Hell's Interstate C.H. Foertmeyer, 2005-12-13 Hell's Interstate is an action packed crime novel about two desperate men traveling down the highway to Hell Financing their travels by robbing convenience stores along the Interstate the one predictable fact about their next robbery will be the fact that they will leave no witnesses Reed Haskell the ringleader knows how to rob a store and do it fast but what he doesn't know is that someone is watching his partner Vernon Sanger very closely Michael Smith an apparent vagrant they came in contact with one rainy night along the Interstate keeps showing up wherever they go and he is not shy about intervening in their business How he continues to appear and why he shows up when he does neither man has an answer to Although Vernon is curious about the man for some reason the otherwise unflappable Reed is quite unsettled by him Does Reed know more about Michael Smith than he's willing to admit or does he just suspect the purpose of Michael's persistent interference If Reed was truly in the dark as to Michael's identity and purpose he'd not have long to wait

REVIEWS a masterpiece in Omar Khayyam studies Jafar Aghayani Chavoshi Ph D University of Paris 1997 Professor of Philosophy of Science at Sharif University of Technology Tehran Iran specializing in Philosophy Epistemology and History of Mathematics and Science and in Omar Khayyam Studies From his Foreword to the last book of the Omar Khayyam s Secret series Tamdgidi having taken his readers through the first eleven books of his Omar Khayyam s Secret series in book twelve consistent with good teaching offers an overview of what had already been covered by the series as he does in each of its successive books He does more He discusses the scientific requirements for the study of Khayyam s biography and then he proceeds to depict the new findings of the series that make possible a textually and historically more reliable biography for Khayyam Both with distinction he has achieved The series is a most admirable example of teaching at its best Tamdgidi is but an expert guide in a journey of joint learning and teaching nowhere except in the concluding book including his notes on the biography of Omar Khayyam is it conclusory He patiently anticipates and works with the reader to grapple with issues so there are common discoveries At times he and his readers are detectives with moments of sudden insights realizations and inspiration Indeed for this reader who was exposed at an early age to Khayyam through the work of Edward FitzGerald encountering this series was like the astronauts who experienced seeing the Earth for the first time from outer space It was nothing I could have imagined from prior experience Every college library should at least secure a copy of the last synoptic volume of the series and every research library should have the entire series as one of its prized acquisitions and holdings The claim or assertion respecting the likely longevity of the series and its importance to libraries and by implication scholars is not made lightly and it is in no way an exaggeration A study of its methodology its findings the significance of those findings for the universe of learning of the skills dedication and sacrifices the author brought to bear on the work and of the approach observed to help readers grapple with and understand what is being disclosed attests a rich body of corroborating testimony to the assertion
