Recent Advances in Medicine and Surgery Walter Reed Army Institute of Research, 1955 Vietnam Byron E. Holley, 2001 Byron Holley spent the longest year of his young life in Vietnam as surgeon of the 4th Battalion 39th Regiment 9th Infantry Division He lived like a swamp rat in the boonies of the Mekong Delta and his actions were sometimes all that made the difference between life and death Holley never got used to death to seeing men he knew go home in body bags Serving under Col David H Hackworth Holley saw the outfit begin to act more like an elite bunch of Rangers than the rag tag half drunk group it had been He watched Hackworth turn the 4 39 into the fighting and feared Hardcore Recondo battalion Now twenty six years later Doc Holley returns to the land of so much pain and suffering his trip a mission to visit the exact location where one of his special friends died in one of the fiercest battles fought in the Mekong Delta What he found will surprise even the most cynical skeptic forgiveness warmth and hospitality from the very people who took his friend's life defending their ancestors land so long ago This is a story of love and healing and is a must read for anyone who was there or had someone they loved over there Armor ,1949 The magazine of mobile warfare **Brothers Beyond Blood** George Sharpe, 1989 This narrative is based on letters written home daily from the battlefields of New Guinea and Luzon P I from early 1944 to the last shot in August 1945 It will appeal to historians veterans of all wars and their families High school and college students will find it especially interesting in understanding war's effect on the individual The harsh reality of war depicted unflinchingly by a battalion surgeon who saw it all The exotic diseases the stress of men wounded and dying under terrible battle conditions the pain of familial separations and combat friendships are explored Dr Sharpe has written one of the most candid and open accounts of war experience that I have ever read in his impressive memoir DIGBY DIEHL in PRODIGY it is a solid addition to this specialized WWII literature JOHN HOPKINS BULL of MEDICINE accurate to the smallest detail of tedium panic and heroism of frontline battle the author has given us a useful instructive and unforgettable story of a doctor at war Robert T Joy M D COL M C RET To order SHARPE 9805 Old Spring Rd Kensington MD 20895 or 301 942 0444 Toll free 1 800 345 0096 **Desperate Surgery in the Pacific War** Thomas Helling, M.D., 2017-01-25 Caring for the wounded in the World War II Pacific Theater posed serious challenges to doctors and surgeons The thick jungles remote atolls and heavily defended Japanese islands of the Pacific presented dangers to medical personnel never before encountered in modern warfare as did the devastating new kamikaze attacks Sophisticated treatments including complex surgery were by necessity far removed from the fighting requiring front line doctors to do the minimum often under fire to stabilize patients
