Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1978 **Writing in the Devil's Tongue** Xiaoye You, 2010-01-29 Winner CCCC Outstanding Book Award Until recently American composition scholars have studied writing instruction mainly within the borders of their own nation rarely considering English composition in the global context in which writing in English is increasingly taught Writing in the Devil's Tongue challenges this anachronistic approach by examining the history of English composition instruction in an East Asian country Author Xiaoye You offers scholars a chance to observe how a nation changed from monolingual writing practices to bilingual writing instruction in a school setting You makes extensive use of archival sources to help trace bilingual writing instruction in China back to 1862 when English was first taught in government schools Treating the Chinese pursuit of modernity as the overarching theme he explores how the entry of Anglo American rhetoric and composition challenged and altered the traditional monolithic practice of teaching Chinese writing in the Confucian spirit The author focuses on four aspects of this history the Chinese negotiation with Anglo American rhetoric their search for innovative approaches to instruction students situated use of English writing and local scholarship in English composition Unlike previous composition histories which have tended to focus on institutional disciplinary and pedagogical issues Writing in the Devil's Tongue brings students back to center stage by featuring several passages written by them in each chapter These passages not only showcase rhetorical and linguistic features of their writings but also serve as representative anecdotes that reveal the complex ways in which students responding to their situations performed multivalent intercultural discourses In addition You moves out of the classroom and into the historical cultural and political contexts that shaped both Chinese writing and composing practices and the pedagogies that were adopted to teach English to Chinese in China Teachers students and scholars reading this book will learn a great deal about the political and cultural impact that teaching English composition has had in China and about the ways in which Chinese writing and composition continues to be shaped by rich and diverse cultural traditions and political discourses In showcasing the Chinese struggle with teaching and practicing bilingual composition Writing in the Devil's Tongue alerts American writing scholars and teachers to an outdated English monolingual mentality and urges them to modify their rhetorical assumptions pedagogical approaches and writing practices in the age of globalization *College*

Handbook of Composition Edwin Campbell Woolley, Frank William Scott, 1928 **National Union Catalog** ,1973 **A Bibliography and Critique of the Spanish Translations from the Poetry of the United States** Paul Thomas Manchester, 1927 **Perspectives on Plagiarism and Intellectual Property in a Postmodern World** Lise Buranen, Alice Myers Roy, 1999-01-01 Contributors offer many definitions and facets of plagiarism and intellectual property demonstrating that if defining a supposedly simple concept is difficult then applying multiple definitions is even harder creating practical problems in many realms **Guidebook to Academic Writing** Cornelia C. Paraskevas, Deborah F. Rossen-Knill, 2024-07-01 This innovative guidebook is an accessible and concise introduction to discipline specific academic language Using authentic texts written by both novice and expert writers and translating current corpus based research of academic language into a practical guide the book gives students the tools to navigate the linguistic features of various disciplines emphasizing the humanities and sciences but also discussing example texts from the social sciences Organised as 11 self contained questions that are critical to any discussion of academic language this guide provides specific information and detail regarding the language demands of each discipline explains the principles underlying punctuation the range of choices writers have and the effects of these choices on readers includes detailed linguistic guidance on how to construct effective paragraphs discusses the multiple ways attitude is expressed in academic texts includes information on citation practices With exercises and additional online resources this guidebook provides students with a range of tools they can choose from in order to create effective texts that meet discipline and reader expectations Accessibly written it is an essential guide for all students in humanities and sciences writing academic texts in English [Announcement of Correspondence Courses in the Extension Teaching Bureau](#) University of Texas. Division of Extension, 1927 *Composition-Rhetoric* Robert Connors, 1997-06-15 Connors provides a history of composition and its pedagogical approaches to form genre and correctness He shows where many of the today s practices and assumptions about writing come from and he translates what our techniques and theories of teaching have said over time about our attitudes toward students language and life Connors locates the beginning of a new rhetorical tradition in the mid nineteenth century and from there he discusses the theoretical and pedagogical innovations of the last two centuries as the result of historical forces social needs and cultural shifts This important book proves that American composition rhetoric is a genuine rhetorical tradition with its own evolving theria and praxis As such it is an essential reference for all teachers of English and students of American education **Catalog of Copyright Entries** ,1928 **Catalog of Copyright Entries.
