Information Technology Outlook 1997:

Information Technology Outlook ,1992 *Information Technology Outlook 1997* Oecd,1997 *Communications Outlook 1997* Organisation for Economic Co-operation and Development,1997 Includes Broadcasting cable television internet 2 vols not sold separately Shrinkwrapped Vol 2 Regulatory annex This report is issued every 2 years Also available on diskette Telecommunications database 1997 ISBN 9264149732 **The Emerging High-tech Industry** United States. Congress. House. Committee on Education and the Workforce. Subcommittee on Oversight and Investigations,1998 **The Economic and Social Impact of Electronic Commerce Preliminary Findings and Research Agenda** OECD,1999-02-09 This book provides a ground breaking assessment of the economic and social impacts of electronic commerce and its effects on jobs by drawing on existing qualitative and quantitative evidence Information Technology in Asia Chia Siow Yue,Jamus Jerome Lim,2002 The information and communications technology ICT revolution that swept the world through the 1990s has impacted the economic political and social structures of countries throughout Asia These have presented themselves both as digital opportunities as well as challenges This volume presents a collection of papers by scholars on the new development paradigms afforded by this new technology from the experience of the software capital of Bangalore to the policy dilemmas faced by transition economies such as Vietnam *Science & Engineering Indicators* ,2002 *New Forms of Labour Administration* Normand Lécuyer,Jean Courdouan,2002 This comprehensive study examines how labour administrations are coping with globalization modernization and political and financial constraints while also contributing to the economic and social development of their countries The Information Society in Europe Ken Ducatel,Juliet Webster,Werner Herrmann,2000 This text offers an examination of a range of technological issues at stake in the European Union It discerns social trends but finds there is considerable room to use the technologies as a force for social change *The End of Diversity?* Kozo Yamamura,Wolfgang Streeck,2018-05-31 After the devastation of World War II Germany and Japan built national capitalist institutions that were remarkably successful in terms of national reconstruction and international competitiveness Yet both miracles have since faltered allowing U S capital and its institutional forms to establish global dominance National varieties of capitalism are now under intense pressure to converge to the U S model Kozo Yamamura and Wolfgang Streeck have gathered an international group of authors to examine the likelihood of convergence to determine whether the global forces of Anglo American capitalism will give rise to a single homogeneous capitalist system The chapters in this volume approach this question from five directions international integration technological innovation labor relations and production systems financial regimes and corporate governance and domestic politics In their introduction Yamamura and Streeck summarize the crises of performance and confidence that have beset German and Japanese capitalism and revived the question of competitive convergence The editors ask whether the two countries confronted with the political and economic exigencies of technological revolution and economic internationalization must

abandon their distinctive institutions and the competitive advantages these have yielded in the past or whether they can adapt and retain such institutions thereby preserving the social cohesion and economic competitiveness of their societies

Doing Business in the Knowledge-Based Economy Louis A. Lefebvre, Elisabeth Lefebvre, Pierre Mohnen, 2012-12-06
On September 17 and 18 1998 a conference took place at Mont Tremblant on the theme Doing Business in a Knowledge Based Economy This conference brought together some hundred participants from government business and academia with backgrounds in business administration engineering public administration and economics to provide a multidisciplinary analysis of what has come to be known as the Knowledge Based Economy KBE The aim was to come up with suggestions and recommendations about how to do business in a knowledge based economy both at the firm level and at the government level All presenters were explicitly asked to conclude with policy recommendations The conference was sponsored by Industry Canada and organized by the Centre of Interuniversity Research on the Analysis of Organizations CIRANO The conference papers offered U S Canadian and European perspectives on the management of a knowledge based economy This volume is divided into three parts The papers in part I set the stage by describing the salient features of the KBE What is so special about it What are its economic underpinnings What are its technological characteristics Knowledge plays a crucial role in a KBE hence its name Whereas in the past growth was determined primarily by the availability of land natural resources labour and capital successively at the end of the twentieth century knowledge has become a if not the major factor of economic growth

The Politics of High Tech Growth Sean O'Riain, 2004-04-26 This book argues that beneath the Irish trade and foreign investment boom lies a more interesting story of regional innovation promoted by an alliance between the state and local technical communities This alliance was governed through a decentralized set of state institutions drawing on global and local economic and political resources This Developmental Network State has had a significant impact on the growth of Ireland's high tech cluster and is central to the emergence of an international network of global high tech regions from Silicon Valley to Ireland Taiwan and Israel The book provides a detailed study of the rise of the software industry in Ireland and of the state institutions and political conditions which promoted it It shows how new network state policies and institutions have been central to high tech regions elsewhere

The New World Trade Organization Agreements Christopher Arup, 2000-08-03 This insightful book assesses the impact of the WTO through the medium of two new multilateral agreements the General Agreement on Trade in Services GATS and the Agreement on Trade Related Aspects of Intellectual Property TRIPs It explains how these agreements push trade policies behind the border mediating conflicts between contrasting legalities and negotiating political and cultural as well as economic issues Detailed case studies address topics of global significance competition between different types of legal services ownership claims to the genetic codes of plants and animals and access to the content resources and technical facilities of the on line media With the Millennium Trade Round in the balance the book assesses the WTO's potential to move beyond laissez faire and provide support for

independent and alternative producers providers and users

The Wired Homestead Joseph Turow,Andrea L.

Kavanaugh,2003-06-06 Multidisciplinary essays on the effects of the internet on family life in particular parental oversight of children s use of the World Wide Web The use of the internet in homes rivals the advent of the telephone radio or television in social significance Daily use of the World Wide Web and e mail is taken for granted in many families and the computer linked internet is becoming an integral part of the physical and audiovisual environment The internet s features of personalization interactivity and information abundance raise profound new issues for parents and children Most researchers studying the impact of the internet on families begin with the assumption that the family is the central influence in preparing a child to live in society and that home is where that influence takes place In The Wired Homestead communication theorists and social scientists offer recent findings on the effects of the internet on the lives of the family unit and its members The book examines historical precedents of parental concern over new media such as television It then looks at specific issues surrounding parental oversight of internet use such as rules about revealing personal information time limits and web site restrictions It looks at the effects of the web on both domestic life and entire neighborhoods The wealth of information offered and the formulation of emerging issues regarding parents and children lay the foundation for further research in this developing field Contributors Robert Kraut Jorge Reina Schement Ellen Seiter Sherry Turkle Ellen Wartella and Barry Wellman
