Informe Brennan:

Informe Brennan Kathy Reichs, 2018-10-05 Un terrible accidente a reo ha dejado numerosos cadáveres en una zona boscosa de Carolina del Norte. Hasta allí se desplaza la antropóloga forense Temperance Brennan para identificar los restos mortales de las víctimas. Durante su arduo trabajo, la doctora descubre algo inesperado: un pie que no pertenece a ninguno de los pasajeros.

Informe Brennan Kathy Reichs, 2002-06 **Superpoblación carcelaria** Leonardo Pitlevnik, 2019-10-01 El libro analiza las cuestiones más acuciantes del actual sistema penitenciario argentino y latinoamericano: el hacinamiento de personas detenidas. Entre los focos de atención que marcaron esta obra estuvieron las derivaciones del fallo de la Suprema Corte de los EE.UU. *Brown vs Plata*, en el que ese tribunal ordenó al estado de California que llevara adelante una drástica disminución de su población carcelaria; el fallo *Verbitsky* de la Corte Suprema de Justicia de la Nación y el modelo de *habeas corpus* colectivo y correctivo; y el litigio estructural, las posibilidades y variantes de una ley de cupo, el estudio de casos específicos de superpoblación.

L'Appel de l'Océan Sawaën K., 2023-06-21 En qui croire lorsqu'on ne fait que traverser les couleurs de la réalité? Peindre les motions de la vie, plonger au cœur d'un maelstrom aux milles nuances, sentir sur sa peau les notes ensorcelantes du chant des mers. Entrevoir le monde travers un prisme aux facettes uniques. Kieran traverse son adolescence dans une multitude de filtres sensoriels qui l'amenent à voir par-delà la réalité. Et lorsque les bords de cette réalité s'estompent, il peut toujours compter sur ses proches pour le rattraper. Une ancre qui le stabilise dans ce monde naturel. Mais quand il est happé par une aura mystérieuse, il doit trouver une aide plus puissante: une aide surnaturelle.

Lunes de ceniza Kathy Reichs, 2019-03-28 En el sótano de una pizzería de Montreal han encontrado los esqueletos completos de tres mujeres jóvenes. La policía no está muy interesada en el hallazgo porque son huesos antiguos y podría tratarse de un crimen que ya ha prescrito. En cambio, la antropóloga forense Temperance Brennan sospecha que son mucho más recientes de lo que parece y ante un caso en el que se intuye un culpable despiadado, hará lo que sea para llegar hasta el final.

La cosecha del imperio / Harvest of Empire Juan González, 2022-10-18 Una historia arrolladora cuidadosamente revisada y actualizada de la experiencia latina en Estados Unidos. Es la primera reedición en diez años de este importante estudio sobre los latinos en la historia de Estados Unidos. La cosecha del imperio cubre un periodo de cinco siglos, desde las primeras colonias en el Nuevo Mundo hasta la primera década del nuevo milenio. Hoy en día los latinos representan el grupo minoritario más grande en Estados Unidos y su impacto en la cultura popular del país, desde la comida hasta el entretenimiento y la literatura, es más profundo que nunca. Con retratos de familia de pioneros latinos, migrantes así como recuentos de los eventos y condiciones que los llevaron a dejar sus patrias, *La cosecha del imperio* es una lectura obligada para cualquiera que desee comprender la historia y el legado de este grupo, cuya influencia va en aumento. Juan González, columnista del New York Daily News, ha vivido en Estados Unidos cincuenta de sus cincuenta y un años. Sus numerosos

reconocimientos incluyen el Premio George Polk en 1998 por la excelencia en el periodismo y el premio a su trayectoria de parte de la Academia Hispánica de Artes Médicas y Ciencias. Nacido en Puerto Rico, creció en un barrio de multifamiliares y fue cofundador del partido Young Lords en los años sesenta. Vive en la Ciudad de Nueva York.

Financial Development in Latin America and the Caribbean Augusto de la Torre, Alain Ize, Sergio L. Schmukler, 2011-11-30 During the 1980s and 1990s financial sectors were the Achilles heel of economic development in Latin America and the Caribbean. LAC Since then these sectors have grown and deepened becoming more integrated and competitive with new actors, markets and instruments springing up and financial inclusion broadening. To crown these achievements the region's financial systems were left largely unscathed by the global financial crisis of 2008-09. Now that the successes of LAC's macrofinancial stability are widely recognized and tested, it is high time for an in-depth stocktaking of what remains to be done.

Financial Development in Latin America and the Caribbean: The Road Ahead provides both a stocktaking and a forward-looking assessment of the region's financial development. Rather than going into detail about sector-specific issues, the report focuses on the main architectural issues, overall perspectives and interconnections. The report's value added thus hinges on its holistic view of the development process, its broad coverage of the financial services industry beyond banking, its emphasis on benchmarking, its systemic perspective and its explicit effort to incorporate the lessons from the recent global financial crisis.

Financial Development in Latin America and the Caribbean: The Road Ahead builds on and complements several overview studies on financial development in both LAC countries and the developing world that were published in the past decade. It will be of interest to policy makers and financial analysts interested in improving the financial sector in the LAC region.

Ningún hueso roto Kathy Reichs, 2014-07-18 En un yacimiento indio de Carolina del Sur, la antropóloga Tempe Brennan dirige unas prácticas arqueológicas en sustitución del profesor titular. Poco antes de finalizar el curso, uno de los estudiantes encuentra un esqueleto muy reciente entre las tumbas prehistóricas. Al ser también experta forense, Tempe accede a colaborar en la investigación policial para averiguar de quién es el cuerpo. Si hay algo que a la doctora Brennan se le da realmente bien es revelar los secretos de los muertos. El problema es que no es el único cadáver que se va a encontrar en el camino.

The 1984 Los Angeles Olympic Games Matthew Llewellyn, John Gleaves, Wayne Wilson, 2017-10-02 The 1984 Los Angeles Olympic Games stand as the most profitable and arguably the most important event in the history of the modern Olympic movement. Fresh off the back of the financially disastrous Montreal Games of 1976 and the politically controversial Moscow Games of 1980, the Olympic movement returned to the United States for the sixth time in an attempt to salvage the economic viability and global prestige of the Olympics. The Los Angeles Olympics proved to be both provocative and polarizing. On the one hand, they have been heralded as an overwhelming transformative success, ushering the Olympic movement into the modern commercial age. On the other hand, critics have repudiated the Games as a manifestation of commercial excess and a platform for western political and cultural propaganda. In conjunction with the 30th anniversary of the Los Angeles Olympics,

this volume examines their legacy With an international collection of contributing scholars this volume will span a range of global legacies including the increasing commercialization of the Games the changing participation of women the Communist boycott movement nationalism and sporting identity and the modernization and California cation of the Games This book was originally published as a special issue of the International Journal of the History of Sport **Psychological Perspectives**

on Understanding and Addressing Violence Against Children Scott L. Moeschberger, Laura E. Miller-Graff, 2023
Violence against children is one of the most significant widespread and preventable threats to human development in our world today Children are the future of our society and understanding and addressing violence against children is critical to building cultures and systems that promote a just and sustainable peace This edited volume aims to provide an integrative review of psychological research on violence against children from a global perspective Drawing from frameworks in both psychology and peace studies contributors focus on the psychological research across global settings to illustrate the nature and effects of violence against children in various settings and examine recommendations for prevention practice and policy

Swenson, 2018-11-15 Andean peoples recognize places as neither sacred nor profane but rather in terms of the power they emanate and the identities they materialize and reproduce This book argues that a careful consideration of Andean conceptions of powerful places is critical not only to understanding Andean political and religious history but to rethinking sociological theories on landscapes more generally The contributors evaluate ethnographic and ethnohistoric analogies against the material record to illuminate the ways landscapes were experienced and politicized over the last three thousand years Reframing the Transitional Justice Paradigm Jill Stockwell, 2014-01-29 This volume explores the evolving and complex memorial consequences of state sponsored violence in post dictatorial Argentina Specifically it looks at the power and significance of personal emotions and affects in shaping memorial culture This volume contends that we need to look beyond political and ideological contestations to a deeper level of how memorial cultures are formed and sustained It argues that we cannot account for the politics of memory in modern day Argentina without acknowledging and exploring the role played by individual emotions and affects in generating and shaping collective emotions and affects Drawing from direct testimony from Argentinian women who have experienced political and physical violence the research in this volume aims at understanding how their memories may be a different source of insight into the deep animosities within and between Argentine memorial cultures In direct contrast to the nominally objective and universalist sensibility that traditionally has driven transitional justice endeavours this volume examines how affective memories of trauma are a potentially disruptive
