Above the Fray Owen Thomas Ashton, MD, 2016-04-27 Life is an ever changing and often unpredictable sequence of events that rarely fulfills our expectations or desires And yet in the long run if we can be objective in our assessment we find

that unpredictable and challenging events invariably contribute to our growth and maturity Could it be that adversity is a message and a gift from Infinite Wisdom Is it possible to perceive perfection in all things simply by changing our point of view Is there some body of secret knowledge that when applied can allow us to find meaning and clarity in all events Yes yes and triple yes By increasing our level of awareness we can render all concerns obstacles misfortunes and mistakes as utterly irrelevant This is a powerful statement that may take some radical examination of our present approach to life on planet earth but perhaps up until the present moment we have missed something that in retrospect would seem very obvious It would be very beneficial if we could accept as perfect even the harshest of lifes difficulties Oh looking back over the past ten years of ones life experience one might finally admit that the lesson learned was necessary and even desired however it required too many years of suffering to finally reach such a conclusion Increasing ones level of awareness and applying concepts that have been taught throughout the ages coupled with a sprinkling of new scientific breakthroughs potentially could lessen or even eliminate this suffering The illusions of insanity that seemingly permeate our lives will become important tools in the ascent of our journey into Awareness *The Crow-Winged Dog "Book of Shadows"* Heike Thieme,2021-08-17 The Crow Winged Dog A Book about Wisdom The Book of Shadows Roaring beyond your life still harbors your knowledge where your own pictures pile up over the years the reason was missing between all the secrets to build a life to better express it telling them how others go into their lives who stretches out to find happiness in all simplicity to enjoy and to love her in the best way the faces make soap dreams who call themselves the sun goblins surrounded in jokes write your dreams that surround you going to read between the lines yields a lot more than maybe reading in every book to live a life towards the living pretend what you are better than imitating what can and never will be
