

SOCIAL INEQUALITY

Social inequality is "the condition where people have unequal access to valued resources, services and positions in society" (Kerbo, 2003:11).

KEY FACTORS

1. Material goods

Material goods could be income, but also things like access to housing.

2. Non-material social goods

Non-material social goods refer to intangible things such as access to social networks or social status.

EXAMPLES

- 1 Racial inequality
- 2 Wealth inequality
- 3 Gender inequality
- 4 Geographical inequality
- 5 Educational inequality

Adolescent Socialization in Cross-Cultural Perspective Irving Tallman, Ramona Marotz-Baden, Pablo Pindas, 2014-05-10 Adolescent Socialization in Cross Cultural Perspective Planning for Social Change presents a theory of socialization and explains how the theory was formed developed and changed This book describes a cross sectional research project that uses innovative research methods for comparing people from vastly different cultures Organized into seven chapters this book begins with an overview of the premise that the better one learns how to solve problems in one s environment the better one is able to cope with a rapidly changing society as one grows older This text then proposes that the family provide an initial arena within which the needs of the individual and the rudiments of the social structure are confronted Other chapters

consider the approach to solving the methodological problems posed by attempting to test the theory by means of a cross national study The final chapter deals with the results of the cross national study This book is a valuable resource for sociologists Monographic Series Library of Congress, *Inequality in American Communities* Richard F. Curtis, Elton F. Jackson, 2013-09-11 *Inequality in American Communities* is an empirical study of inequality in U S communities and its impact on individual Americans The data for this study come from sample surveys in six American cities differing in size and region In each survey male heads of households were asked about attributes that ranked them in the system of inequality and about a variety of attitudes and behaviors that might be affected by their ranks The analyses seek to determine how social rank affects various attitudes and behaviors and compare these effects from community to community Comprised of 12 chapters this book begins with an overview of theoretical assumptions about community stratification with particular reference to how a person's life is shaped by his position in a local structure of inequality The discussion then turns to patterns of social stratification in six cities Columbus Ohio Linton and Indianapolis Indiana and Yuma Safford and Phoenix Arizona The distributions of various rank variables such as income and education in these cities are described along with the ways in which they are related to form systems of inequality A basic model of the processes of stratification is also presented The remaining chapters explore the consequences of social rank and cover topics ranging from social participation and political ideology to anomia and intolerance This monograph will be of interest to sociologists *University of Michigan Official Publication* University of Michigan, 1994 Each number is the catalogue of a specific school or college of the University

Power and Empowerment Brian D. Christens, 2019-01-16 Many people want to help bring about changes in their neighborhoods workplaces and communities Leaders and scholars of change efforts are likewise eager for insights into what makes some organizations and coalitions capable of building and exercising power Why are some groups successful in making changes in policies and systems and in sustaining their momentum over time while others struggle or never really get off the ground With *Community Power and Empowerment* Brian D Christens brings the most comprehensive analysis of empowerment theory yet conducted to bear on these questions taking aim at many of the longstanding weaknesses and ambiguities of empowerment theory research and practice For example one major hindrance is that most notions of empowerment have not been coherently connected with community power In addition research has emphasized psychological aspects of empowerment over organizational processes and has neglected community empowerment processes to an even greater extent By linking empowerment and community power Christens constructs a holistic framework for assessing and comparing community driven change efforts This book offers new guidance for inquiries into outcomes and impacts of empowerment processes on health and well being providing a resource for researchers organizational leaders practitioners and anyone interested in collective action for change [Handbook of Research Methods and Applications in Social Capital](#)
