Page 2 of dust jacket      **Under the Bed of Heaven** Richard W. McCarty, 2021-12-01 Under the Bed of Heaven is a work of Christian ethics that examines how eschatology might reshape concepts of sexual morality With the rise of institutional Christianity in the Roman Empire Christian attitudes about sexual desire and activity were soon controlled by doctrines of virginity and celibacy or monogamous marriage for the sake of procreation These moral theologies aligned with a certain track of Christian eschatology which imagined the future resurrection of the body but without any corresponding sexual desires As a result traditional Christianity developed a preference for celibacy on earth to match the loss of sexual desire and activity in heaven making marriage and monogamy temporal goods only In recent years a few scholars of religion have challenged whether this vision of a sexless heaven is valid However they have not fully developed a vision of sex in heaven that might function to critique and reform Christian sexual ethics on earth Richard W McCarty explores scripture church teachings and different models of eschatology to offer a bold new conception of Christian sexual ethics that is inclusive of LGBTQ and heterosexual people both in and outside of monogamous configurations      *Heaven* Randy Alcorn, 2011-12-09 Over 1 Million Copies Sold Have you ever wondered What is Heaven really going to be like What will we look like What will we do every day Won t Heaven get boring after a while We all have questions about what Heaven will be like and after twenty five years of extensive research Dr Randy Alcorn has the answers In the most comprehensive and definitive book on Heaven to date Randy invites you to picture Heaven the way Scripture describes it a bright vibrant and physical New Earth free from sin suffering and death and brimming with Christ s presence wondrous natural beauty and the richness of human culture as God intended it This is a book about real people with real bodies enjoying close relationships with God and each other eating drinking working playing traveling worshiping and discovering on a New Earth Earth as God created it Earth as he intended it to be The next time you hear someone say We can t begin to image what Heaven will be like you ll be able to tell them I can Other than the Bible itself this may well be the single most life changing book you ll ever read Stu Weber This is the best book on Heaven I ve ever read Rick Warren Randy Alcorn s thorough mind and careful pen have produced a treasury about Heaven that will inform my own writing for years to come Jerry B Jenkins Randy does an awesome job of answering people s toughest questions about what lies on the other side of death Joni Eareckson Tada About the Author Randy Alcorn is an author and the founder and director of Eternal Perspective Ministries a nonprofit ministry dedicated to teaching principles of God s Word and assisting the church in ministering to unreached unfed unborn uneducated unreconciled and unsupported people around the world A New York Times bestselling author of over 50 books including

**as It Is in Heaven** Patricia Beattie Jung,2016-12-28 This work is part of a growing chorus of theological voices raised in support of erotic desire Although most theologians have concluded that there will be no experience of sexual desire and delight in the world to come Patricia Beattie Jung critically examines the historical traditions and biblical rationales for this teaching She defends an alternative claim that there will be a healed and glorified experience of sex in heaven based on a

compelling account of the Christian hope for bodily resurrection The first half of the work focuses on Christian foundations for the notion of sex in heaven while the second goes on to discuss some of the implications of those convictions for sex on earth Jung concludes with discussions of how best to nurture sexual delight on earth and how and why internet pornography fails in that regard     Recollections and Reconsiderations Margaret R. Miles, 2018-12-18 Several years before his death Augustine of Hippo reviewed his published works commenting on his purpose in writing each and correcting from his present perspective the mistakes he noticed Inspired by Augustine's *Retractationes* Miles's *Recollections and Reconsiderations* undertakes a similar project a critical review of almost fifty years of her publications Rereading and rethinking in chronological order effectively bonds life and thought into a corpus a body of work with consistent values and interests Such a review would be an illuminating project for any longtime scholar student both rewarding and humbling an exercise in self knowledge Informed by a lifetime of studying Christian traditions Miles concludes by describing both endemic problems with Christianity and what she sees is its essence and beauty     Sex After Death Leon Sampson Craig, 1976     **The Politics of Pleasure in Sexuality Education** Louisa Allen, Mary Lou Rasmussen, Kathleen Quinlivan, 2013-12-17 Pleasure and desire have been important components of the vision for sexuality education for over 20 years This book argues that there has been a lack of scrutiny over the political motivations that underpin research supportive of pleasure and desire within comprehensive sexuality education In this volume key researchers in the field consider how discourses related to pleasure and desire have been taken up internationally They argue that sexuality education is clearly shaped by specific cultural and political contexts and examine how these contexts have shaped the development of pleasure's inclusion in such programs Via such discussions this volume incites a re configuration of thought regarding sexuality education's approach to pleasure and desire     **Everything You Ever Wanted To Know About Heaven** Peter Kreeft, 2009-10-27 In the style of C S Lewis Kreeft provides an unexcelled look at the nature of Heaven that offers readers a refreshingly clear theologically sound and always fascinating glimpse of that undiscovered country Kreeft's engaging and informative account thoughtfully answers intriguing questions about heaven that speaks to the mind and heart     **Welcome to Heaven** Gregory Holloman, 2022-08-12 I write what I write and have written what I wrote not to establish some truth so that you may have something to create a belief around What I bring to the surface for your observation may damage the foundation upon which beliefs are built A belief requires there be a tiny element of truth involved A belief is superstitious in nature There are many truths located in books in libraries around the world They are waiting to be discovered to make a difference on the planet I assert that there have been only 5 major changes on the face of this planet under our sun in the last sixty thousand years and there is no difference to speak of The five major changes are Our cave dwelling Our fashion Our mode of transportation Our attempted means of communication Our ways of killing each other off I assert today that there is still man's inhumanity to man There are still wars and rumors of wars There are the rich there's the poor There is pestilence incurable disease and starvation There are

unscrupulous lawyers unethical doctors and corrupt politicians You still have dirty police officers and scandalous governments There have been preachers teachers scientists and men of vision There is incest hunger the homeless killings and rape There are spiritual minds paradise money entertainers battered families and religiousness It has been this way since recorded history My proof and evidence are in any history book and any bible This is not about another truth Neither is this for your agreement and or approval I write what I write and have written what I wrote to bring a new language to the surface for your observation This new language is not a language such as English or Spanish or German or any other language with a name This new language is the language of languages If language were a tool then this new language would be the tool of tools With this new language I will attach control levers knobs and buttons to the thing that has been driving us linguistic beings And the thing that has us doing what we do This has been dancing the dance of life for the last 4 4 billion years The thing that has us creating a world for ourselves today is a past conversation based on hope about having a better tomorrow instead of simply having an excellent day today Thanks for stopping by     **Alien Sex** Gerard Loughlin,2008-04-15 Gerard Loughlin is one of the leading theologians working at the interface between religion and contemporary culture In this exceptional work he uses cinema and the films it shows to think about the church and the visions of desire it displays Discusses various films including the Alien quartet Christopher Nolan s Memento Stanley Kubrick s 2001 A Space Odyssey and A Clockwork Orange Nicolas Roeg s The Man Who Fell to Earth and Derek Jarman s The Garden Draws on a wide range of authors both ancient and modern religious and secular from Plato to Levinas from Karl Barth and Hans Urs von Balthasar to Andr Bazin and Leo Bersani Uses cinema to think about the church as an ecclesiacinema and films to think about sexual desire as erotic dispossession as a way into the life of God Written from a radically orthodox Christian perspective at once both Catholic and critical     **"Hell Upon Earth" Made Heaven** George Washington Savory,1907     [The Oxford Handbook of Theology, Sexuality, and Gender](#) Adrian Thatcher,2015 The Oxford Handbook of Theology Sexuality and Gender presents an unrivalled overview of the theological study of sexuality and gender These topics are not merely contentious and pervasive they have escalated in importance within theology Theologians increasingly agree that even the very doctrine of God cannot be contemplated without a prior grappling with each Featuring 41 newly commissioned essays written by some of the foremost scholars in the discipline this authoritative collection presents and develops the latest thinking in these areas Divided into eight thematic sections the Handbook explores methodological approaches contributions from neighbouring disciplines sexuality and gender in the Bible and in the Christian tradition controversies within the churches and within four of the non Christian faiths and key concepts and issues The final extended section considers theology in relation to married people and families gay and lesbian people bisexual people intersex and transgender people disabled people and to friends This volume is an essential reference for students and scholars which will also stimulate further research
