

## Respiratory and cough hygiene

- Cough or sneeze into a clean disposable tissue, not into your hands.

- Dispose of the tissue immediately into the nearest waste bin.

- If you do not have a tissue, cough or sneeze into the crook of your elbow.

- Always clean your hands after coughing or sneezing, either using soap and warm running water, alcohol handrub or hand wipes.

**These steps will help prevent the spread of colds, flu and other respiratory infections.**
