Parallax View Keith Brooke and Eric Brown,2020-01-18 Both authors shortlisted for the 2013 Philip K Dick Award The stories in this collection are among the best science fiction These are stories imbued with a rich intelligence and a deep sense of humanity These are mature stories tales of love and loss of pleasure and pain Cherish them from the foreword by Stephen Baxter Parallax View showcases In Transit written specially for this collection a novella set in a future war torn universe in which human expansion has come up against the implacable Kryte Xeno psychologist Abbott finds himself the guardian of a deadly Kryte on a mission to study it on his return to Earth When they crash land on the fortress planet of St Jerome the Kryte prisoner turns the tables and takes Abbott into terrible custody What follows is a terrifying journey across a hellish landscape towards a finale that might change the destiny of the Kryte and humanity forever Plus six other stories that examine the interface between human and alien a parallax view from two of Britain s top science fiction writers both shortlisted for the 2012 Philip K Dick Award Among Others Jo Walton,2011-01-18 Winner of the 2011 Nebula Award for Best Novel Winner of the 2012 Hugo Award for Best Novel Startling unusual and yet irresistibly readable Jo Walton s Among Others is at once the compelling story of a young woman struggling to escape a troubled childhood a brilliant diary of first encounters with the great novels of modern fantasy and SF and a spellbinding tale of escape from ancient enchantment Raised by a half mad mother who dabbled in magic Morwenna Phelps found refuge in two worlds As a child growing up in Wales she played among the spirits who made their homes in industrial ruins But her mind found freedom and promise in the science fiction novels that were her closest companions Then her mother tried to bend the spirits to dark ends and Mori was forced to confront her in a magical battle that left her crippled and her twin sister dead Fleeing to her father whom she barely knew Mori was sent to boarding school in England a place all but devoid of true magic There outcast and alone she tempted fate by doing magic herself in an attempt to find a circle of like minded friends But her magic also drew the attention of her mother bringing about a reckoning that could no longer be put off Combining elements of autobiography

with flights of imagination in the manner of novels like Jonathan Lethem's *The Fortress of Solitude* this is potentially a breakout book for an author whose genius has already been hailed by peers like Kelly Link Sarah Weinman and Ursula K Le Guin One of School Library Journal's Best Adult Books 4 Teens titles of 2011 One of io9's best Science Fiction Fantasy books of the year 2011 At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied
