**Identity, Ritual and State in Tibetan Buddhism** Martin A. Mills,2013-11-05 This is a major anthropological study of contemporary Tibetan Buddhist

monasticism and tantric ritual in the Ladakh region of North West India and of the role of tantric ritual in the formation and maintenance of traditional forms of state structure and political consciousness in Tibet. Containing detailed descriptions and analyses of monastic ritual, the work builds up a picture of Tibetan tantric traditions as they interact with more localised understandings of bodily identity and territorial cosmology to produce a substantial re-interpretation of the place of monks as ritual performers and peripheral householders in Ladakh. The work also examines the central and indispensable role of incarnate lamas such as the Dalai Lama in the religious life of Tibetan Buddhists.

**Indian Antiquary**, 1900. At a time when each Society had its own medium of propagation of its researches in the form of Transactions, Proceedings, Journals etc, a need was strongly felt for bringing out a journal devoted exclusively to the study and advancement of Indian culture in all its aspects. This encouraged Jas Burgess to launch the Indian antiquary in 1872. The scope was in his own words as wide as possible, incorporating manners and customs, arts, mythology, feasts, festivals and rites, antiquities and the history of India. Another laudable aim was to present the readers abstracts of the most recent researches of scholars in India and the West. Indian antiquary also dealt with local legends, folklore, proverbs etc. In short, Indian antiquary was entirely devoted to the study of MAN, the Indian in all spheres.

introduction to facsimile volumes published 1985. ***The Dalai Lama and the Emperor of China*** Peter Schwieger, 2015-03-31. A major new work in modern Tibetan history, this book follows the evolution of Tibetan Buddhism's tulku reincarnation tradition from the seventeenth to the nineteenth centuries along with the Emperor of China's efforts to control its development. By illuminating the political aspects of the tulku institution, Schwieger shapes a broader history of the relationship between the Dalai Lama and the Emperor of China as well as a richer understanding of the Qing Dynasty as an Inner Asian empire, the modern fate of the Mongols and current Sino-Tibetan relations. Unlike other pre-twentieth century Tibetan histories, this volume rejects hagiographic texts in favor of diplomatic, legal and social sources held in the private monastic and bureaucratic archives of old Tibet. This approach draws a unique portrait of Tibet's rule by reincarnation while shading in peripheral tensions in the Himalayas, eastern Tibet and China. Its perspective fully captures the extent to which the emperors of China controlled the institution of the Dalai Lamas, making a groundbreaking contribution to the past and present history of East Asia.

**Lhasa in the Seventeenth Century** Françoise Pommaret, 2021-08-04. This is the story of the rise of Lhasa before 1642, a small town renowned for its Jokhang temple and its three large 15th century Gelukpa monasteries. The political victory of the Gelukpa changed its destiny and it was the Fifth Dalai Lama who made Lhasa into the centre of the Tibetan world with an influence reaching into Mongolia and Ladakh. It became a true capital with prestigious monuments and the Potala Palace as its focus and symbol. Based on Tibetan and Western sources, the book provides a fascinating study of the history of Lhasa against the background of the triangular relations Tibetans, Mongols, Manchus. With ample attention for 17th century Lhasa's historical, political and cultural context, it offers new insights on Lhasa also in the last chapter in its contemporary Chinese framework.
