*Small States in the European Union* Diana Panke, 2010 The most recent EU enlargements have considerably increased the number of small member states In the EU 27 19 countries have fewer votes in the Council of Ministers than the EU average These small states face a series of size related disadvantages in day to day EU negotiations Against this backdrop the book asks are some small states better at coping with structural disadvantages than

others How active are small states in participating in day to day EU negotiations and why do some states use negotiation strategies more frequently than others Under which conditions are the different negotiation strategies effective and when can small states punch above their weight Based on more than 100 interviews with policy makers and an analysis of a unique database on the negotiation activities of EU member states this book explains how active participation is essential for the shaping success of small states and shows that small states are more influential with persuasion based rather than bargaining based strategies Two case studies on the pesticides and the spirit drinks regulations further reveal that persuasion strategies are especially effective if the arguments match the nature of the issue at stake and resonate well with prior beliefs of addressees No other study comprehensively analyzes small states in a comparative perspective examines their activity levels in EU negotiations and outlines which conditions are needed for the effectiveness of a broad range of strategies This is an indispensable resource for students and researchers interested in how and under which conditions small states can influence policies in negotiations beyond the nation state

The European Union: How Democratic Is It? Svein S Andersen, Kjell A Eliassen, 1996-02-27 Taking as its starting point the major issues of democracy which are the ongoing concerns of every liberal Western political system this volume offers a wide ranging review of democracy in the European Union It treats the EU as a new type of political system within the tradition of parliamentary democracies a system which is neither federal nor intergovernmental and which consequently has unique problems of how to handle democratic requirements Part One deals with the two major challenges of interest articulation in the EU political parties and lobbying The second part discusses how democracy becomes the key element in the linkage between the EU and its member states focusing on France Italy and Belgium where the r
