Gestures of Music Theater Dominic Symonds, Millie Taylor, 2014-02

Gestures of Music Theatre The

Performativity of Song and Dance offers new cutting edge essays focusing on song and dance as performative gestures that not only entertain but also act on audiences and performers. The chapters range across musical theatre, opera theatre and other artistic practices from Glee to Gardzienice, Beckett to Disney Broadway to Turner Prize winning sound installation. The chapters draw together these diverse examples of vocality and physicality by exploring their affect rather than through considering them as texts. The book's contributors derive methodologies from many disciplines. Resisting discrete discipline based enquiry, they share methodologies and performance repertoires with discipline based scholarship from theatre studies, musicology and cultural studies amongst other approaches. Together they view these as neighboring voices whose dialogue enriches the study of contemporary music theatre.

Hidden Tibet Sergius L. Kuzmin, 2011-01-01

Tibet is a land of mysteries. It is not only about religion and occultism; its history remains largely hidden. This book disproves some of the erroneous views on the history and religion of the Tibetans. Tibet has never been a part of China. At the time when China was an inalienable part of the Mongolian Yuan Empire and Manchu Qing Empire, Tibet was a separate country dependent on the Mongol and Manchu emperors but never lost its statehood. A widespread view that Tibet was an integral part of neighboring empires is related to an ancient Chinese concept of the emperor's universal power. Chinese claims to the legacy of the Mongol and Manchu empires are unfounded. Incorporating the name of the state into the dynasty of China concept ties sovereign states of other nations to Chinese dynastic history. The inclusion of Tibet into the People's Republic of China was not legitimate. Tibet is an occupied country. This book traces the history of Tibetan statehood from ancient times to our days, describes the life of the Tibetans at the times of Feudalism and Socialism, the coercive inclusion of Tibet into People's Republic of China, the suppression of the national liberation movement, the Cultural Revolution and subsequent reforms. Many
