Hidden Intercourse Wouter J. Hanegraaff, Jeffrey Kripal, 2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries

Embodying Argentina Nancy Hanway, 2010-07-27 In 2001 Argentina faced its most serious economic crisis in years At this turbulent time in Argentina's history the question What is argentinidad is more important than ever The

symbols of Argentina's national culture that are now revered came about during another time of economic and political unrest in the second half of the nineteenth century and were captured by writers who understood authorship as a political matter. This book examines Argentine literary narratives from 1850 to 1880 including *Amalia* 1851 by Jose Marmol, *Recuerdos de provincia* 1850 by Domingo Faustino Sarmiento, *Una excursion a los indios ranqueles* 1870 by Lucio V Mansilla and Martin Fierro 1872 1879 by Jose Hernandez and the changing relationship between ideas of citizenship, the body and national space. The author argues that in each of the literary narratives she discusses the ideas embodied by the emblematic citizen are articulated clearly in scenes in which the relationship between the gendered body and concepts of nation, space, the spaces, lands or territories where struggles over national identity are represented comes into play. The work of Rosa Guerra and Eduarda Mansilla de Garcia, who do not have canonical status but were widely read in their time and dealt with the colonial era myth of the first white women held captive by native Argentines, is also explored.

Victorian Women Travellers in Meiji Japan Lorraine Sterry, 2009-01-29 This volume complements other published works about travel by nineteenth century women writers by locating and creating space for Japan which is missing within recent critical discourses on travel writing It examines the narratives of women writers who travelled to Japan from the mid 1850s onwards when Japan was first opened to the West and became a highly desirable travel destination for decades thereafter Many women travelled in this period and although most left no record of their journeys enough did to form a discrete body of literature spanning more than fifty years from the end of the feudal Tokugawa era to the rise of Meiji Japan as a world power Their narratives about Japan occupy a culturally significant place not only in the genre of Victorian female travel writing but in Victorian travel writing per se The writers who are the subject of this book are divided into two groups those who were travellers by intent namely Anna D A Alice Frere Annie Brassey Isabella Bird and Marie Stopes and those who travelled by default as the wives of diplomats namely Mrs Pemberton Hodgson Mrs Hugh Fraser and Baroness Albert d Anethan
