Becoming Human Lance Lee, 2001-07-03 Lance Lee knows that Animals Places and the Past his past our pasts all have a part to play in *Becoming Human* The deer's soft eyes look at him he thinks of death In *The Light* at Vezelay he writes of Mary Magdalene Poker Faced he lied to his father at 12 Read all about it in this splendid new collection Lance Lee knows what it takes and proves it skillfully in *Becoming Human* Martin Bax Editor *Ambit* England's leading Arts Quarterly author *The Hospital Ship* Being male and keeping some balance of mind and heart is eloquently explored in Lance Lee's *Becoming Human* The years have planted multitudes in my heart he says and accepting adulthood's sorrows and corruptions while moving on with one's life is a continual step by small step act of heroism It is wonderful to read a poetry that does not fear to feel nor softens and delays the fierce depths of experience with mere agreeable anecdote or trendy nostalgia From the child in his crib to the boy running from the wolf beneath the stairs from desire's greed for beauty and solace to acknowledging the German and the Jew's joint contribution to his genetics Lee's poems ask that we attend to that continual interior warfare which is the stuff of humanity With his richly sensuous diction Lance Lee tackles head on questions of love with all its dignities of aspiration and indignities of the reflective divided self This is an honest book and one of the most passionate documents of the masculine heart around Our heroic insufficiencies are acknowledged and embraced This book moves from memory to landscape into Dante's mind across Italy and into Dachau *Becoming Human* is a rare book it takes time to savor and while the poet continually hungers the poems consistently nourish This is a book to read time and again it's grown up it's real uncompromising and very beautiful Pamela Stewart *The Red Window* *Infrequent Mysteries* What immediately draws me into this book is the urgency and honesty with which Lance Lee explores the self and its parameters He writes about childhood when a wolf lived beneath the stairs whose breath singed my legs before I leaped to the safety of the steps and of how when waking to terror at night I learned I was alone and became human He is deeply aware of family history his mixed gentile and Jewish background and he examines often through dream and vision his attitudes and feelings He looks unflinchingly at his own feral nature the bear that's my familiar stranger a desire to be powerful destructive taste pleasure and wild freedom There is too an extraordinary empathy with wildlife a celebration of it and the questioning of self and God the spirituality which underlies all this work is particularly moving in the nature poems *The Wheatfield* ends Joy is not peace or summer's gold but this swing between barren and bursting poles that makes me complete The energy of Lee's writing its sensuousness and passion is for me the true stuff of poetry He deserves to be much better known Nyra Schneider *Insisting on Yellow New and Selected Poems* *Panic Bird* [What Persists](#) Judith Kitchen, 2016 *What Persists* contains eighteen of the nearly fifty essays on poetry that Judith Kitchen published in *The Georgia Review* over a twenty five year span Coming at the genre from every possible angle this celebrated critic discusses work by older and younger poets most American but some foreign and many of whom were not yet part of the contemporary canon Her essays reveal a cultural history from the

dismantling of the Berlin Wall through 9 11 and the Iraq War and move into today's political climate They chronicle personal interests while they also make note of what was happening in contemporary poetry by revealing overall changes of taste both in content and in the use of craft Over time they fashion a comprehensive overview of the contemporary literary scene At its best What Persists shows what a wide range of poetry is being written by women men poets who celebrate their ethnicity poets who show a fierce individualism poets whose careers have soared promising poets whose work has all but disappeared

Vox Angelica Timothy Liu, 2019-10-01 In Liu's text the ascent the ecstatic apprehension of the divine he is a religious poet there are no two ways about it though perhaps there are twenty can be effected only by a demonic insistence upon abjection upon the descent He shrives himself and his poems show the marks of the lash they are the lash and his vision is naturalized to a degree that would astonish his predecessors that astonishes us This is a shocking poetry and the shock is not of recognition but of estrangement It makes an unfamiliar claim upon us the claim of apostasy Richard Howard from the forward

Born Bad Barry Hoffman, 2016-04-07 Three apparent suicides by co-eds at the same university seem tragic but not particularly frightening until the police receive a mysterious letter claiming responsibility for the deaths Suddenly the police and the university are caught up in a deadly game of cat and mouse as they try to stop the killer before another innocent victim dies Shanicha was born bad She was born with no compassion no remorse completely heartless Instead she's become a brilliant puppet master who plants the seeds of destruction then sits back to watch the evil she has wrought To Shanicha other people are merely pawns in her cruel game a game she plays to chilling perfection **Dublin Civic Week ...**

Metzger, 2019-07-01 **Deep History, Secular Theory** Luther Martin, 2014-05-21 Over the course of his career Luther H Martin has primarily produced articles rather than monographs This approach to publication has given him the opportunity to experiment with different methodological approaches to an academic study of religion with updates to and different interpretations of his field of historical specialization namely Hellenistic religions the subject of his only monograph 1987 The contents of this collected volume represent Martin's shift from comparative studies to socio-political studies to scientific studies of religion and especially to the cognitive science of religion He currently considers the latter to be the most viable approach for a scientific study of religion within the academic context of a modern research university The twenty-five contributions collected in this volume are selected from over one hundred essays articles and book chapters published over a long and industrious career and are representative of Martin's work over the past two decades **Children's Writers' & Artists' Yearbook 2023**
