Nurturing a Daoist-Inspired Classroom Pedagogy Through the Contemplative Lenses of Teacher Diaries David McLachlan Jeffrey, 2024-08-01 The harmonizing influence of ancient Daoist philosophy is of much relevance to the world in which we live today and this is especially so in the field of global education Among the growing numbers of contemporary teachers and scholars who nurture Daoist wisdom in their classrooms this book takes the unique pathway of considering its applications through the contemplative lenses of teacher diaries Its South African born author has taught academic English for over three decades in Japan the Middle East and the People's Republic of China Since early childhood he has infused his fascination for Daoist wisdom with his enjoyment of writing diaries and in ways that derive insights into the compassionate frugal and humble foundations of Daoist inspired pedagogies within contemporary classroom environments This book presents Daoist wisdom in terms of it being the Supreme Ultimate of all ways It introduces the classical Daoist texts of the Laozi the Zhuangzi and the Liezi and shares a short historical overview of Daoism with its growing global influence As such it emphasizes that Daoist inspired pedagogies encourage a delicate balance between intuitive insights and intellectual analysis and in ways that are not antagonistic toward each other but which dance together as one In this regard the role of meditation during the undertaking of diaries is specifically highlighted concerning its propensity to bring one into the present moment pacify racing thoughts and transcend the ego It also shows how a meditative state of mind that accompanies the reading writing and analysis of the diary entries contributes to deeper self discernment along with unique intuitive insights related to oneself as a teacher and the classroom environment In addition this book describes how the Wordsmith Tools Program and the Book of Changes can be used as additional approaches to analyzing thought patterns within the diary entries and how these also nurture inward contemplations and the intuitive insights that accompany them Thereafter considerations based on the applications of core Daoist principles for classroom pedagogies are filtered through the contemplative lenses of teacher diaries These principles are the unintentional integrity of de the complementary duality of yin yang the cosmic vitality of qi the self so ness of ziran the unforceful spontaneity of wuwei and the unblemished purity of pu This book illustrates through its diary lenses how these six Daoist principles can be nurtured in ways that contribute to a scholarliness that is grounded in

an equal appreciation for the logical applications of intelligence along with the uniqueness of intuitive creativity which cannot be explicitly taught but which spontaneously arises from within the deep reservoirs of intuitive wisdom which exist within the true selves of everyone In addition this book shares pearls of Daoist wisdom for teachers from within the poetic chapters of the Laozi as well as within the amusingly enlightening stories in the Zhuangzi and the Liezi such that their ancient teachings can be applied to Daoist inspired pedagogies and nurtured in ways that unite the joyfulness and scholarly efficacy of both teaching and learning It is shown how doing so enhances a sense of awe wonder openness and contemplative oneness within the classroom environment making it a happier more contented and more meaningful place for both teachers and students

Religion and European Society Ben Schewel, Erin K. Wilson, 2019-08-05 A contemporary examination of the role of religion in the European public sphere and beyond Although the role of religion has arguably declined in the societies of Western and Northern Europe religious participation in other parts of the continent and among growing immigrant communities remains an important aspect of daily life Recent years have seen a resurgence of religion in the public sphere prompting many researchers to view European secularism as an outlier in this global trend *Religion and European Society A Primer* presents recent academic literature that explores key developments and current debates in the field covering topics such as changing patterns of belief religion across the political spectrum and development and humanitarian aid Articles written by leading scholars draw from well established findings to help readers contemplate the role of religion in public life understand the assumptions and underpinnings of the secular worldview and develop new ways of thinking about global issues relevant to contemporary global affairs Each theme is addressed by several articles to provide readers with diverse sometimes competing perspectives This volume offers concepts and ideas that can be used in various policy practitioner and academic settings clarifying overarching concepts and trends rather than analyzing specific policy issues that can quickly become outdated Addresses issues of contemporary importance such as demographic changes in religious observance increased immigration the emergence of new religious movements and changes in more established religions Explores the ethical and philosophical concepts as well as the practical everyday consequences of European post secularism Challenges widespread assumptions about the secular nature of the modern public sphere Offers analytical tools as well as practical policy recommendations on a range of issues including media regulation gender conflict and peacebuilding immigration and humanitarianism Designed to move research findings from academic journals to the realm of public discourse *Religion and European Society A Primer* is a valuable source of information for practitioners within and outside of Europe of religious studies politics and international affairs

Educating Religious Education Teachers Jenny Berglund, Bert Roebben, Peter Schreiner, Friedrich Schweitzer, 2023-07-10 International knowledge transfer in religious education RE is still a fairly new topic Many scholars in the field consider this discussion of prime importance for the future of both the academic discipline of religious education and the related school subject RE This book continues this discussion and specifies it in the direction of

teacher education Its focus is on the challenges that teacher students and their trainers are facing in the light of RE in a pluralized and detraditionalized society The impact of these challenges on RE research is obvious However international exchange of research results for purposes of comparison and mutual enrichment is still rare This book provides insights that can encourage and facilitate this exchange Encyclopedia of Early Christianity Everett Ferguson,2013-10-08 First published in 1997 What s new in the Second Edition Some 250 new entries twenty five percent more than in the first edition plus twenty five new expert contributors Bibliographies are greatly expanded and updated throughout More focus on biblical books and philosophical schools their influence on early Christianity and their use by patristic writers More information about the Jewish and pagan environment of early Christianity Greatly enlarged coverage of the eastern expansion of the faith throughout Asia including persons and literature More extensive treatment of saints monasticism worship practices and modern scholars Greater emphasis on social history and more theme articles More illustrations maps and plans Additional articles on geographical regions Expanded chronological table Also includes maps **Education in Traditional China** Thomas H.C. Lee,2018-12-24 This is the first comprehensive study in English on the social institutional and intellectual aspects of traditional Chinese education The book introduces the Confucian ideal of studying for one s own sake but argues that various intellectual traditions combined to create China s educational legacy The book studies the development of schools and the examination system the interaction between state society and education and the vicissitudes of the private academies It examines family education life of intellectuals and the conventions of intellectual discourse It also discusses the formation of the tradition of classical learning and presents the first detailed account of student movements in traditional China with an extensive bibliography While a general survey this book includes various new ideas and inquiries It concludes with a critical evaluation of China s rich educational experiences **Teaching Global History** Alan J. Singer,2019-10-28 This updated edition of Teaching Global History challenges prospective and beginning social studies teachers to formulate their own views about what is important to know in global history and why This essential text explains how to organize curriculum around broad social studies concepts and themes as well as student questions about humanity history and the contemporary world All chapters feature lesson ideas a sample lesson plan with activity sheets primary source documents and helpful charts graphs photographs and maps This new edition includes connections to the C3 framework updates throughout to account for the many shifts in global politics and a new chapter connecting past to present through current events and historical studies in ways that engage students and propel civic activism Offering an alternative to pre packaged textbook outlines and materials this text is a powerful resource for promoting thoughtful reflection and debate on what the global history curriculum should be and how to teach it The Report of the British and Foreign Bible Society British and Foreign Bible Society,1912 Vols 1 64 include extracts from correspondence *Religion and Education in India* Arshad Alam,2023-11-16 This book studies the relationship between religion and education in the Indian context It analyses the

creative interface between religion and education as empirical categories and overlapping modes of pedagogical transmission The volume investigates the ways in which religious identities are shaped through education both at home and at school It brings together academics and researchers working in different faith traditions like Islam Hinduism and Sikhism to understand the significance of transmitting religious education and the need to pay closer attention to sites through which religious instruction is being disseminated Topical and lucid this book will be an important reading for scholars and researchers of sociology religious studies secularism sociology of education political sociology South Asia studies and education in general
