body of work from their practice of theology as an academic discipline in the university faculties of their day Richard Cross elegant and stylish textbook designed specifically for modern day undergraduate use on medieval theology and philosophy courses offers the first focused introduction to these thinkers based on the individuals themselves and their central preoccupations The book discusses influential figures like Abelard Peter Lombard and Hugh of St Victor the use made by Aquinas of Aristotle the mystical theology of Bonaventure Robert Grosseteste and Roger Bacon's interest in optics the complex metaphysics of Duns Scotus and the political thought of Marsilius of Padua and William of Ockham Key themes of medieval theology including famous axioms like Ockham's Razor are here made fully intelligible and transparent **The Banner of Truth**, 2003 **Which Trinity? Whose Monotheism? Philosophical and Systematic**

Theologians on the Metaphysics of Trinitarian Theology Thomas McCall, 2010-04-15 The last few decades have witnessed a renaissance of Trinitarian theology Theologians have worked to recover this doctrine for a proper understanding of the God and for the life of the church At the same time analytic philosophers of religion have become keenly interested in the Trinity engaging in vigorous debates related to it To this point however the work of the two groups has taken place in almost complete isolation from one another Which Trinity Whose Monotheism Seeks to bridge that divide Thomas H McCall compares the work of significant philosophers of religion Richard Swinburne Brian Leftow and others with that of influential theologians such as Jürgen Moltmann Robert Jenson and John Zizioulas He then evaluates several important proposals and offers suggestion for the future of Trinitarian theology There are many books on the doctrine of the Trinity but no other book brings the concerns of analytic philosophers of religion into direct conversation with those of mainstream theologians *Det*
