a mostrar que el positivismo jurídico se está a la altura del desafío. Con ese cometido son analizados algunos de los temas más relevantes y complejos que ofrece el diseño institucional de las democracias constitucionales tuteladas de derechos básicos. Ellos pueden sintetizarse en cuatro grandes interrogantes: cómo establecer el contenido o significado de los textos constitucionales; cómo opera el proceso tendiente a garantizar la aplicación de las normas constitucionales; está justificada la imposición de límites a la legislación ordinaria a través de una constitución; y si es así, ¿quién está legitimado para garantizar su supremacía? Es necesario un acercamiento teórico diferente del positivismo jurídico para dar cuenta del funcionamiento de los sistemas jurídicos y en especial del control de constitucionalidad.

Conflictos reales y escenas reales de ficción, 2008

La integración de relatos ficticios en la enseñanza permite tanto a los docentes como a sus estudiantes vivir experiencias en forma vicaria, iluminar temas y problemas contemporáneos, examinar creencias y supuestos, focalizar y profundizar el diálogo, conectar ideas y emociones, explorar las relaciones entre dos mundos que en ocasiones se ven como rivales indiferentes o distantes. Estos textos reúnen información sobre los pioneros y promotores del cine, analizan distintos modos de concebir ejercer y hablar sobre la enseñanza, describen efectivas estrategias didácticas para ser implementadas en las aulas, en las tareas de descripción, análisis, interpretación y evaluación de películas y para la elaboración de producciones específicas derivadas de ellas, y presentan la enseñanza en acción a través de una selección de films. Ofrece además información para docentes interesados en seleccionar películas de ficción e integrarlas a su caja de herramientas para el trabajo pedagógico. Si bien la integración del cine de ficción en la enseñanza no es una idea nueva, a día de hoy no constituye una práctica corriente sino por el contrario una práctica excepcional.
