The Play World Patricia Anne Simpson, 2020-09-21 The Play World chronicles the history and evolution of the concept of play as a universal part of childhood Examining texts and toys coming out of Europe between 1631 and 1914 Patricia Anne Simpson argues that German material literary and pedagogical cultures were central to the construction of the modern ideas and realities of play and childhood in the transatlantic world With attention to the details of toy manufacturing and marketing Simpson considers prescriptive texts about how children should play treat their possessions and experience adventure in the scientific exploration of distant geographies She illuminates the role of toys among them a mechanical guillotine yo yos hybridized dolls and circus figures as agents of history Using an interdisciplinary approach that draws from postcolonial childhood and migration studies she makes the case that these texts and toys transfer the world of play into a space in which model childhoods are imagined and enacted as German With chapters on the Protestant play ethic enlightened parenting Goethe as an advocate of play colonial fantasies children's almanacs ethnographic play and an empire of toys Simpson's argument follows a compelling path toward understanding the reproduction of religious gendered ethnic racial national and imperial identities emanating from German speaking Europe that collectively construct a global imaginary This foundational and deeply original study connects German speaking communities across the Atlantic as they collectively engender the epistemology of the play world It will be of particular interest to German studies scholars whose research crosses the Atlantic

The Weird Sister Collection Marisa Crawford, 2024-02-13 Collecting the best of the underground blog Weird Sister these unapologetic and insightful essays link contemporary feminism to literature and pop culture Launched in 2014 Weird Sister proudly staked out a corner of the internet where feminist writers could engage with the literary and popular culture that excited or enraged them The blog made space amid book websites dominated by white male editors and contributors and also committed to covering literary topics in depth when larger feminist outlets rarely could Throughout its decade long run Weird Sister served as an early platform for some of contemporary literature s most

striking voices naming itself a website that speaks its mind and snaps its gum and doesn't apologize Edited by founder Marisa Crawford The Weird Sister Collection brings together the work of longtime contributors such as Morgan Parker Christopher Soto Soleil Ho Juli n Delgado Lopera Virgie Tovar Jennif f er Tamayo and more alongside new original essays Offering nuanced insight into contemporary and historical literature in conversation with real life and timely social issues these pieces mark a transitional and transformative moment in online and feminist writing *Playing with the Grown-ups* Sophie Dahl,2009-02-10 Kitty loves living at the isolated Hay House with her doting grandparents but it cannot provide the adventure and excitement that her restless bohemian mother Marina craves When a guru sees Marina's future in New York Kitty is torn from her home and bounced from place to place first a colorless boarding school then an American ashram and finally back to an unfamiliar England But soon no god man or martini can staunch Marina's hunger for a happiness that proves all too elusive And Kitty turning fifteen must choose whether to play dangerous games with the grown ups or put herself first With this witty and poignant debut novel Sophie Dahl ably carries on the literary legacy of her grandfather the beloved children's book author Roald Dahl **Further Family Lessons** Steven H. Propp,2014-12-31 It's three years later and the grandkids are growing but so are the life challenges they face Some of them are dealing with the additional issues created by attending junior high and high school They're playing football and basketball participating in cheerleading competitions building castles and dioramas for school projects attending birthday parties and swim parties making and revising their Christmas Lists and generally keeping their parents and grandparents busy with all of their activities and interests There are more and more things they need to learn how to do such as multiplication and division how to ride a skateboard or a bike how to bake cookies how to swim without touching the bottom of the pool how to play the guitar how to compute the tip to leave at a restaurant how to download games and apps to a new mobile device and much more The questions they pose for Papa and Nana are getting more complex too Beginning with simpler questions like Do whales eat people Can vampires come in the house if they're not invited and Is that a boy fish or a girl fish they progress to more complex inquiries such as Can animals talk Do other planets have days like we do Do you believe in global warming What's it like to be an adult What do you think about the Big Bang and Do you believe in God Whether they're going to the Zoo hosting a video game party deciding which music video to watch first visiting Papa at work trying to cross a muddy path in the Nature Walk reading a popular series of books posting pictures on social media websites dancing a Zumba workout or making a Father's Day card the activities and mishaps recounted in this book may help you to better appreciate the joy wonder and beauty of young people and reinforce your belief in the ultimate and indispensable value of FAMILY *My Gender Workbook* Kate Bornstein,2013-06-19 Gender isn't just about male or female anymore if you have any doubts just turn on your television RuPaul is as familiar as tomato ketchup with national radio and television shows and transgendered folk are as common to talk shows as screaming and yelling But if the popularization of gender bending is revealing that male

and female aren't enough where are we supposed to go from here Cultural theorists have written loads of smart but difficult to fathom texts on gender but none provide a hands on accessible guide to having your own unique gender With *My Gender Workbook* Kate Bornstein brings theory down to Earth and provides a practical approach to living with or without a gender Bornstein starts from the premise that there are not just two genders performed in today's world but countless genders lumped under the two gender framework Using a unique deceptively simple and always entertaining workbook format Bornstein gently but firmly guides you to discover your own unique gender identity Whether she's using the USDA's food group triangle to explain gender or quoting one liners from real gender transgressors Bornstein's first and foremost concern is making information on gender bending truly accessible With quizzes and exercises that determine how much of a man or woman you are *My Gender Workbook* gives you the tools to reach whatever point you desire on the gender continuum Bornstein also takes aim at the recent flurry of books that attempt to naturalize gender difference and puts books like *Men are from Mars Women are from Venus* squarely where they belong on Uranus If you don't think you are transgendered when you sit down to read this book you will be by the time you finish it

Pink Globalization Christine R. Yano, 2013-04-29 In *Pink Globalization* Christine R. Yano examines the creation and rise of Hello Kitty as a part of Japanese Cute Cool culture Yano argues that the international popularity of Hello Kitty is one aspect of what she calls pink globalization the spread of goods and images labeled cute kawaii from Japan to other parts of the industrial world The concept of pink globalization connects the expansion of Japanese companies to overseas markets the enhanced distribution of Japanese products and the rise of Japan's national cool as suggested by the spread of manga and anime Yano analyzes the changing complex of relations and identities surrounding the global reach of Hello Kitty's cute culture discussing the responses of both ardent fans and virulent detractors Through interviews Yano shows how consumers use this iconic cat to negotiate gender nostalgia and national identity She demonstrates that pink globalization allows the foreign to become familiar as it brings together the intimacy of cute and the distance of cool Hello Kitty and her entourage of marketers and consumers wink giddily suggesting innocence sexuality irony sophistication and even sheer happiness Yano reveals the edgy power in this wink and the ways it can overturn or at least challenge power structures
