contains essays in honor of Victor Raskin The contributions are all directly related to some of the major areas of work in which Raskin s scholarship has spanned for decades The obvious connecting idea is the encyclopedic script based foundation of lexical meaning which informs his pioneering work in semantics in the 1970s and 1980s The first part of the book collects articles directly concerned with script based semantics which examine both the theoretical and methodological premises of the idea and its applications Script based semantics is the foundation of both Raskin s ground breaking work in humor research addressed by the articles in part 2 and in Ontological semantics addressed in part 3 the most recent development of script based semantics The fourth part is dedicated to a less known but equally important strand of Raskin s research the applications of linguistics to other fields including writing lexicography and professional applications e g tourism Overall the book provides and up to date in depth discussion of an influential strand of the discussion on semantics and its most recent developments and influence on other seemingly unrelated fields such as Cognitive Linguistics Film England Andrew Higson,2010-12-30 In a film business increasingly transnational in its production arrangements and global in its scope what space is there for culturally English filmmaking In this groundbreaking book Andrew Higson demonstrates how a variety of

Englishnesses have appeared on screen since 1990 and surveys the genres and production modes that have captured those representations He looks at the industrial circumstances of the film business in the UK government film policy and the emergence of the UK Film Council He examines several contemporary English dramas that embody the transnationalism of contemporary cinema from *Notting Hill* to *The Constant Gardener* He surveys the array of contemporary fiction that has been reworked for the big screen and the pervasive and successful Jane Austen adaptation business Finally he considers the period's diverse films about the English past including big budget Hollywood led action adventure films about medieval heroes intimate costume dramas of the modern past such as *Pride and Prejudice* and films about the very recent past such as *This is England* Non-Governmental Organizations and Development David Lewis, Nazneen Kanji, Nuno S.
