Interconnection of the Wisdoms of Sages and Worthies The Ultimate Meaning of Dao De Jing Zhang Jiankun, **The Chinese Philosophy of Fate** Yixia Wei, 2017-10-19 This book is based on the study of the traditional Chinese philosophy and explores the relationship between philosophy and people's fate. The book points out that heaven is an eternal topic in Chinese philosophy. The concept of heaven contains religious implications and reflects the principles the Chinese people believed in and by which they govern their lives. The traditional Chinese philosophy of fate is conceptualized into the unification of Heaven and man. Different interpretations of the interrelationships between Heaven, man, and their unification mark different schools of the traditional Chinese philosophy. This book identifies 14 different schools of theories in this regard. And by analyzing these schools and theories, it summarizes the basic characteristics of traditional Chinese philosophy, compares the Chinese philosophy of fate with the Western one, and discusses the relationship between philosophy and man's fate.
