*Management and Economics of Education* Anna Saiti, Michael Chletsos, 2024-06-11 This book addresses both the subject of educational management and the economics of education It provides insights into the relationship between the application of managerial and economic principles in the education system and the learning process which is at the core of sustainability and human

well being It offers the appropriate framework and conditions for a smooth running of an educational organization and for applying various principles of economic science The work enables professional practitioners educational managers and leaders decision makers in the field of education educators and indeed anyone with a didactic and pedagogical role in the field of education to be more active and creative in facilitating the effective management and efficient operation of their educational organization implement an effective human resource planning strategy as well as an appropriate selection process be able to act effectively in the economic sector of both their professional and personal lives manage the economic issues of educational organizations efficiently

*Public Relations* Jacquie L'Etang, 2007-11-21 An excellent text for encouraging students to think critically about key public relations issues Not only does it help students to develop a deeper appreciation of public relations it also helps them to develop valuable learning skills Amanda Coady The Hague University A typically excellent piece of work from Jacquie L Etang Critical of every basic concept and provocative to all students Ideal for second and final year undergraduates plus MA students Chris Rushton Sunderland University Extending beyond the usual bounds of insularity this text is designed to encourage critical thought in students and improve practice in workplaces A refreshing read that is consistently inventive enough to attain both aims David McKie Waikato Management School At long last fills a void in the landscape of text books on public relations theory and practice it develops critical thinking skills while exposing interdisciplinary approaches and providing a very solid foundation for lively debate and further study Julia Jahansoozi University of Central Lancashire This book introduces students to the key concepts in Public Relations with 12 chapters providing clear and careful explanations of concepts such as Reputation Risk Impression management Celebrity Ethics Persuasion and propaganda Emotional and spiritual dimensions of management Promotional culture and globalization Drawing on a wide range of interdisciplinary sources Jacquie L Etang also encourages students to think critically about public relations as an occupation Student exercises critical reflections vignettes and discipline boxes help students to widen their intellectual perspective on the subject and to really engage the thinking that has shaped both the discipline and practice of public relations

*Designing and Using Organizational Surveys* Allan H. Church, Janine Wacławski, 2017-09-29 Organizational surveys are widely recognized as a powerful tool for measuring and improving employee commitment If poorly designed and administered however they can create disappointment and cynicism There are many excellent books on sampling methodology and statistical analysis but little has been written so far for those responsible for designing and implementing surveys in organizations Now Allan H Church and Janine Wacławski have drawn on their extensive experience in this field to develop a seven step model covering the entire process from initiation to final evaluation They explain in detail how to devise and administer different types of organizational surveys leading the reader systematically through the various stages involved Their text is supported throughout by examples specimen documentation work sheets and case studies from a variety of organizational settings They pay particular attention to the political and human sensitivities concerned and show

how to surmount the many potential barriers to a successful outcome Designing and Using Organizational Surveys is a highly practical guide to one of the most effective methods available for organizational diagnosis and change      *Communicating for Managerial Effectiveness* Phillip G. Clampitt, 2005 Do you think you communicate strategically For students and managers who want to manage and communicate more effectively Phil Clampitt's book is essential reading *Communicating for Managerial Effectiveness* enables managers and students to clearly view their communication abilities and organizational dilemmas and challenges The first two chapters explain the complex process of communication The third chapter examines the impact of corporate culture on the communication climate The next six chapters analyze critical communication challenges most managers face These chapters discuss how to Manage information Select appropriate communication channels Develop an effective performance feedback system Communicate about organizational changes Foster interdepartmental communication Create an innovative spirit The final chapter focuses on ethics and building trust through communication practices Real world cases and examples used throughout the book are drawn from Clampitt's extensive organizational consulting experience and from the worlds of politics history science and art      The Oxford Handbook of Critical Management Studies Mats Alvesson, Todd Bridgman, Hugh Willmott, 2009-06-19 Critical Management Studies CMS has emerged as a movement that questions the authority and relevance of mainstream thinking and practice Critical of established social practices and institutional arrangements it challenges prevailing systems of domination and promotes the development of alternatives to them CMS draws upon diverse critical traditions Of particular importance for its initial articulation was the thinking of members of the Frankfurt School of Critical Theory From these foundations CMS has grown into a pluralistic and inclusive movement incorporating a diverse range of perspectives ranging from labour process theory to radical feminism In recent times a set of ideas broadly labelled poststructuralist have been developed to complement and challenge the insights of Critical Theory giving new impetus for scholars seeking to challenge the status quo and articulate a more inclusive and humane future for management practice The Oxford Handbook of Critical Management Studies provides an overview of theoretical approaches key topics issues and subject specialisms in management studies as well as a set of reflections on the progress and prospects of CMS Contributors are all specialists in the respective fields and share a concern to interrogate and challenge received wisdom about management theory and practice Given the rapid growth of the CMS movement its ever increasing theoretical and geographical diversity and its outreach into the public sphere The Oxford Handbook of Critical Management Studies is a timely publication In addition to UK contributors where CMS has developed most rapidly there is strong representation from North American contributors as well as from areas where CMS has taken hold more recently such as Australasia      *New Principles in Planning Evaluation* Abdul Khakee, 2008 Planning evaluation is a critically important process providing information that can improve the quality and accountability of decision making Bringing together examples of current research and practice from Europe the UK and North America this book explores the

latest ideas that have been developed in this field By evaluating case studies the authors deal with the complexity of various decision settings and provides the reader with practical advice useful in similar situations Organizational Behaviour in a Global Context Albert J. Mills, Jean C. Helm Mills, John Bratton, Carolyn Forshaw, 2006-01-01 At last there is a lucid well written OB book which covers key issues required in OB teaching but which has a mind of its own Students and faculty will recognize this is more than standard fare Bill Cooke Manchester Business School *Managing in the Middle* Robert Farrell, Kenneth Schlesinger, 2013 Fully a third of all library supervisors are managing in the middle reporting to top level managers while managing teams of peers or paraprofessional staff in some capacity This practical handbook is here to assist middle managers navigate their way through the challenges of multitasking and continual gear shifting The broad range of contributors from academic and public libraries in this volume help librarians face personal and professional challenges by Linking theoretical ideas about mid level management to real world situations Presenting ways to sharpen crucial skills such as communication productivity delegation and performance management Offering specific advice on everything from supervision to surviving layoffs Being a middle manager can be a difficult job but the range of perspectives in this book offer strategies and tips to make it easier *Sustainable Economic Development* Vasilii Erokhin, Tianming Gao, Andrei Jean Vasile, 2020-12-15 This book is a pivotal publication that addresses the contemporary challenges of globalization and elaborate policy responses to environmental pollution climate change economic disruptions poverty hunger and other threats to sustainable economic development Many parts of the world territories and societies are now changing at an unprecedented pace in ways that fundamentally affect the markets people the environment and biodiversity Such changes are primarily driven by rapid social and economic developments economic disparities between countries the internationalization of production and value chains and industrialization Increasingly frequently business interests are interfering with sustainable development goals The issue is how to converge the economic benefits with the urgent need for establishing resilient production chains social networks sustainably operating markets and environmental protection This publication highlights the need for the balanced economic development and comprehensive coverage of many sustainability business areas Economic production financial and social factors of sustainability are discussed by over 90 contributors representing 40 universities and research institutions from seven countries Their findings are translated into workable approaches and policies for the benefit of the global economy people and the environment **Assessing Organizational Communication** Cal W. Downs, Allyson D. Adrian, 2012-04-16 This essential guide offers a detailed framework for assessing communication processes within an organization and using the results to develop improved organizational strategies Presented in clear accessible prose are the tools of the trade for planning and initiating audits gathering data using a wide variety of methodologies analyzing the findings and preparing effective reports Throughout practical examples drawn from the authors influential work in the field help readers understand the real world applications of the concepts discussed and

gain skills for creative problem solving A successor volume to Cal Downs s popular Communication Audits the book has been extensively rewritten with many new topics and two entirely new chapters reflecting today s critical issues and best practices It will serve as both an authoritative primer for human resource and management consultants and a comprehensive text for undergraduate and graduate students in organizational communication

**Exploring Internal Communication** Mr Kevin Ruck, 2015-04-28 This third edition of Exploring Internal Communication includes new chapters on the history of internal communication the evolution of employee engagement the current state of practice change communication storytelling research and measurement an internal communication measurement dashboard intranet management and internal social media It argues that internal communication practice is about keeping employees informed and at the same time giving them a voice that is treated seriously The book is both a companion for internal communication courses and an exploration of key concepts for a strategic approach to practice that underpins employee engagement

*Organizational Communication* Daniel P. Modaff, Sue DeWine, Jennifer A. Butler, 2008 A clearly articulated treatment of organizational communication Organizational Communication utilizes interviews to explore communication and misunderstandings at all levels of the organization This book offers a unique perspective on the field of internal organizational communication The authors review the foundational material but intersperse the discussions with excerpts from interviews conducted with more than 100 leaders and workers in a variety of organizations Unlike other books in this field Organizational Communication explores organizational communication from the perspective of all organizational members not just management

*Communication and Organizational Culture* Joann Keyton, 2005 This text demonstrates aspects of organizational culture through real world examples from the field marrying the scholarly and the practitioner perspectives by illustrating various concepts with examples from a wide range of organizations and institutions It repeatedly stresses the importance and role of communication in creating and maintaining organizational culture Sue Easton Rollins College This engaging and scholarly text demonstrates a commitment to enabling students to practice communicatively grounded cultural analyses and cultural change projects Angela Trethewey Arizona State University Communication and Organizational Culture provides an introduction to different views on and approaches to the study of organizational culture from a communication perspective This text introduces the basic elements of organizational culture including artifacts that emerge from the interactions of organizational members The author uses a variety of lenses for understanding organizational culture and integrates research findings as practical advice about managing developing and changing organizational culture Throughout the book focuses on the communication practices and processes associated with organizational culture by drawing heavily on organizational culture research conducted by communication scholars and by illuminating the communicative aspects of organizational culture research conducted by scholars in peripheral disciplines

**Key Features** Provides a Cultural Toolkit at the end of the book that offers seven analytical techniques for conducting organizational culture analyses Offers a unique multiple

perspectives approach to help students gain a greater understanding of organizational culture which will ultimately benefit them when they enter the workplace Provides students useful pragmatic and critical tools not found in other organizational culture texts Written in a clear concise manner accessible for advanced undergraduate and graduate courses in Organizational Communication this text helps students read organizational culture make sense of the culture and make informed work and employment decisions Communication and Organizational Culture is also an excellent textbook for many courses in Business and Management Psychology and Sociology

**Corporate Communications** Joep Cornelissen, 2004 Corporate Communications provides the most up to date treatment of the subject including the criticality of the function strategies and activities involved and how it can be organized and managed properly
